

**BWC Safety Grant Awards**  
**FY16 (July 1, 2015 - March 31, 2016\*)**

\*Funds depleted early in FY16

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
1 EDI Source Inc.	\$3,300.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
A & P Tool Inc. dba APT Manufacturing Solutions	\$38,525.65	Safety Intervention	Employer received \$38,525.60 to purchase six power roller conveyors, one robot, one centric gripper, and one mini safety area scanner to reduce the risk of injury to eyes, skin, respiratory, hands, wrist, arms, shoulders, back, and legs related to hand force pinch and grip, contact stress, awkward postures, manual materials handling load, and exposures to aluminum dust. This intervention will be used to improve the metal deburr process.
A.I. Root Co	\$25,090.60	Safety Intervention	Employer received \$25,090.60 to purchase 8 lift tables, 1,000 wire deckings, and one self-propelled platform truck to reduce the risk of injury to the hands, finger, arms, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate loads, and manual material handling – load and frequency. This intervention will be used to improve the process of loading product onto pallets.
Aadvantage Tent Fittings Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase three lifts, three cutting machines, three sewing machines, two foot pedals, a material storage rack, web cutter, and a material handling cart, to reduce the risk of injury to back, neck, shoulders, hands, and lower extremities due to awkward postures, contact stress, push/pull heavy load, manual materials handling load/frequency. This intervention will improve the cutting and sewing station, vinyl roll retrieval, and lathe operation processes.
ABL Products Inc	\$850.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Able Tool Corp	\$1,100.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Acuity Specialty Hospital Ohio Valley LP	\$12,834.75	Safety Intervention	Employer received \$12,834.75 to purchase one patient lift system to reduce the risk of injury to hands, neck, shoulders, back and legs related to hand force, awkward postures, and manual materials handling load/frequency. This intervention will improve the process of lifting, handling and transferring patients.
Acuren Inspection Inc.	\$5,207.25	Safety Intervention	Employer received \$5,207.25 to purchase two pallet positioners with bellows skirting and portability package to reduce the risk of injury to fingers, wrist, elbow, shoulders, neck, arms, back, legs, and environmental hazards related to glare, hand force, awkward postures, contact stress, and manual materials handling/load and frequency. This intervention will be used to improve the loading and unloading of totes for inspection process.
Ada Exempted Village Schools	\$6,825.00	Safety Intervention	Employer received \$6,825.00 to purchase one man lift to reduce the risk of injury to the upper and lower extremities due to falls from ladders. This intervention will be used to improve the building maintenance processes – windows, HVAC equipment, and lighting.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Adena NH LLC dba Adena Health &amp; Rehabilitation Center</b>	\$39,718.80	Safety Intervention	Employer received \$39,718.80 to purchase 32 electric beds, with ends and rotating assist bars, one patient lift, one stand lift, and various slings to potentially reduce the risk of injury to the hands, wrist, neck, arms, legs and back related to hand force, awkward posture, contact stress, and manually lifting - load. This intervention will improve the patient assisting process that includes repositioning and lifting
<b>Advanced Plastic Recycling Inc.</b>	\$23,376.00	Safety Intervention	Employer received \$23,376 to purchase one deck landing expansion, 3 tilt tables, and 1 conveyor system to reduce the risk of injury to hands, neck, wrists, arms, back, and legs related to hand force, awkward postures, manual materials handling – load, and vibration. This intervention will improve the processing of plastic scrap.
<b>AFM 29084, Inc</b>	\$2,100.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>AFM 29108 Inc</b>	\$2,100.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>AFM 29118, Inc</b>	\$1,050.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>Agrana Fruit US Inc.</b>	\$9,851.25	Safety Intervention	Employer received \$9,851.25 to purchase one airflow system to reduce the risk of injury to the eyes, skin, and respiratory system related to hazardous dust and particulate exposures. This intervention will be used to improve the fruit preparation and preservative process.
<b>AIM MRO Holdings</b>	\$875.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>AJ Strasinger Trucking LLC</b>	\$14,837.50	Safety Intervention	Employer received \$14,837.50 to purchase one quick draw tarp system to reduce the risk of injury to the hands, arms, shoulder, back, and legs related to hand force, awkward postures, moderate to heavy load and frequency. This intervention will be used to improve the loading and unloading process.
<b>Akron Polymer Products Inc</b>	\$1,550.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>Akron Steel Treating Co.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase four trolleys, three scissor lifts with 8,000 pound capacity, two scissor lifts with 6,000 pound capacity, two scissor lifts with 4,000 pound capacity, two anchor bolts with plywood templates, one electric chain hoist, one freestanding jib crane, and one tilter lift with 500 pound capacity to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will be used to improve the racking and unranking process.
<b>Allen Clay Joint Fire District</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power cots and two power load systems to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, push/pull moderate/heavy load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport process.
<b>Allen Township</b>	\$450.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Allied Plumbing Sewer Service Inc.</b>	\$35,490.56	Safety Intervention	Employer received \$35,490.56 to purchase two aluminum fender toolboxes with 2" ball valve, one high pressure water jetting unit, one jump jet pulsation system, one 10-gallon antifreeze recirculation system, one hose footage counter with hose reel speed control, one wireless remote control system, one nozzle with service kit, and one mini jet kit to reduce the risk of injury to fingers, wrist, hands, arms, shoulders, neck, back, and legs related to hand force grip/pinch, awkward postures, contact stress, push/pull heavy load, manual materials handling/load, poor lighting, and cold temperature . This intervention will be used to improve the sewer line clearing process.
<b>All-Type Welding &amp; Fabricating Inc.</b>	\$31,188.75	Safety Intervention	Employer received \$31,188.75 to purchase one free standing boom crane and various hoists, magnets, to reduce the risk of injury to the hands, wrists, neck, shoulders, arms, back and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual materials handling – load. This intervention will be used to improve the metal welding process in an assembly area.
<b>Alttran Inc.</b>	\$29,666.12	Safety Intervention	Employer received \$29,666.12 to purchase two lift tables, two vacuhoists, two ceiling mounted bridge cranes, and one belt conveyor to reduce the risk of injury to the fingers, hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, vibration, push/pull moderate to heavy load, and manual materials handling load and frequency. This intervention will be used to improve the rubber bale loading and unloading process.
<b>Ambaflex Manufacturing Inc</b>	\$1,800.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Amcrete LLC</b>	\$40,000.00	Safety Intervention	Employer received \$40,000 to purchase one Lion Dragon pair: Place, Dragger to reduce the risk of injury to the hands, fingers, wrists, neck, arms, back, and legs related to repetition, hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling - load. This intervention will improve the concrete placement process.
<b>American Roll Formed Products Corp</b>	\$5,000.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Animal Hospital Inc</b>	\$2,600.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Animal Hospital Inc.</b>	\$9,734.72	Safety Intervention	Employer received \$9,734.72 to purchase three mobile electric lift tables to reduce the risk of injury to the wrists, back, and legs related to awkward postures, push/pull – moderate and heavy load, and manual material handling - load. This intervention will be used to improve the process of lifting animals onto examination tables and into the crematory.
<b>Applied Mechanical Systems</b>	\$2,550.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Arcadia Acres Inc.	\$17,101.84	Safety Intervention	Employer received \$17,101.84 to purchase one seated bathing system to reduce the risk of injury to the hands, wrists, fingers, neck, arms, and legs related to hand force, awkward posture, contact stress, push/pull moderate load, manual materials handling – load and frequency.
