**Polk-Jackson-Perry Fire District (Ashland) Contract Coverage**

BWC approved $10,030 to purchase a chest compression unit and batteries to reduce the risk of injury to the wrist, neck, shoulders, and hands and back related to awkward posture, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will be used to improve the manual chest compression process. Polk-Jackson-Perry Fire District provides Fire and Emergency Medical Services to its’ residence.

**AFP Distributors Inc dba Southeast Beverage Co (Athens) Commercial**

BWC approved $5,113 to purchase fifteen self-stabilizing hand trucks and fifteen standard hand trucks to reduce the risk of injury to back, shoulders, and knees due to lifting, pushing, pulling, repetitive motion, slips, trips, and falls. The purpose of the intervention is to reduce injuries that result from the excessive handling of products. AFP Distributors Inc delivers beer, wine, and non-alcoholic beverages to chain and independently owned stores, restaurants, and bars, as well as schools, universities, and venues.

**City of Wapakoneta (Auglaize) Cities**

BWC approved $19,119 to purchase two chest compression systems to reduce the risk of injury to back, shoulders, neck, arms, eyes, and lower extremities due to bending, twisting, awkward postures, and repetitive motion. This intervention will reduce the repetitive motion associated with CPR. The Wapakoneta Fire EMS is an agency which is the primary provider of fire, rescue, emergency medical and other lift safety/technical rescue services for the City of Wapakoneta.

**Miller’s Textile Services Inc (Auglaize) Service**

BWC approved $4,152 to purchase six bulk containers and folding garment racks to reduce the risk of injury to back, shoulders, neck, hands, and lower extremities due to hand intensive work, lifting, pushing, pulling, slips, trips, and falls. The purpose of the intervention is to reduce the amount of hand carrying of product during the loading / unloading process. Miller’s Textile Services Inc is a laundry service providing uniforms, hospital linen, restaurant linen, mats, paper, and janitorial products.

**Lithko Restoration Technologies LLC (Butler) Construction**

BWC approved $40,000 to purchase two Positioner-Actuator-Manipulator (P.A.M) Machines to reduce the risk of injury to head, back, neck, shoulders, and arms due to working with equipment while holding it overhead. The purpose of the intervention is to remove the worker from the direct work area and allow workers to operate the intervention without the risk of debris falling from overhead and reduce the risk of injury associated with holding equipment overhead. Lithko Restoration Technologies LLC is a full service specialty contracting organization, with focus on structural concrete restoration, industrial floor systems, and building façade restoration and maintenance.

**Miami Machine Corp. (Butler) Manufacturing**

BWC approved $13,387 to purchase a radio controlled system for overhead cranes to reduce the risk of injury to the wrists, elbows, shoulders, neck hands, back, legs related to hand force, repetitive motion, frequent lifting, awkward posture, contact stress and manual material handling frequency. This intervention will improve the machining, assembly welding, shipping and receiving processes. Miami Machine Corp. is a designer and manufacture of large process equipment for different industries.
717 Inc (Cuyahoga) Manufacturing
BWC approved $33,279 to purchase a washout machine and an automatic coater to reduce the risk of injury to the hands, wrists, shoulders, arms and lower extremities related to repetitive motions, awkward postures, hand force, manual materials handling frequency and push pull moderate load. This intervention will improve the screen making process. 717 Inc is a contract screen printing company specializing in high quality textile/garment printing and heat transfers.

A Bee C Service Inc (Cuyahoga) Construction
BWC approved $14,165 to purchase one scissor lift to reduce the risk of injury related to awkward postures, twisting, slips, trips, bending, and fall from heights. The purpose of the intervention is to reduce the use of ladders while providing necessary maintenance and repairs. A Bee C Service Inc is an HVAC and industrial cleaning company which specializes in duct and kitchen exhaust system cleaning.

Algart Health Care Inc. (Cuyahoga) Service
BWC approved $8,206 to purchase 50 patient lift devices, 50 mount clips and five straps to reduce the risk of injury to hands, wrists, back and legs related to hand force, awkward postures, kneeling, twisting, bending, repetitive motion, lifting and contact stress. This intervention will improve the patient lifting process. Algart Health Care is a long-term care nursing facility, which provide care to 109 residents.

