Prospective Billing for Private Employers

Why Transition to Prospective Billing?

- Industry standard
- More flexible payment options
- Decrease in base rates by 2% for private employers
- Increased ability for us to detect non-compliance and fraud

Private Employer (PA) Transition Overview

- Implement PA prospective payment effective July 1, 2015
- Will move to annual policy period
- To avoid employers needing to make a double payment, BWC will provide an eight-month transition credit.
 - This credit covers the August 2015 payroll report (for January-June) and the first two months of the 2015 policy year.
- With the eight-month transition credit, employers will make their first prospective payment at the time they normally make their retrospective payment, by Aug. 31.

PA Ending Retrospective Billing (2014-2015)

- BWC will apply the transition credit to cover the Jan. 1, 2015 – June 30, 2015, premium due, when the employer files its payroll report in August 2015.
 - Actual payroll is critical data in our rate calculations.

Implementing PA Prospective Billing

- BWC will always use the most recently reported policy year to estimate an individual employer's premium obligation.
 - For example, BWC will use the July 1, 2013 - June 30, 2014, payroll for policy year 2015.
- In May of each year:
 - Employers will receive a notice of estimated annual premium along with their annual certificate of coverage.

Implementing PA Prospective Billing

- In the first year, every employer except minimum payers will be on a bi-monthly plan, with the option of selecting a different installment plan by July 15, 2015.
 - The first installment (covering July and August) will be paid with transition credit.
 - BWC recommends staying with the bi-monthly default, at least in the first year.

Installment Options

- Annual (1);
 - Semi-annual (2);
 - Quarterly (4);
 - Bi-monthly (6);
 - Monthly (12).
- Minimum payers will not receive installment options.
 - Minimum premium increasing to \$120 plus fees and assessments due June 30 each year.

Implementing PA Prospective Billing (First Year Only)

- Employers will receive an invoice for the second installment in early August.
- This invoice will be due by Aug. 31.
- Premium security deposits (PSD) will post as credits to the account in this time frame.
- BWC will mail invoices 30 days prior to the due date of each installment.

Payroll True-up Report

- Prospective requires an annual payroll report true-up. BWC will send a reminder in July of each year.
- The employer must report actual payroll for the previous policy year.
 - Online or over the phone only
 - If additional premium is calculated, it is also due by Aug. 15.
 - If credit calculated, it will be released in normal process.
 - Employers must pay online to be eligible for the Go-green rebate.

Payroll True-up Report

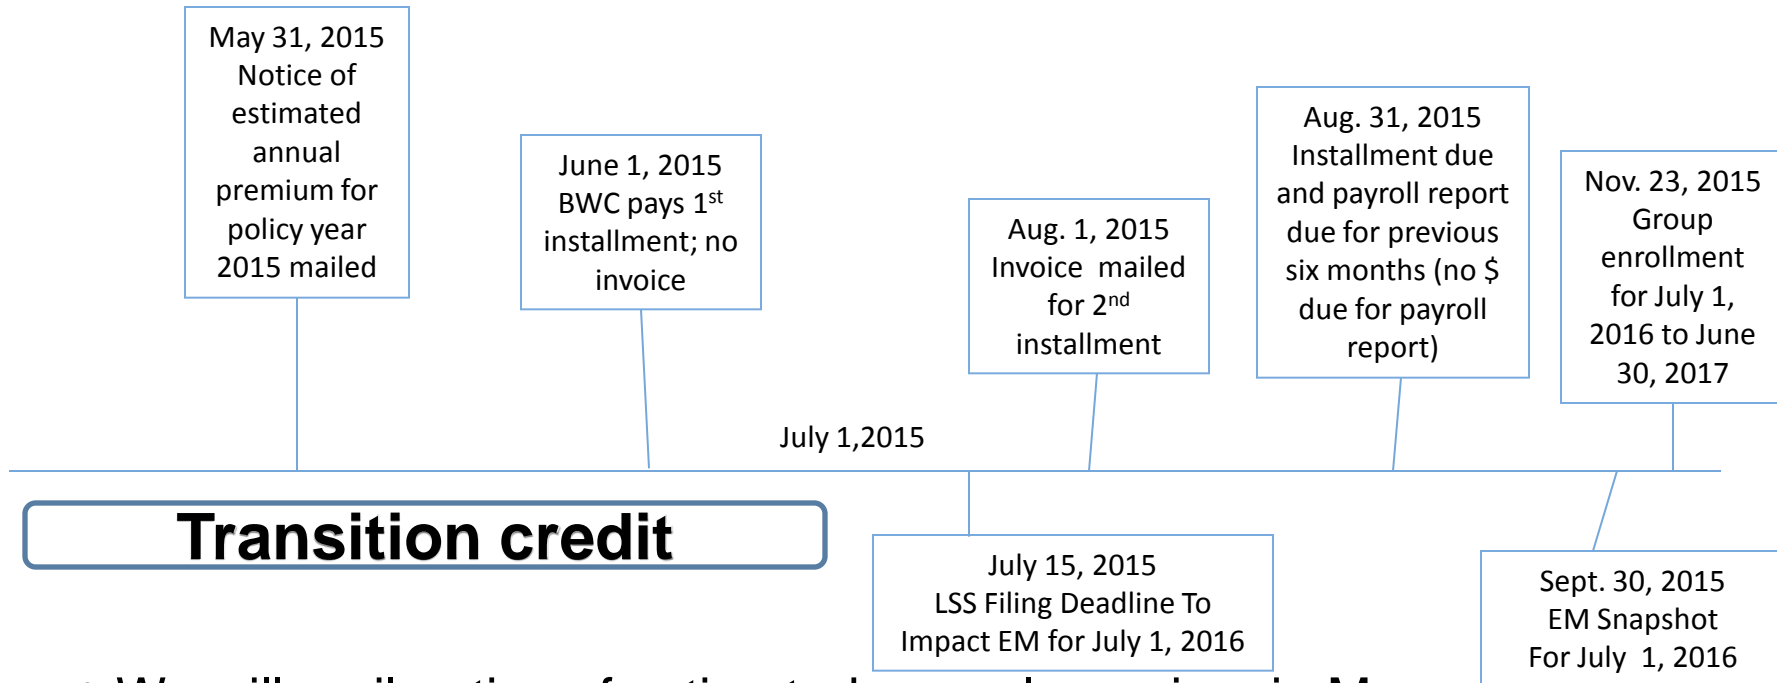

- Actual payroll information is critical for rate setting. For that reason, an outstanding payroll true-up report will result in immediate disqualification from rating plans and programs for that current policy year.
- Also, employers must complete* all true-ups to be eligible for programs going forward.

*Complete = reporting and paying (if necessary).

Rating Plan and Program Deadline

- Group-experience rating – Monday prior to Thanksgiving
- Group retro, One Claim Program, Deductible, Individual retro – Last business day in January

Lapsing Coverage

- BWC will lapse any employer who does not pay their installment on time.
- BWC will not lapse an employer who does not true-up.
 - BWC will estimate the true-up by adding an additional 10% to the premium due and bill the employer.
 - If the employer still does not report their true-up, then BWC will certify it to the Ohio Attorney General's office for collections.