Arlington Court Company 1	\$1,300.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Arlington Court Nursing Home Svc Co Inc	\$500.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Arnold Machine Inc	\$3,100.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Arnold Machine Inc.	\$33,989.25	Safety Intervention	Employer received \$33,989.25 to purchase two lifting magnets, one bridge crane system with twin basket sling beam and nylon slings to reduce the risk of injury to the hands, neck, wrist, fingers, back and legs related to hand force, awkward postures, and contact stress. This intervention will be used to improve the unloading incoming materials process.
Arricks Bottled Gas Service	\$18,378.90	Safety Intervention	Employer received \$18,378.90 to purchase four motorized D.O.T. tank dollies, four 120 gal tank adapter with strap, and two motorized 100 pound cylinder dollies to reduce the risk of injury to fingers, hands, wrist, elbows, arms, shoulders, neck, back, and legs related to repetitive motions, hand force grip, awkward postures, push/pull moderate and heavy load, and manual materials handling load and frequency.
Arrow Tru-Line, Inc.	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Arthur Louis Steel Co	\$5,356.25	Safety Intervention	Employer received \$5,356.25 to purchase a deep marker dot peen marking system to reduce the risk of injury to hands, wrists, fingers, back, and legs related to hand force, awkward postures, and contact stress. This intervention will be used to improve the product-stamping process.
Associate Tire & Service Inc. dba Grismer	\$2,232.56	Safety Intervention	Employer received \$2,232.56 to purchase three tire changer wheel lift kits reduce the risk of injury to fingers, hands, wrist, arms, shoulders, back, knees, and legs related to hand force grip, awkward postures, strain/sprain, slips, trips, falls, and manual materials handling load/frequency. This intervention will be used to improve the tire changing process.
Associate Tire & Service Inc. dba Grismer	\$5,737.11	Safety Intervention	Employer received \$5,737.11 to purchase fifty-one wheel arm kits to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, back, and legs related to hand force grip/pinch, awkward postures, vibration, slip, trip, falls, and manual materials handling/load and frequency. This intervention will improve the tire repair process.
Astoria SNF, Inc .	\$2,295.63	Safety Intervention	Employer received \$2,295.63 to purchase one floor lift, one pail hand truck, one 18-bushel poly truck with spring platform, and four safety boosters to potentially reduce the risk of injury to the hands, wrist, neck, arms, legs and back related to hand force, awkward posture, contact stress, and manually lifting - load. This intervention will improve the patient assisting process that includes repositioning, lifting and bathing.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>August Corso Sons dba Corso's Flowers and Garden Center</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two scissor lifts to risk of injury related to awkward postures, twisting, slips, trips, bending, and falls from heights. The purpose of the intervention is to reduce the positioning, moving, and climbing of ladders to enable working at heights.
<b>Auto Loan, Inc.</b>	\$600.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Auto Valve Inc.</b>	\$9,525.00	Safety Intervention	Employer received \$9,525.00 to purchase one inline fan to reduce the risk of injury related to the respiratory system due to the inhalation of harmful volatile organic compounds (VOC). This intervention will improve the valve manufacturing process. Auto Valve Inc. is a manufacturing facility that designs, machines, and assembles components and valves.
<b>Ayers Mechanical Group LLC</b>	\$15,046.88	Safety Intervention	Employer received \$15,046.88 to purchase two scissor lifts to risk of injury related to awkward postures, twisting, slips, trips, bending, and fall from heights. The purpose of the intervention is to reduce the positioning, moving, and climbing of ladders to enable working at heights.
<b>B &amp; B Molded Products</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one 5-ton bridge crane system to reduce the risk of injury to hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual materials handling. This intervention will be used to improve the materials handling process.
<b>B &amp; B Molded Products</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>B &amp; B Roofing, Inc.</b>	\$8,165.51	Safety Intervention	Employer received \$8,165.51 to purchase one set of metal seam brackets and one safety ladder hoist to potentially reduce the risk of injury to the hands, wrist, arms, shoulder, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling. This intervention will be used to improve the building roofing process.
<b>Baker's Management Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase eleven self leveling cart adapters, four walkie pallet trucks, one walkie stacker, and one scissor lift to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs upper and lower extremities related to hand force, awkward postures, contact stress, push pull heavy load, and manual materials handling load and frequency. This intervention will be used to improve the materials loading and unloading, and shelf stocking processes.
<b>Bambeck &amp; Vest Associates Inc.</b>	\$20,089.50	Safety Intervention	Employer received \$20,289.50 to purchase eight motorized work platforms to reduce the risk of injury to hands, fingers, neck, shoulder, arms, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual materials handling load and frequency. This intervention will be used to improve the installation of ceiling and overhead trim work process.
<b>Bando Enterprises dba Berwick Animal Clinic</b>	\$4,224.96	Safety Intervention	Employer received \$4,224.96 to purchase one lift table with foot control to reduce the risk of injury to hands, wrists, shoulder, neck, back, and legs related to hand force, awkward postures, and manual materials handling load and frequency. This intervention will be used to improve the animal lifting process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Bando Enterprises Inc. dba Berwick Animal Clinic</b>	\$2,072.07	Safety Intervention	Employer received \$2,072.07 to purchase one groom tub with ramp to reduce the risk of injury to the hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, and manual materials handling load and frequency. This intervention will be used to improve the animal grooming process.
<b>Barlow Township for Volunteer Fire Department</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two powered loads to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Barnes Wildlife Control LLC</b>	\$29,721.66	Safety Intervention	Employer received \$29,721.66 to purchase a boom lift to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling load. This intervention will be used to improve the animal exclusion repairs.
<b>Barney's Convenience Mart Inc.</b>	\$15,211.88	Safety Intervention	Employer received \$15,211.88 to purchase one scissor lift to reduce the risk of injury to the upper and lower extremities which result from falls from ladders. This intervention will be used to improve the overall maintenance of gasoline pump canopies.
<b>Bascom Joint Ambulance</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power cots and two power load systems to reduce the risk of injury to the hands, wrists, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transport process.
<b>BDG Wrap Tite, Inc.</b>	\$29,269.00	Safety Intervention	Employer received \$29,269.00 to purchase one granulator, one floor-mounted 6" blower, one metal flex with collars and couplings, one cyclone separator and stand, and one mount filter head to reduce the risk of injury to the ears due to extreme noise. This intervention will be used to improve the plastic grinding process.
<b>BDG Wrap-Tite Incorporated dba Wrap Tite Inc.</b>	\$10,731.00	Safety Intervention	Employer received \$10,731.00 to purchase two jib cranes, and two hoists to reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling – load. This intervention will be used to improve the product weighing and packaging processes.
<b>BDG Wrap-Tite, Inc.</b>	\$2,700.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>B E L Enterprises, LLC</b>	\$37,422.38	Safety Intervention	Employer received \$37,993.13 to purchase three lift tables, one hydraulic bathing tub with faucet, one basket drain, one floor grate, one dental stool, and one grooming table to reduce the risk of injury to the shoulders, arms, back, and legs related to awkward postures and manual materials handling. This intervention will be used to improve the animal examination and bathing processes.
<b>Beck Suppliers Inc.</b>	\$32,721.33	Safety Intervention	Employer received \$32,721.33 to purchase one scissor lift and one tilting hydraulic coupler to potentially reduce the risk of injury to the upper and lower extremities related to falls from heights and changing accessories on heavy, hydraulic equipment. This intervention will improve the maintenance and storage tank install/uninstall processes.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Belco Works, Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000 to purchase twelve adjustable work benches, one wheelchair lift with foldable ramp, safety skirt, and removable handrails, one chop saw with two tooth blades, and one walk behind counter balance stacker to reduce injury to fingers, hands, wrist, elbows, arms, shoulders, neck, back, and legs related to hand force grip/pinch, awkward postures, contact stress, push/pull moderate load, and manual materials handling load/frequency. This intervention will be used to improve the packaging and assembly, shredding, and wood cutting processes.