Bright Ideas Press LLC (Cuyahoga) Commercial
BWC approved $8,752 to purchase two carton sealers and three spring level loaders to reduce the risk of injury to back, neck, shoulders, arms, hands, and lower extremities due to contusions, cuts, hand intensive work, lifting, pushing, pulling, repetitive motion, slips, trips, and falls. The purpose of the intervention is to reduce the need to manually handle heavy stacks and boxes of books. Bright Ideas Press LLC writes, prints, and ships consumable supplementary texts in common core subjects for kindergarten through eighth grade students.

Fairview Park (Cuyahoga) Cities
BWC approved $4,113 to purchase one manhole cover dolly, two power lift magnets, and one manhole electric power arm system to reduce the risk of injury to back, hands, and legs due to cuts, hand intensive work, lifting, pushing, pulling, slips, trips, and falls. The purpose of the intervention is to eliminate the need for employees to manually move manhole covers. The Fairview Park Service Department is responsible for sewer work, cemetery maintenance, streets, snow plowing, tree trimming, tree planting, maintenance of all municipal buildings, maintenance of all city vehicles, and leaf collection.

NPA Coatings Inc dba Seibert Power Coatings (Cuyahoga) Manufacturing
BWC approved $26,940 to purchase a single grinder trolley hoist and stands to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to hand force, awkward postures, contact stress and push pull heavy loads. This intervention will be used to improve the manual supersack maneuvering process. Seibert Power Coatings manufactures automotive coatings.

Bensen Fire & Safety Consulting LTD (Delaware) Service
BWC approved $13,523 and one air-tow trailer and one remote control winch to reduce the risk of injury to back, shoulders, neck, hands, arms, and lower extremities due to contusions, cuts, hand intensive work, lifting, pushing, pulling, repetitive motion, slips, trips, and falls. The purpose of the intervention is to mechanically move and transport material and equipment and reduce the amount of manual handling of materials needed for training or for investigations. Bensen Fire & Safety Consulting LTD provides fire safety training and investigation.
City of Sandusky (Erie) Cities
BWC approved $40,000 to purchase four powered cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting. The Sandusky Fire Department is a full service fire department. The Sandusky Fire department provides Fire, Advanced Life Support, Basic Life Support and Technical Rescue to its’ residence.

A Display Service Corp (Franklin) Manufacturing
BWC approved $40,000 to purchase one automated CNC router to reduce the risk of injury to back, shoulders, arms, hand, and lower extremities due to contusions, cuts, hand intensive work, lifting, pushing, and pulling. The proposed intervention will reduce injury as employees will no longer have to reach into the table to load and flip parts or change bits and will reduce exposure to airborne dust. A Display Service Corp manufactures custom cabinetry for commercial clients such as hospitals, schools, retail establishments, and banks.

Hamilton Safe Products Co Inc. (Franklin) Service
BWC approved $36,615 to purchase two air tow trailers to reduce the risk of injury to the hands, shoulder wrists fingers, back and legs related to awkward postures, contact stress, repetition, hand force, push pull moderate/heavy load and manual materials handling. This intervention will improve the bank equipment installation process. Hamilton Safe Products Co., Inc. sells and services Bank equipment.

Ohio Transmission Corp. dba Airtech LLC (Franklin) Commercial
BWC approved $40,000 to purchase an straddle carrier to reduce the risk of injury to the upper and lower extremities related slips, trips, pinch points, fall from heights, struck by, strains and sprains. This intervention will be used to improve the loading, unloading, assembling and moving of modules process. AirTechnologies sells and services air compressor and sells air as a utility.

Rain One Inc (Franklin) Construction
BWC approved $40,000 to purchase two mini skid steers with attachments to potentially reduce the risk of injury to shoulders, back, and knees due to lifting, carrying, bending, twisting, and repetitive motion. The purpose of the intervention is to reduce the amount of manual labor associated with landscaping and systems installation, maintenance and repairs. Rain One Inc is a full-service irrigation company providing residential and commercial irrigation installation, drainage systems installation, backflow testing, well services, lighting systems, lawn aeration, systems maintenance, and repair.

