

BWC Safety Services Education and Training

Better Business Starts with Safety

As employers where do you get the best return on investment for your time and resources? In every line of work there are educational opportunities available to improve the workplace and workforce. These opportunities come at a cost. Safety training sessions alone can typically range from \$250 to more than \$1,000.

We know how valuable your business is to Ohio, and we want to save you time and money. At BWC, safety training is a benefit to you as part of paying for workers' compensation in Ohio. Contact a safety consultant today, and take advantage of these education and training benefits available to you.