<b>Bellisio Foods Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one custom paste pumping device to reduce the risk of injury to the hands, arms, shoulder, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual materials handling load. This intervention will be used to improve loading sauce into preparation kettles process.
<b>Belmont County Commissioners</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one portable traffic system with handheld remote and traffic sensors to reduce the risk of injury to upper and lower extremities related to being struck by vehicle in the work zone. This intervention will be used to improve the traffic control in the work zone process.
<b>Belpre Township</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power ambulance cots with dual wheel lock, charger mounting bracket, and accessories, two cot compatibility kits for load system, one power load, and one mass casualty floor mat to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact stress, and manual materials handling frequency and load. This intervention will be used to improve the patient lifting and transport process.
<b>Benanzer Nursery, Inc.</b>	\$27,747.72	Safety Intervention	Employer received \$27,747.72 to purchase one mini skid steer, one auger power head, one tree fork, and one soil cultivator to reduce the risk of injury to the hands, fingers, wrists, neck, arms, back, and legs related to repetition, hand force, awkward postures, contact stress, vibration, push/pull moderate and heavy load, and manual material handling – load. This intervention will be used to improve the landscaping process.
<b>Benjamin Logan LSD</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Berk Enterprises Inc.</b>	\$1,875.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Berne Township for Fire Department</b>	\$33,510.06	Safety Intervention	Employer received \$33,510.06 to purchase one power cot with expandable patient surface, one powered load, and one compatibility kit to reduce the risk of injury related to repetitive motion, and manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting.
<b>BHC Belmont Pines Hospital Inc</b>	\$4,100.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Biery Cheese Co Inc</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Big Walnut Joint Fire District</b>	\$35,589.00	Safety Intervention	Employer received \$35,589.00 to purchase two rescue rams, and one each of an electro-hydraulic cutter, rescue spreader, and combination package with power adapter to reduce the risk of injury to upper and lower extremities related to repetitive motion, hand force grip, awkward postures, contact stress, and manual materials handling load. This intervention will be used to improve emergency rescue operations for auto and farm accident equipment.
<b>Bindery &amp; Specialties, Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one stationary pile turner to reduce the risk of injury to hands, wrists, arms, back, and legs related to hand force and awkward postures. This intervention will be used to improve the commercial printing process.
<b>Bird Equipment of Ohio LLC</b>	\$5,250.00	Safety Intervention	Employer received \$5,250.00 to purchase three scissor lifts to reduce the risk of injury to the upper and lower extremities related to falls from ladders and trips from welding gun cords. This intervention will be used to improve the processes of welding, grinding, cleaning, painting, and maintenance at high elevations.
<b>Bloom Township</b>	\$19,722.00	Safety Intervention	Employer received \$19,722.00 to purchase two chest compression systems to reduce the risk of injury to hands, wrists, neck, arms, and back related to repetition, awkward postures, contact stress and push/pull heavy loads, manual material handling – frequency. This intervention will be used to improve the resuscitation process.
<b>Boak &amp; Sons Inc.</b>	\$12,676.29	Safety Intervention	Employer received \$12,676.29 to purchase one fall protection cart to reduce risk to the upper and lower extremities related to falls from rooftops. This intervention will improve the roofing process.
<b>Boardman Molded Products Inc.</b>	\$39,735.00	Safety Intervention	Employer received \$39,735.00 to purchase one 6 axis robot with cutting head, software, and degating unit to reduce the risk of injury to the fingers, hands, wrist, shoulder, back, and legs related to hand force, awkward postures, and contact stress. This intervention will be used to improve the gate cutting process.
<b>Boardman Steel Inc.</b>	\$30,375.00	Safety Intervention	Employer received \$30,375 to purchase oxygen service piping to reduce the risk of injury to the upper and lower extremities related to fires, slips, trips, and falls. This intervention will be used to improve the oxygen transporting process.
<b>Bockrath Construction LLC</b>	\$29,823.29	Safety Intervention	Employer received \$29,823.29 to purchase one articulating boom lift to potentially reduce the risk of injury to upper and lower extremities related to falling from ladders and scaffolding. This intervention will be used to improve the farm building construction process.
<b>Bohl Crane Inc.</b>	\$12,327.00	Safety Intervention	Employer received \$12,327.00 to purchase one scissor lift to reduce the risk of injury to the hands, wrists, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, and manual material handling – load. This intervention will be used to improve the processes of performing building maintenance, and parts storage and retrieval at heights.
<b>Boiler Specialists</b>	\$3,671.25	Safety Intervention	Employer received \$3,671.25 to purchase one stair climber to reduce risk of injury to hands, wrists, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy loads and manual material handling – load. This intervention will improve the process of moving boilers and valves up and down stairs.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Bolivar Volunteer Fire Dept Inc</b>	\$33,515.18	Safety Intervention	Employer received \$33,515.18 to purchase one powered cot and one powered load to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Bon Management</b>	\$75.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Bouzounis Inc</b>	\$1,350.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Boyd Garage Doors LLC</b>	\$24,181.86	Safety Intervention	Employer received \$24,181.86 to purchase two scissor lifts to reduce the risk of injury to the upper and lower extremities due to falls from ladders. This intervention will be used to improve the garage door installation and servicing processes.
<b>Brenn Field Nursing Center Inc.</b>	\$21,185.83	Safety Intervention	Employer received \$21,185.83 to purchase 12 electric beds, one whirlpool tub, and one seat bath lift with scale to reduce the risk of injury to the wrists, neck, shoulders, hands, legs and back related to awkward posture, kneeling, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will improve the process of physically moving, repositioning, bathing, and weighing patients.
<b>Brennco Inc.</b>	\$32,531.12	Safety Intervention	Employer received \$32,531.12 to purchase one boar bot, one boar hearse, one articulating boom one scissor lift, and one ventilation system to reduce the risk of injury to the upper and lower extremities and respiratory system related to lifting, pushing, and carrying. This intervention will be used to improve the process of moving/relocating swine carcasses.
<b>Brentwood Healthcare</b>	\$18,004.50	Safety Intervention	Employer received \$18,004.50 to purchase one patient bathing system to reduce the risk of injury to the hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient bathing process.
<b>Brett E Jones dba Tekseal</b>	\$22,275.00	Safety Intervention	Employer received \$22,275 to purchase one paving power broom to reduce the risk of injury to hands, wrist, arms, neck, shoulders, back and legs related to repetitive motion, hand force grip, awkward postures, and contact stress. This intervention will improve the process of preparing driving surfaces for sealing.
<b>Bright Ideas Press LLC dba BIP Printing Solutions</b>	\$8,419.50	Safety Intervention	Employer received \$8,419.50 to purchase four u-boat carts with leveling lift and three spring level loaders to reduce the risk of injury to the hands, wrist, arms, back and legs related to hand force, awkward postures, push/pull moderate load, and manual materials handling load weight/distance. This intervention will be used to improve the printing and loading of digital printed books.