Hamden Volunteer Fire Dept Inc (Geauga) High Risk Commercial/Service
BWC approved $40,000 to purchase two power cots, two power load systems, and two casualty floor mounts to reduce the risk of injury related to repetitive motion, and manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting. The Hamden Fire Department provides fire suppression, prevention, and emergency medical services to the residents of Hamden Township.
**Guernsey County Commissioners (Guernsey) Counties**
BWC approved $20,821 to purchase a bathing unit, shower chair and patient mover to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, kneeling, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will be used to improve the bathing process. Guernsey County Commissioners provides activities of daily living to the elderly which includes total care of bathing, feeding, toileting and anything else they would need on a daily basis.

**Frank Builders Company Inc (Hamilton) Construction**
BWC approved $28,452 to purchase one mini track loader, one stand on platform, one standard tooth bucket, one set adjustable forks, one concrete breaker, and one lift gate to reduce the risk of injury to back, shoulders, neck, knees, hands, elbows, feet, and legs due to contusions, cuts, hand intensive work, lifting, pushing, pulling, repetitive motion, slips, trips, and falls. The intervention will make the jobs less physically straining on the employee's and will reduce the amount of lifting and manual material handling. Frank Builders Company Inc specializes in residential and commercial flat work concrete, concrete sealing, and dry stack walls.

**Woodward Construction Inc (Hamilton) Construction**
BWC approved $12,724 to purchase two rotating lasers with wall mounts, two rotary hammers, one combi hammer, two breakers, two electric saws, two laser range meters, and one diamond cutter dustless package to reduce the risk of injury to the wrist, neck, shoulders, hands, and back related to awkward posture, twisting, bending, repetitive motion, lifting, trips, shock, and electrocution. The purpose of the intervention is to implement cordless tools, thus eliminating the shock and tripping hazards that could be caused by power cords. Woodward Construction is a general contractor specializing in commercial and industrial tenant finish.

**Nissen & Sons Inc dba Overhead Door Co of Findlay (Hancock) Construction**
BWC approved $11,937 to purchase one scissor lift to reduce the risk of injury related to awkward postures, twisting, slips, trips, bending, and fall from heights. The purpose of the intervention is to reduce the use of ladders while providing necessary maintenance and repairs. Nissen & Sons Inc dba Overhead Door Co of Findlay specializes in commercial and residential sales, service, and installation of overhead doors.

**Stearns Companies LLC dba Dick’s Towing (Hancock) Commercial**
BWC approved $11,568 to purchase five lift gates to reduce the risk of injury to back, shoulders, neck, knees, hands, elbows, feet, and legs due to contusions, cuts, hand intensive work, lifting, pushing, pulling, repetitive motion, slips, trips, and falls. The intervention will make the jobs less physically straining on the employee's and will reduce the amount of lifting and manual material handling. Stearns Companies LLC dba Dick's Towing provides roadside service, repair, towing, and accident recovery services for passenger and commercial vehicles.

**Troy Built Building Corp. (Hancock) Construction**
BWC approved $29,700 to purchase a scissor lift to reduce the risk of injury to the hands, wrists, shoulders, arms, fingers and lower extremities related to awkward postures, contact stress, push/pull heavy load, repetition, manual materials handling heavy load and fall from heights. This intervention will be used to improve the multiple skilled field crew processes. Troy Built Building Corporation produces custom designed post frames buildings.
City of Willard (Huron) Cities
BWC approved $29,710 to purchase one power cot with accessories and one power load system to reduce the risk of injury related to repetitive motion, and manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting. The Willard Fire Department delivers fire and EMS to the residents of the City of Willard.

Jason Rawson Trucking (Jefferson) Transportation
BWC approved $20,756 to purchase three dollies, two anti freeze handlers, a component jack, wheel lift, transmission jack, adapters and a crane to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, repetition, twisting, lifting, contact stress, hand force, push/pull heavy load and manual material handling load/frequency. This intervention will be used to improve the vehicle repair process. Jason Rawson Trucking is a trucking company that hauls for First Energy and Nation Lime & Stone.

Sue Ellen Rawson dba S & E Enterprises (Jefferson) Transportation
BWC approved $22,031 to purchase three dollies, two anti freeze handlers, a component jack, oil handler, wheel lift, lift gate, jib hoist and a crane to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, repetition, twisting, lifting, contact stress, hand force, push/pull heavy load and manual material handling load/frequency. This intervention will be used to improve the vehicle repair process. S & E Enterprises is a trucking company that hauls for First Energy.

