

Transitional Work Grants (TWG)

Return on Investment (ROI)

A **TWG** helps you create a **customized employer plan** that helps your injured worker return to work with restrictions. Our combined goal is to assist the worker in safely returning to his/her original job.

After **5 YEARS** of implementing your plan through a TWG, your costly claims will roll off your claim history. That means potentially **REDUCED PREMIUMS** and better management of your claims.

During a **5-year period**, private employers had a **86% reduction** in medical-only and lost-time claims.

GRANT AWARDS

are based on your number of employees.

	11-49 EMPLOYEES	\$2,900
	50-199 EMPLOYEES	\$5,200
	200+ EMPLOYEES	\$6,300

For **private employers**, the average temporary total (TT) days paid per claim **declined 51%** during **5 years** from 22.7 days per claim to 11.6 days per claim.

3-to-1 MATCH

Reimbursement is **75%** of the cost of the plan development up to your **grant award**.

50%

At the end of 5 years

50% of the employers that received a grant to create a TW program were in a **group-rating plan**.