<b>Brisk Heat Corp</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Broadview Nursing Home LLC</b>	\$39,525.06	Safety Intervention	Employer received \$39,525.06 to purchase ten transfer slings, three meal delivery carts, three manual portable standing aids, two battery powered portable standing aids, two power operated patient positioning systems, and two multipurpose hygiene chairs to reduce the risk of injury to upper and lower extremities related to repetitive motions, hand force, awkward postures, push/pull moderate/ heavy load, and manual materials handling load. This intervention will be used to improve the patient lifting, transfer, and hygiene processes.
<b>Brown County</b>	\$33,375.00	Safety Intervention	Employer received \$33,375.00 to purchase one portable traffic control system with two microwave traffic sensors and one hand held remote control unit to reduce the risk of injury to upper and lower extremities related to being struck by motor vehicle. This intervention will be used to improve the construction zone traffic control process.
<b>Brown Industrial Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase three bridge cranes with girders and three radio control systems to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, and push/pull moderate to heavy load. This intervention will be used to improve the material staging, handling, and loading processes.
<b>Brunswick Hills Township</b>	\$3,300.75	Safety Intervention	Employer received \$3,300.75 to purchase four garage door opening systems to reduce the risk of injury to the upper and lower extremities due to falls from ladders. This intervention will be used to improve the airport infrastructure maintenance/repair, and plane de-icing processes.
<b>Buchman Heating Inc.</b>	\$29,327.08	Safety Intervention	Employer received \$29,327.08 to purchase one trailer mount boom lift to reduce the risk to upper and lower extremities related to falling from ladders. This intervention will be used to improve the HVAC system repairing, servicing, and installation processes.
<b>Buckeye Waste Industries Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 22 automatic tarping systems to potentially reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, push/pull moderate loads, and manual materials handling – load and frequency. The purpose of this intervention is to improve the truck tarping process.
<b>Buckingham Electric LLC</b>	\$1,030.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>Buschur Electric Inc.</b>	\$17,263.50	Safety Intervention	Employer received \$17,263.50 to purchase two electrical conduit bending stations, one cable feed, one tugger and projax, and one dual remote foot switch to reduce the risk of injury to upper and lower extremities related to awkward postures, push/pull moderate load, and manual materials handling load. This intervention will be used to improve the wiring and conduit bending processes.
<b>Butler County Care Facility</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase six patient sit to stand lifts with scales, two passive patient lifts with scales, and two bariatric patient lifts to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transfer process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Buurma Farms Inc.	\$10,380.00	Safety Intervention	Employer received \$10,380 to purchase one walkie pallet forklift to reduce the risk of injury to the hands, fingers, wrists, elbows, shoulders, neck, back and legs related to repetitive motion, hand force, awkward postures, contact stress, and push/pull heavy loads . This intervention will be used to improve moving large quantities of produce.
C & J Electric Inc.	\$29,540.55	Safety Intervention	Employer received \$29,540.55 to purchase six reel jacks, one wire tugger with a versa boom, one electrical bender, one bending table, and one SIM pull to reduce the risk of injury to wrist, hands, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull, and manual materials handling frequency and load. This intervention will be used to improve the electrical wire pulling and installation process.
C.E. Power Solutions LLC	\$2,250.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
C.E. Power Solutions LLC	\$3,000.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
CA Farmer Construction LLC	\$16,205.62	Safety Intervention	Employer received \$16,205.62 to purchase two vertical lifts to reduce the risk of injury to the upper and lower extremities due to falls from ladders. This intervention will be used to improve the construction process at elevated levels.
Calgon Carbon Corp	\$825.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Callies Performance Products Inc.	\$26,413.52	Safety Intervention	Employer received \$26,413.52 to purchase one airlift with pivot handle and one bridge support rail system to reduce the risk of injury to hands, wrist, back, and legs related to hand force grip, awkward postures, contact stress, and manual materials handling weight. This intervention will be used to improve the crankshaft and camshaft building process.
Calvin Electric, LLC	\$35,108.00	Safety Intervention	Employer received \$35,108.00 to purchase one scissor lift, one material lift, one man lift, one reel jack, one cable feeder, and one trigger foot switch to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, push/pull moderate to heavy load, manual materials handling load, and falls from heights. This intervention will be used to improve the materials installation and repair process.
Cambridge NH LLC dba Cambridge Health and Rehabilitation Center	\$39,464.54	Safety Intervention	Employer received \$39,464.54 to purchase twenty-nine patient maxi slides, twenty-two patient slings, two single stack meal carts, two portable patient lifts with scales, two sit to stand patient lifts, and one portable patient lift to reduce the risk of injury to the fingers, hands, wrists, arms, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will be used to improve the patient transfer, lifting, and food service processes.
Campbell Oil Company Inc	\$4,400.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Canal Winchester Schools	\$2,567.44	Safety Intervention	Employer received \$2,567.44 to purchase two adjustable height changing tables to reduce the risk of injury to the hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, and manual materials handling load. This intervention will be used to improve the changing diapers process.
Canton Drop Forge Inc.	\$28,410.00	Safety Intervention	Employer received \$28,410.00 to purchase one crane system, 2 tractor drives, and one radio control system to reduce the risk of injury to the hands, wrists, fingers, arms, back, and legs related to repetition, hand force, awkward postures, contact stress, and push/pull moderate load. This intervention will be used to improve the material handling, cutting, heating, forging and heat-treating steel process.
Cappano Lumber LLC	\$300.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Carmichael Machine Corp	\$16,320.62	Safety Intervention	Employer received \$16,320.62 to purchase one carbon steel auger, one circuit relocation, one attribute gage, one 2-ton hoist, three conveyors, two compressed air knives, three conveyor belt cleats, one adjustable lifting beam, and one top rigging chain to reduce the risk of injury to the hands, fingers, shoulders, neck, arms, back, and legs related to repetition, hand force, awkward postures, and manual materials handling – load. This intervention will be used to improve the pivot collar manufacturing process.
Carraher Ag Company	\$8,526.39	Safety Intervention	Employer received \$8,526.39 to purchase four automatic tarping systems with remotes to reduce the risk to hands, fingers, wrists, shoulders, neck, arms, back, and legs related to hand force, awkward postures, contact stress, and push/pull moderate load.
Cascade Auto Group Ltd	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Cast Nylons Co LTD	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase thirteen 10,000 pound capacity pivot carts and two motorized cart movers to reduce the risk of injury to wrist, arms, back, and legs related to awkward postures, contact stress, and push/pull moderate to heavy load. This intervention will be used to improve the handling and production of cast nylon process.
Castek Aluminum Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one shakeout/attrition mill, one discharge fluidization, one dust collector hood, one vibratory elevator, one surge hopper, one pneumatic conveyor, three pneumatic transport elbows, one dust collector, and one master control panel to reduce the risk of injury to hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, vibration, and push/pull moderate load. This intervention will be used to improve the aluminum casting process.
CB Excavating and Trucking LTD	\$2,887.50	Safety Intervention	Employer received \$2,887.50 to purchase a rebar bender and cutter to reduce the risk of injury to fingers, wrist, elbows, shoulder, neck, arms, back and legs due to hand force repetitive/static, awkward postures, contact stress, vibration, and push/pull heavy load. This intervention will improve the rebar installation into concrete process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Cedar Village	\$21,751.46	Safety Intervention	Employer received \$21,751.46 to purchase two height adjustable bathing systems to reduce the risk of injury to hands, fingers, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, manual materials handling - load. This intervention will be used to improve the patient bathing process.
CB&S Joint Fire Department	\$10,240.80	Safety Intervention	Employer received \$10,240.80 to purchase one chest compression system to reduce the risk of injury to back, shoulders, neck, arms, eyes, and lower extremities due to bending, twisting, awkward postures, and repetitive motion. This intervention will reduce the repetitive motion associated with CPR.