Matesich Distributing Co (Licking) Commercial
BWC approved $24,001 to purchase three lift gates and one electric pallet truck to potentially reduce the risk of injury to back, neck, shoulders, arms and lower extremities due to the repetitive motion of lifting, reaching, bending, pushing, and pulling. In addition, there is additional slip and fall hazards caused by moving product in rain, snow, and ice across parking lots. The purpose of the intervention is to reduce injuries that result from the excessive handling of products. Matesich Distributing is a beverage distributor, delivering product to 10 different counties in the Central and Southeastern parts of Ohio.

Avon Local School District (Lorain) Schools
BWC approved $13,777 to purchase one scissor lift to reduce the risk of injury related to awkward postures, twisting, slips, trips, bending, and fall from heights. The purpose of the intervention is to reduce the use of ladders while providing necessary maintenance and repairs. Avon Local School District maintains 7 school buildings and 1 transportation facility.

South Shore Electrics Inc (Lorain) Construction
BWC approved $11,721 to purchase two wire pullers and one conduit adapter to reduce the risk of injury to back, shoulders, knees, hands, and lower extremities due to contusions, cuts, lifting, pushing, pulling, slips, trips, and falls. The purpose of the intervention is to reduce the amount of manual, physical force needed to pull wires. South Shore Electrics Inc. performs industrial, commercial, retail, and service electrical work.

North West Electrical Contracting Inc (Lucas) Construction
BWC approved $34,216 to purchase a scissor lift to reduce the risk of injury or strain to the upper and lower extremities related to repetitive motion, awkward postures and fall from heights. This intervention will improve the conduit and wire installation process. Northwest Electrical Contracting Inc. is a privately-owned corporation with headquarters in Holland, Ohio which began in 1985 and provides electric and telecommunication services throughout northwest Ohio and southeast Michigan.

</tbody>
</table>
**Danbury Township (Ottawa) Townships**

BWC approved $38,340 to purchase two powered load systems to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting. Danbury Township Fire Department provides Emergency Medical Service as well as Fire protection to the citizens of Marblehead, Lakeside & Danbury Township.

**Midwest Timber & Land Company (Pike) Agriculture**

BWC approved $12,110 to purchase seven tarping systems to reduce the risk of injury to the hands, shoulders, lower extremities related to repetitive motion, hand force, heavy lifting, manual material handling, contact stress and awkward postures. This intervention will be used to improve the manual tarping and untarping process. Midwest Timber & Land Company is a sawmill that produces wholesale lumber for resale. Midwest Timber & Land Company also produces Dust, Bark, Chips, and Longwood for resale to vendors in West Virginia, Kentucky and Northern Ohio.

**Podnar Plastics Inc. (Portage) Manufacturing**

BWC approved $40,000 to purchase a bottle deflasher-detabber to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, bending, repetitive motion, lifting, contact stress, hand force and manual materials handling frequency. This intervention will be used to improve the production process. Podnar Plastics, Inc. manufactures quality plastic containers for snack foods, spices, candy and industrial companies.

**Workman Industrial Services (Portage) Construction**

BWC approved $33,750 to purchase one mini crawler crane to reduce the risk of injury to back, neck, shoulders, arms, and lower extremities due to lifting, pushing, pulling, repetitive motion, slips, trips, and falls. The purpose of the intervention is to reduce the need for employees to manually carry pipes and valves while climbing ladders or over obstacles. Workman Industrial Services is a full service installer of waste handling and waste treatment systems.

**Camden and Somers Twp Fire Dept (Preble) Special Districts**

BWC approved $32,088 to purchase one power cot with accessories and one power load system to reduce the risk of injury related to repetitive motion, and manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting. The Camden and Somers Twp Fire Department provides fire protection and emergency medical services to the village of Camden and surrounding townships.

