Fire safety perspectives: Working together to prevent and protect

Panelists from various organizations and occupations will explain how they work together to educate, research, regulate and enforce fire safety and fire prevention. Panelists will be available to respond to audience questions. Attendees will be able to define the jurisdictional boundaries of the state and local fire marshal; define the responsibility of the industrial risk manager; and define the role of the insurance representative.

Presented by Keith Carrocci, assistant chief, Ohio Division of State Fire Marshal; Roger Clark, fire safety inspector, Ohio Division of State Fire Marshal; Terry Guthrie, fire marshal, Plain Township Fire Department; and John LeBlanc, Factory Mutual Global