Central Fire District	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power load systems and two compatibility kits to upgrade current cots to power load systems to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport process.
Central Joint Fire EMS	\$1,595.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Central Joint Fire EMS	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase four integrated charging systems, four fastener upgrade kits, two integrated patient transport and loading systems with equipment handles and head end storage to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact force, push/pull heavy load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport process.
Central Ohio Plumbing Heating	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one duct lift, one rough terrain scissor lift, and one stairclimber to potentially reduce the risk of injury to the hands, wrists, arms, neck, shoulders, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling - load. This intervention will improve the duct work and HVAC installation process.
CFM No 29101 Inc	\$1,050.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Chagrin Falls Suburban Volunteer Firemens Assoc	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase three power load systems and one power load cot to reduce the risk of injury to the fingers, hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load. This intervention will be used to improve the loading and transfer process.
Champlin/Haupt Architects Inc	\$2,250.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Chardon Volunteer Fire Dept	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power load systems and two power cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Chester Township</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power load systems and two power cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Chilcote Company</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Chillicothe and Ross County Public Library</b>	\$3,075.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Chillicothe Long Term Care dba Westmoreland Place</b>	\$31,351.32	Safety Intervention	Employer received \$31,351.32 to purchase twenty-four full electric hi-low beds with locking systems, four patient slings, two electric adjustable beds with positioning device, one power patient lifter, and one digital scale to reduce the risk of injury to hands, neck, shoulder, arms, back and legs due to hand force, awkward postures, and manual materials handling frequency and load. This intervention will used to improve the patient transfer process.
<b>Christian Children's Home of Ohio</b>	\$1,050.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Cincinnati Container Co</b>	\$1,600.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>Cincinnati Hamilton County Community Action Agency</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Cincinnati Public Schools</b>	\$37,420.62	Safety Intervention	Employer received \$37,420.62 to purchase one scissor lift, one self-propelled scissor lift, three roof hatch kits and 90 safety stepladders to reduce the risk of injury to the upper and lower extremities related to falling from ladders and roofs. This intervention will be used to improve the processes of building repair, construction and inspection, and retrieving school materials from high places in the classroom.
<b>Circleville Schools</b>	\$16,964.44	Safety Intervention	Employer received \$16,964.44 to purchase one straddle lift and one platform lift to risk of injury related to awkward postures, twisting, slips, trips, bending, and fall from heights. The purpose of the intervention is to reduce the positioning, moving, and climbing of ladders to enable working at heights.
<b>City of Bay Village</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power load cots to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport process.
<b>City of Beavercreek</b>	\$2,025.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>City of Bedford</b>	\$9,994.50	Safety Intervention	Employer received \$9,994.50 to purchase one trench box to reduce the risk of injury to hands, wrists, arms, neck, back, and legs related to hand force grip and pinch, awkward postures, contact stress, push/pull moderate load, manual materials handling, slips, trips, and falls within excavated spaces. This intervention will be used to improve the underground utilities repair and replacement process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
City of Bedford	\$17,890.41	Safety Intervention	Employer received \$17,890.41 to purchase one powered load to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Bedford	\$12,115.09	Safety Intervention	Employer received \$12,115.09 to purchase one power cot to compliment their existing power load/cot system to reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to hand force, awkward postures, push/pull heavy load, and manual materials handling load. This intervention will be used to improve the patient transport processes.
City of Bellbrook	\$2,307.75	Safety Intervention	Employer received \$2,307.75 to purchase one lift gate to reduce the risk of injury to the hands, wrists, arms, neck, shoulders, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual materials handling – load. This intervention will be used to improve the truck loading/unloading process.
City of Bellbrook	\$19,722.00	Safety Intervention	Employer received \$19,722.00 to purchase two chest compression systems with power cord, battery charger, and batteries to reduce the risk of injury to upper and lower extremities related to hand force, contact stress, awkward postures, push/pull heavy moderate load, and manual material handling load. This intervention will be used to improve the patient CPR process.
City of Berea	\$34,154.09	Safety Intervention	Employer received \$34,154.09 to purchase one powered load and one power cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Broadview Heights	\$1,679.25	Safety Intervention	Employer received \$1,679.25 to purchase one hose management system to reduce the risk of injury to the hands, arms, back, and legs related to repetition, hand force, awkward postures, push/pull moderate load, and manual materials handling – load. This intervention will improve the fire hose handling process.
City of Centerville	\$13,489.50	Safety Intervention	Employer received \$13,489.50 to purchase one scissor lift to reduce the risk of injury to the upper and lower extremities due to falls from ladders. This intervention will be used to improve the park and city building maintenance process.
City of Clayton	\$1,200.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
City of Clayton	\$14,032.75	Safety Intervention	Employer received \$14,032.75 to purchase one chest compression system with accessories to reduce the risk of injury to the back, shoulders, arms and lower extremities related to hand force to hand force, awkward postures, and repetitive motions. This intervention will be used to improve the active CPR.
City of Columbus	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one utility hydro-vac with accessories and various attachments to reduce the risk of injury to hands, wrists, arms, neck, shoulders, back, and legs related to repetition, hand force, awkward postures, contact stress, and vibration. This intervention will be used to improve the water activation and deactivation processes.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
City of Cortland	\$33,083.19	Safety Intervention	Employer received \$33,083.19 to purchase one power cot, one power load system, and one mass casualty floor mount to reduce the risk of injury to the hands, wrists, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transport process.
City of Cuyahoga Falls	\$23,020.00	Safety Intervention	Employer received \$23,020.00 to purchase two portable traffic light systems with one hand-held remote control to reduce the risk of injury to upper and lower extremities related to being struck by motor vehicle. This intervention will be used to improve the work zone traffic control process.
City of Fairborn	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two powered load systems for existing powered cots, two compatibility kits, one battery system, and two mass casualty floor mounts to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Fostoria	\$31,644.00	Safety Intervention	Employer received \$31,644 to purchase eight squeeze cages, one, surgeon chair, one multi-purpose table, one rotational lift table, one mobile platform, one carry stretcher, one single kennel with raised floor, one transfer board, one adjustable height bathing tub, one lift, and one transfer sheet to potentially reduce the risk of injury to the neck, shoulders, arms, legs and back related to awkward postures and manual materials handling load and frequency. This intervention will improve the animal veterinary care and bathing processes.
City of Garfield Heights	\$28,717.50	Safety Intervention	Employer received \$28,717.50 to purchase a power ambulance cot and a power load systems to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, push/pull heavy load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport process.
City of Geneva for the Water Works Department	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase a single turner valve maintenance trailer to reduce the risk of injury to the hands, neck, wrist, shoulders, back and legs related to repetitive motion, hand force, awkward postures, contract stress and push/pull heavy load. This intervention will improve the manual valve exercise process.
City of Green	\$1,225.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
City of Hamilton	\$26,485.00	Safety Intervention	Employer received \$26,485 to purchase one powered load system and one power cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Hudson	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
City of Independence	\$2,350.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
City of Independence	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power load cots, two power load systems, and two mass casualty floor mounts to reduce the risk of injury to hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling load. This intervention will be used to improve the patient lifting and transport.
City of Kettering for Fire Department	\$29,583.00	Safety Intervention	Employer received \$29,583.00 to purchase three chest compression systems to potentially reduce the risk of injury to the wrist, neck, shoulders, and hands and back related to awkward posture, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will improve the manual chest compression process.