**Mansfield Typewriter Company Inc (Richland) Service**

BWC approved $15,988 to purchase two lift gates, one lift table, one stair climber, and one copy caddy to reduce the risk of injury to back, shoulders, neck, and lower extremities due to bending, lifting, pushing, pulling, slips, trips, and falls. The purpose of the intervention is to reduce the manual material handling of goods and materials. The Mansfield Typewriter Company Inc repairs and maintains copiers and printers and also delivers items such as toner, printer paper, and other office consumables.
**NJ Supermarkets South Inc (Richland) Commercial**
BWC approved $2,085 to purchase one food processor to reduce the risk of injury to shoulders, hands, and elbows due to cuts, hand intensive work, and repetitive motion. The purpose of the intervention is to eliminate the need for employees to cut vegetables by hand. NJ Supermarkets South Inc dba Wayne's Country Market is a family owned and operated country market that has a produce section, deli, and also offering other perishables items.

**G B S Inc (Stark) Manufacturing**
BWC approved $40,000 to purchase five walkie stackers, one lift table, four roll lifts, and one die lift to reduce the risk of injury to back, shoulders, hands, and lower extremities due to contusions, cuts, hand intensive work, lifting, pushing, pulling, repetitive motion, slips, trips, and falls. The purpose of the intervention is to reduce much of the manual power needed to move product or parts. G B S Inc produces product labels, file folders, and filing systems.

**Hoobery & Associates Inc. dba Laurie Ann Nursing Home (Trumball) Service**
BWC approved $10,710 to purchase two lifts and a stand and weigh lift to reduce the risk of injury to hands, wrists, back and legs related to hand force, awkward postures push pull heavy/moderate load, manual material handling load/frequency. This intervention will improve the patient lifting and transporting process. Laurie Ann Nursing Home is an assisted long and short term care facility.

**Hennis Care Centre of Dover Inc. (Tuscarawas) Service**
BWC approved $37,520 to purchase a patient mover, two sit stands and five mobile patient lifters to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, kneeling, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will be used to improve the patient assisting process that includes lifting, transferring and repositioning of patients. Hennis Care Centre is an assisted care center that offers medical and rehabilitation services to its residence.

**North Union Co Fire and EMS District (Union) Special Districts**
BWC approved $27,160 to purchase two power cots and two chest compression systems to reduce the risk of injury to back, shoulders, neck, arms, eyes, and lower extremities due to manually lifting and loading/unloading patients into and out of emergency vehicles, bending, twisting, awkward postures, and repetitive motion. This intervention will improve the process of patient handling and reduce the repetitive motion associated with CPR. The Northern Union Co Fire and EMS District provides fire, EMS, and advanced life support services throughout Union County.

**Mark A Mondo Building and Excavating Inc (Washington) Construction**
BWC approved $40,000 to purchase one hydraulic breaker, one greaser unit, and two scissor lifts to reduce the risk of injury to back, neck, shoulders, hands, arms, and lower extremities due to contusions, cuts, lifting, pushing, pulling, slips, trips, and falls. The purpose of the intervention is to reduce the effects of long term vibrations that occur with the current operation and reduce the use of ladders while providing necessary maintenance and repairs. Mark A Mondo Building and Excavating Inc is a full service construction company offering turnkey constructions from site preparation and excavations to finish carpentry of residential and commercial space.
Tri County Rural Water & Sewer District (Washington) Special Districts
BWC approved $40,000 to purchase an excavator/valve exerciser and jib crane to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, kneeling, bending, repetitive motion, contact stress, hand force and manual material handling load. This intervention will improve the manual opening and closing of valves, service pump and chemical barrel lifting process. Tri-County Water is a water utility that provides potable water to approximately 1200 customers across a largely rural portion of Washington, Morgan and Noble Counties.

Jones Hamilton Company (Wood) Manufacturing
BWC approved $40,000 to purchase one articulating boom lift to reduce the risk of injury related to awkward postures, twisting, bending, repetitive motion, contact stress and fall from heights. The purpose of the intervention is to reduce the use of ladders while providing necessary maintenance and repairs. Jones Hamilton Company is a producer of sodium bisulfate and concentrated solutions of hydrochloric acid.

Transglobal Inc. (Wyandot) Manufacturing
BWC approved $22,565 to purchase a lift table and a duraplate line to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, twisting, lifting, contact stress and hand force. This intervention will improve the raw material receiving and finished products shipping process. Transglobal manufactures a variety of product for the transportation industry.
