

4123-6-02.2 Provider access to the HPP - provider certification criteria.

- (A) The bureau shall establish minimum criteria for provider certification. Providers must meet all licensing, certification, or accreditation requirements necessary to provide services in Ohio. A provider licensed, certified or accredited pursuant to the equivalent law of another state shall qualify as a provider under this rule in that state. However, if an individual provider's professional license is under revocation or suspension in any state, or is subject to disciplinary restrictions in any state that affect the provider's ability to treat patients or that compromise patient care, the provider shall be ineligible to participate in the health partnership program.
- (B) The minimum criteria for a provider, where applicable based upon the type of provider, are as follows. The provider shall:
- (1) Be currently licensed to practice, as applicable, without disciplinary restrictions that affect the provider's ability to treat patients or that compromise patient care, including, but not limited to, disciplinary restrictions related to chemical dependency or substance abuse.
 - (2) Meet other general certification requirements for the specific provider type, as provided in paragraph (C) of this rule.
 - (3) Possess a current and unrestricted drug enforcement agency registration, unless it is not required by the provider's discipline and scope of practice.
 - (4) Not be currently excluded from participation in medicare or medicaid for cause.
 - (5) Not have a history of a felony conviction in any jurisdiction, a conviction under a federal controlled substance act, a conviction for an act involving dishonesty, fraud, or misrepresentation, a conviction for a misdemeanor committed in the course of practice or involving moral turpitude, or court supervised intervention or treatment in lieu of conviction pursuant to section 2951.041 of the Revised Code or the equivalent law of another state.
 - (6) Attest to and maintain adequate, current professional malpractice and liability insurance, and provide proof of such coverage to BWC upon request. The bureau shall establish the appropriate amount of such insurance coverage for each provider type. In establishing the appropriate amount of insurance coverage for out of state providers, the bureau may consider the regulations or the community standards of the provider's state of practice.
 - (7) Provide documentation of the provider's malpractice history for the previous five years.
 - (8) Not have any outstanding provider overpayment or other indebtedness to the bureau which has been certified to the attorney general for collection.
 - (9) Provide proof of and maintain workers' compensation coverage to the extent required under Ohio law or the equivalent law of another state, as applicable.