City of Kirkland for Fire Department	\$29,861.55	Safety Intervention	Employer received \$29,861.55 to purchase one power cot with one powered load to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Lancaster	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase four integrated charging systems, four fastener upgrade kits, and three power ambulance cots with loading systems and accessories to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact force, push/pull heavy load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport process.
City of London	\$17,890.50	Safety Intervention	Employer received \$17,890.50 to purchase 576 gallon totes, three cart tippers and a hot stamp to reduce the risk of injury to the upper and lower extremities related to slips, trips and falls. The intervention will improve the rubbish collection process.
City of Marysville	\$1,950.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
City of Monroe	\$12,333.00	Safety Intervention	Employer received \$12,333.00 to purchase one power load system, upgrading the third ambulance to become functional with the existing power cots to reduce the risk of injury to the hands, wrists, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transport process.
City of Monroe	\$675.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
City of Norwalk	\$11,126.25	Safety Intervention	Employer received \$11,126.25 to purchase one flail mower attachment to reduce the risk of injury to upper and lower extremities related to slips, trips, falls, awkward postures, and pinch. This intervention will be used to improve the city mowing process.
City of Oxford	\$16,622.50	Safety Intervention	Employer received \$16,622.50 to purchase one patient load system to reduce the risk of injury related to repetitive motion, and manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
City of Pickerington	\$40,000.00	Safety Intervention	Employer received \$40,000 to purchase one sewer maintenance system to reduce the risk of injury to the hands, fingers, wrists, arms, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, and manual material handling – load. This intervention will be used to improve the sewage maintenance process.
City of Salem	\$29,673.75	Safety Intervention	Employer received \$29,673.75 to purchase a diesel exhaust extraction systems to reduce the risk of injury to the respiratory system related to environmental exposure to diesel particulate and carbon monoxide. This intervention will be used to improve the daily fire engine apparatus checks process.
City of Sharonville	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
City of Sheffield Lake	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 3,211 remote meters, three computer data collectors, two electronic data collector/receivers, and one meter reading software package to reduce the risk of injury to upper and lower extremities related to repetitive motions, hand force pinch and grip, awkward postures, and contact stress. This intervention will be used to improve the residential and commercial meter reading.
City of Shelby	\$10,240.80	Safety Intervention	Employer received \$10,240.80 to purchase one chest compression system with battery charger, battery, and power supply cord to reduce the risk of injury to fingers, wrists, elbows, shoulders, hands, back, and legs related to hand force grip, awkward posture, and contact stress. This intervention will be used to improve the manual CPR process.
City of Shelby for the Service Department	\$21,712.13	Safety Intervention	Employer received \$21,712.13 to purchase one leaf vacuum machine to reduce the risk of injury to the hands, fingers, wrists, shoulders, neck, and back related to awkward postures, hand force, contact stress, and vibration. This intervention will be used to improve the leaf collection process.
City of Steubenville	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
City of Westlake	\$5,000.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
City of Whitehall for Fire Department	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase three power cots with options, and three powered loads to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Wickliffe	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two powered load systems and two powered cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Willoughby Hills	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one powered load system and two power cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.

Concord Township	\$9,861.00	Safety Intervention	Employer received \$9,861.00 to purchase one chest compression system with battery, power cord, and stand-alone battery charger to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling load. This intervention will be used to improve the patient CPR process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Concord Township Fire Dept	\$11,772.13	Safety Intervention	Employer received \$11,772.13 to purchase one hydraulic post driver with unit, one hydraulic post puller, one hydraulic hose and reel, one 72 inch sweeper attachment, and one gutter brush to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling load and frequency. This intervention will be used to improve the sign post installation and removal, and road sweeping processes.
Construction One Inc	\$2,700.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Contractor Materials Co	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase three 52' long rolling work platforms to reduce the risk of injury to upper and lower extremities related to falls from heights, awkward postures, slips, trips, and falls and manual materials handling load and frequency. This intervention will be used to improve the loading and unloading of materials process.
Cooper Enterprises Inc.	\$39,437.38	Safety Intervention	Employer received \$39,437.38 to purchase , six tote lifters , one panel feeder, a jib crane, and one tilt table to reduce the risk of injury to fingers, wrist, hands, elbows, neck, shoulders, back and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling/load. This intervention will be used to improve the hot and cold laminating, loading and unloading product, and assembly processes.
Coshocton County	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase a portable traffic system and one scissor lift to reduce the risk of injury to the upper and lower extremities related to slips/trips/falls, push/pull moderate load, awkward postures, and traffic hazards. This intervention will be used to improve the work zone traffic control and maintenance and repair processes.
Coshocton NH LLC dba Coshocton Health and Rehabilitation Center	\$39,477.07	Safety Intervention	Employer received \$39,477.07 to purchase two patient lifts, six stand lifts, one ergonomic hygiene chair, and various maxi slide sheets and slings to reduce the risk of injury to hands, wrists, back and legs related to hand force, awkward postures, kneeling, twisting, bending, repetitive motion, lifting and contact stress. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Country Meadow Facility Operations	\$40,000.00	Safety Intervention	Employer received \$40,000 to purchase 29 electric beds, one patient lift, one stand lift, one ergonomic hygiene chair, 20 one way slides, and various slings and belts to potentially reduce the risk of injury to the hands, wrist, neck, arms, legs and back related to hand force, awkward posture, contact stress, and manually lifting - load. This intervention will improve the patient assisting process that includes repositioning, lifting and bathing.
County Electric LLC	\$20,263.13	Safety Intervention	Employer received \$20,263.13 to purchase one articulating boom lift risk of injury to the upper and lower extremities related to falls from ladders and scaffolding. This intervention will be used to improve the process of performing electrical work at heights.
County Electric LLC	\$16,973.66	Safety Intervention	Employer received \$16,973.66 to purchase one mobile, hydraulic bending table to reduce the risk of injury to the upper and lower extremities hands, fingers, wrists, neck, shoulders, elbows, back, and legs related to hand force, awkward postures, contact stress, and manual material handling – load and frequency. This intervention will be used to improve the conduit-bending process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Courtesy Ambulance Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power ambulance cots, two power load systems, two battery power kits, and two mass casualty floor mounts to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact force, push/pull heavy load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport process.
Covenant Animal Clinic Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one digital x-ray system to reduce the risk of injury to the hands, wrists, shoulders, arms, neck, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual materials handling - load. This intervention will be used to improve the animal x-ray process.
Covenant Care Ohio Inc. dba Versailles Health Care Center	\$39,800.96	Safety Intervention	Employer received \$39,800.96 to purchase 45 beds with headboards, 45 mattresses, 45 5-function bed pendants, 90 assist bars, to reduce the risk of injury to hands, wrists, back and legs related to hand force, awkward postures, kneeling, twisting, bending, repetitive motion, lifting and contact stress. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Cowen Truck Line Inc.	\$4,932.13	Safety Intervention	Employer received \$4,932.13 to purchase one platform steel cantilever rolling ladder to potentially reduce the risk of injury to the upper and lower extremities related to falls from heights. This intervention will improve the process of washing semi trucks.
Cox Paving LLC	\$25,861.50	Safety Intervention	Employer received \$25,861.50 to purchase one jib crane base to reduce the risk of injury to hands, wrists, arms, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual materials handling – load and frequency. This intervention will be used to improve the construction and maintenance processes.
Coy Brothers Inc	\$1,575.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Creighton Electric LLC	\$39,063.30	Safety Intervention	Employer received \$39,063.30 to purchase three scissor lifts to reduce the risk of injury to the hands, fingers, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling - load. This intervention will be used to improve the electrical work/construction process.
