

- The pharmacy can process a point-of-sale transaction to avoid the need to submit the C-17.
- The attachment of prescription labels with pricing information or a pharmacy printout with pricing information is required. Photocopies are acceptable. Cash register receipts are not sufficient.
- Pharmacist's signature and date are required.
- Injured workers only use this form for reimbursement of outpatient medication.
- There is a one-year statute of limitations for reimbursement from date of service.
- If the injured worker uses more than one pharmacy to fill prescriptions, he or she must submit a separate C-17 for each pharmacy.
- Bill medical supplies, durable medical equipment and other non-drug items on a separate invoice to the managed care organization (MCO). To identify the correct MCO, please log on to **www.bwc.ohio.gov**, or call **1-800-644-6292**, and listen to the options.
- The amount paid will be pursuant to the approved BWC fee schedule for drugs.
- For drugs that are available generically, BWC will reimburse the fee schedule amount assigned to that drug, as described in Ohio Administrative Code 4123-6-21. If you or your physician requested the brand-name version of a drug when a generic drug was available, BWC will reimburse at the maximum allowable cost for the drug. BWC bases reimbursement on the cost of the generic drug.
- Medications, including over-the-counter items, must be prescribed by a medical professional licensed to prescribe drugs and dispensed by a pharmacy provider enrolled with BWC. Drugs purchased from a physician's office for at-home use are not reimbursable.
- Mail completed form to:
