[@mymollybloom @TobyBoyce](#) that could be an option. Wm Green Building is Class A downtown space. Rent to non-governmental tenants at market.

[@mymollybloom @TobyBoyce @OhioBWC](#) BWC Building is paid for by employers, not through GRF. Below market rents=ratepayers subsidizing tenants.

[@Yost4Ohio @TobyBoyce @OhioBWC](#) is the hope that current govt tenants seek lower rates elsewhere?

[@Yost4Ohio @TobyBoyce @OhioBWC](#) I read the report, sir, esp table 3-8. It doesn't address the issue I raised.

[@Yost4Ohio @TobyBoyce @OhioBWC](#) how does it help Ohio gov't as a whole if other state gov't agencies pay more for their rent? Zero sum.

[@OhioAuditor @OhioBWC](#) please help me understand how this benefits the taxpayer. Are the tenants not other government departments?

[@Yost4Ohio @OhioBWC](#) thanks - right-sizing is great idea. WOSU presented it a little differently.

Can someone explain how [@Yost4Ohio](#) recommendation to [@OhioBWC](#) to increase rents on other [#Ohio](#) government offices helps?

[@OhioAuditor](#) That would cover the ridiculous PTSD treatment for first responders cost projections they made. Time to treat PTSD [@OhioBWC](#)!!