Crestline Facility Operations LLC	\$40,000.00	Safety Intervention	Employer received \$40,000 to purchase 25 electric beds, one patient lift, one stand lift, one ergonomic hygiene chair, 20 one way slides and various slings and belts to potentially reduce the risk of injury to the hands, wrist, neck, arms, legs and back related to hand force, awkward posture, contact stress, and manually lifting - load. This intervention will improve the patient assisting process that includes repositioning, lifting and bathing.
CSP-Ohio LLC	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase fifteen lift tables to reduce the risk of injury to the hands, arms, neck, back, and legs related to hand force, awkward postures, and contact stress. This intervention will be used to improve the loading and transfer of plastic panel's process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Curwood/Bemis	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase four adjustable platforms to reduce the risk of injury to hands, fingers, wrists, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, and manual material handling – load and frequency. This intervention will be used to improve the product packaging process.
Customer Service Systems Inc	\$300.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Cuyahoga Fence LLC	\$33,626.25	Safety Intervention	Employer received \$33,626.25 to purchase a portable traffic control system with hand held remotes to reduce the risk of injury to upper and lower extremities related to vehicular strike/crash. This intervention will be used to improve the work zone traffic control process.
CV Healthcare LLC	\$275.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Cy Schwieterman Inc.	\$36,657.75	Safety Intervention	Employer received \$36,657.75 to purchase twenty-four cartons of custom staples and one customer made pneumatic auto blanket stapler to reduce the risk of injury to fingers, hands, wrist, elbow, neck, back, and legs related to repetitive hand force pinch, awkward postures, contact stress, push/pull moderate load, and manual materials handling load. This intervention will be used to improve the straw blanket installation process.
D & D Trucking & Services Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase seven pneumatic fall protection systems to reduce the risk of injury to upper and lower extremities related to falling from the tops of trucks. This intervention will be used to improve the truck ascending/descending processes.
D & G Focht Construction Co	\$39,630.93	Safety Intervention	Employer received \$39,630.93 to purchase a 40 foot scissor lift to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, neck, back, and legs related to hand force pinch and grip, awkward postures, contact stress, and manual materials handling weight and load. This intervention will be used to improve the building construction process.
DanMily LLC	\$2,497.50	Safety Intervention	Employer received \$2,497.50 to purchase four residential carts, one all terrain cart and 12 swivel casters to reduce the risk of injury to hands, wrists, fingers, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling - load. This intervention will be used to improve the process of delivering drywall to various jobsites.
DanMily LLC	\$22,989.52	Safety Intervention	Employer received \$22,989.52 to purchase one self-propelled aerial work platform and one vertical mast lift to reduce the risk of injury to the upper and lower extremities related to falling from scaffolding. This intervention will be used to improve the metal framing and drywall installation processes.
Dave's Sand & Stone Inc. dba Grieser Transportation	\$9,064.75	Safety Intervention	Employer received \$9,064.75 to purchase one automatic tarping system to reduce the risk of injury to the hands, fingers, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual lifting - load. This intervention will be used to improve the truck tarping process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>David Price Metal Services Inc.</b>	\$19,993.75	Safety Intervention	Employer received \$19,993.75 to purchase one aerial lift to reduce the risk of injury to upper and lower extremities related to awkward posture, falls from heights, and electrocution. This intervention will be used to improve the fabrication, assembly, and maintenance processes.
<b>Dearing Compressor &amp; Pump Co</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one articulating narrow base boom lift, one fixed height jib, and one top floor mount to reduce the risk of injury to the upper and lower extremities related to slips, trips, and falls from elevated work areas. This intervention will be used to improve the gas compression equipment assembly/disassembly process.
<b>Deer Park Schools</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase motorized telescoping bleacher to reduce the risk of injury to the back, neck, shoulders, arms, and lower extremities due to pushing, pulling, bending, lifting and awkward positions. The purpose of the intervention is to reduce the need to use manual force to pull out/push in the bleachers.
<b>Deerfield Township</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two power cots and two power load systems to reduce the risk of injury to fingers, hands, wrist, arms, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling load. This intervention will be used to improve the patient transfer.
<b>Defiance County Board of Commissioners</b>	\$31,350.00	Safety Intervention	Employer received \$31,350.00 to purchase one scissor lift and one articulating boom lift to risk of injury to upper and lower extremities related to falling from ladders. This intervention will be used to improve the building maintenance process for all county facilities.
<b>DeSalvo Construction Co</b>	\$28,881.81	Safety Intervention	Employer received \$28,881.81 to purchase one modular suspended platform system to reduce the risk of injury to hands, shoulders, arms, back, and legs related to hand force grip, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load/frequency. This intervention will be used to improve the building installation and repair processes.
<b>Diamond Roofing Systems</b>	\$33,322.14	Safety Intervention	Employer received \$33,322.14 to purchase five self retracting lifelines, four flat free wheelbarrows, three pull carts, three ripper blade attachments, two workhorses, two dump trays, two pallet packers, one hammer fall protection cart, one power sweeper, one roof warrior with blade attachment and blade, and one mobile fall protection system to reduce the risk of injury to fingers, hands, back, and legs related to hand force, awkward postures, push/pull heavy load, manual materials handling load and frequency, and exposures to cold temperatures. This intervention will be used to improve the roof replacement process.
<b>Dick Lavy Trucking, Inc.</b>	\$750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Dietary Solutions Inc</b>	\$375.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Directions Credit Union Inc.</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Donovan Express Care LLC	\$1,850.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Dough Hook	\$11,041.36	Safety Intervention	Employer received \$11,041.36 to purchase one meat grinder, one 5" chopper leg set, one patty maker, to reduce the risk of injury to the hands, wrists, arms, shoulders, back, and legs related to hand force, awkward postures, contact stress, vibration, push/pull – moderate load, and manual material handling – load and frequency. This intervention will be used to improve the meat-grinding, patty-making, and chopping processes.
East Holmes Fire & EMS District	\$10,240.80	Safety Intervention	Employer received \$10,240.80 to purchase one chest compression system with stand-alone charger, power cord, and two rechargeable batteries to reduce the risk of injury to the fingers, hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, and push/pull moderate load. This intervention will be used to improve the patient cardio-pulmonary resuscitation process.
Eastern Ohio Regional WW	\$460.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Economy Linen and Towel Service Inc..	\$31,921.50	Safety Intervention	Employer received \$31,921.50 to purchase a linen picker to reduce the risk of injury to fingers, wrists, elbows, shoulders, upper extremities, back, and legs related to repetitive hand force, awkward posture, contact stress, materials handling/frequency and push/pull moderate/heavy load. This intervention will be used to improve the dry linen to feeder process.
EDJ LLC dba Briarfield Manor	\$11,596.47	Safety Intervention	Employer received \$11,596.47 to purchase one combo oven with ten grid shelves to reduce the risk of injury to upper and lower extremities related to steam burns, slips, and falls. This intervention will be used to improve the food steaming processes.
Electronic Imaging LLC	\$1,800.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Elevator Brewing Company LLC	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one steel silo, one chain disk-silo, one flow scale, and one motor control center to reduce the risk of injury to the hands, wrists, neck, shoulders, arms, back, and legs related to repetition, hand force, awkward postures, and manual materials handling – load and frequency. This intervention will be used to improve the beer brewing process.
Elford, Inc.	\$3,375.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Elgin Service Center Inc.	\$14,925.00	Safety Intervention	Employer received \$14,925.00 to purchase one rough terrain scissor lift to reduce the risk of injury to upper and lower extremities related to awkward postures, slips, trips, and falls from heights. This intervention will be used to improve the construction and repair of grain handling equipment and K-buildings processes.
Elgin Service Center Pioneer LLC dba Elgin Service Center Pioneer	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one 45 foot boom stick to reduce the risk of injury to upper and lower extremities related to awkward posture, slips, trips, and falls from heights.

This intervention will be used to improve the pallet-loading process.
<b>Findlay Plumbing &amp; Heating Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one boom lift and two scissor lifts to reduce the risk of injury to the hands, wrists, arms, shoulders, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling – load and frequency. This intervention will be used to improve the plumbing installation/maintenance, and heating/cooling installation/maintenance processes.
<b>Findlay Products Corporation</b>	\$39,547.50	Safety Intervention	Employer received \$39,547.50 to purchase two gravity conveyors, one L-shaped gravity turntable conveyor, and two scissor lift tables to reduce the risk of injury to the hands, fingers, arms, back, and legs related to repetitive motion, hand force, awkward postures, contact stress, and push/pull moderate and heavy loads, manual materials handling – load distance and frequency . This intervention will be used to improve the materials-handling and welding processes.
<b>Findlay Tall Timbers Dist. Center Inc</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Fisher Auto Parts Inc. dba Fisher Auto Parts of Virginia</b>	\$4,836.46	Safety Intervention	Employer received \$4,836.46 to purchase one safety barrier for the dock to reduce the risk of injury to the upper and lower extremities related to falls from dock and falling equipment from dock. This intervention will be used to improve the auto parts loading and unloading processes.
<b>Flohr Machine Co</b>	\$1,600.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>Flushing Volunteer Fire Department Inc.</b>	\$13,541.18	Safety Intervention	Employer received \$13,541.18 to purchase one power cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Forest City Technologies</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one vortex mixer to reduce the risk of injury to fingers, hands, wrist, forearms, back, and legs related to hand force grip/pinch, awkward postures, contact stress, push/pull moderate and heavy load, and manual materials handling/load. This intervention will be used to improve the viscous liquid mixing process.
<b>Fortec Fibers Inc</b>	\$375.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Fortec Laser Services Inc</b>	\$2,100.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Fortec Litho LLC	\$150.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Francis Mfg Co	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase an overhead sand hopper with drag conveyor system to reduce the risk of injury to the fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force grip, awkward postures, contact stress, vibration, push/pull moderate load, and manual materials handling load and frequency. This intervention will be used to improve the sand compacting process.
Fredericks Landscaping Inc.	\$550.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Freeman Mfg & Supply Company	\$26,825.40	Safety Intervention	Employer received \$26,825.40 to purchase a four trailer hook restraint systems and four installation kits to reduce the risk of injury to upper and lower extremities related to falls and falling equipment. This intervention will improve the dock loading and unloading process.
Fresenius Medical Care NA	\$2,400.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Friendship Village of Columbus Ohio Inc.	\$27,400.20	Safety Intervention	Employer received \$27,400.20 to purchase two enhanced patient standing aids, two passive lifts for patients, two hygiene shower chair with raiser, and two sit to stand patient lifts to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling load. This intervention will be used to improve the patient transfer and hygiene care process.
Gateways to Better Living Inc.	\$33,907.52	Safety Intervention	Employer received \$33,907.52 to purchase seven lift tracks, three power stand up lifts, and various slings to potentially reduce the risk of injury to the arms, legs and back related to hand awkward posture, push/pull heavy load, and manually lifting – load and frequency. This intervention will improve the patient assisting process that includes repositioning and lifting.
Genoa Township	\$21,244.00	Safety Intervention	Employer received \$21,244.00 to purchase a portable traffic control system with microwave traffic sensors to reduce the risk of injury to upper and lower extremities related to vehicular strike/crash. This intervention will be used to improve the work zone traffic control process.
Gerber's Poultry	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase five dock levelers and dock locks to reduce the risk of injury to the hands, neck, shoulders, arms, back and legs related to hand force, awkward postures, push/pull moderate load and manual materials handling/load and frequency. This intervention will be used to improve the shipping process.
Gibsonburg Village	\$25,500.00	Safety Intervention	Employer received \$25,500.00 to purchase a boom lift to reduce the risk of injury to the hands, arms, shoulders, back and legs related to hand force grip/pinch, slips/trips/falls, awkward postures, contact stress, push/pull moderate load and manual materials handling/load. This intervention will be used to improve the maintenance and repair process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Gillette Nursing Home Inc.</b>	\$37,270.82	Safety Intervention	Employer received \$37,270.82 to purchase eight patient lift beds, four patient lifts with scales, and three patient standing scales to reduce the risk of injury to fingers, hands, arms, shoulders, back, and legs to repetitive hand motion, hand force grip, awkward postures, push/pull moderate load, and manual materials handling. This intervention will be used to improve patient lifting and transferring process.
<b>Gilmore, Jason &amp; Mahler LTD</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Girard Equipment Co</b>	\$37,309.14	Safety Intervention	Employer received \$37,309.14 to purchase scaffolding and materials for a work platform for long trailer access to reduce the risk of injury to the upper and lower extremities related to falls and awkward postures. This intervention will be used to improve stability to the tractor trailer maintenance and repairs process.
<b>Glenmont Inc..</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 5 portable patient-lift devices, 5 reachers, and various trolleys and tracks to reduce the risk of injury to hands, wrists, back and legs related to hand force, awkward postures, kneeling, twisting, bending, repetitive motion, lifting and contact stress. This intervention will improve the patient lifting process.
<b>Globe Window Cleaning</b>	\$19,326.53	Safety Intervention	Employer received \$19,326.53 to purchase one scissor lift to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, and manual materials handling - load. This intervention will be used to improve the window cleaning process.
<b>Gold Therapy Services Inc</b>	\$975.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Good Shepherd Home for the Aged</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 9 patient lifts and various slings, straps and vests to potentially reduce the risk of injury to back, shoulders, and lower extremities related to repetitive motion, lifting, and awkward postures. The purpose of the intervention will improve the process of patient maneuvering, and lifting.
<b>Goodwill Industries of Greater Sandusky Area</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Goshen Schools</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two motorized bleacher systems to be installed at the elementary and middle schools to reduce the risk of injury to neck, shoulders, elbows, arms, hands, back, and legs related to hand force grip, awkward postures, contact stress, and push/pull moderate to heavy load. This intervention will improve the bleacher setup and storage process.
<b>Grafton Township for Fire Department</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two powered load systems and two power cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Grandview Heights	\$1,556.72	Safety Intervention	Employer received \$1,556.72 to purchase one manhole cover lifter to reduce the risk of injury to the hands, wrists, neck, shoulders, arms, back and legs related to repetition, hand force, awkward postures, contact stress, and push/pull heavy load, manual materials handling – load and frequency. This intervention will be used to improve the process removing/replacing manhole covers.
Grandview Heights	\$4,561.75	Safety Intervention	Employer received \$4,561.75 to purchase one stair chair to potentially reduce the risk of injury to the hands, wrist, neck, arms, legs and back related to hand force, awkward posture, contact stress, push/pull heavy load, and manually lifting - load. This intervention will improve the patient assisting process that includes moving patients up and down stairs.
Great Lakes Petroleum	\$2,700.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Green Local Schools Summit County	\$33,750.00	Safety Intervention	Employer received \$33,750 to purchase wall attached friction bleachers and one remote control for basketball backstop winc.hes to reduce the risk of injury to hands, fingers, wrists, arms, neck, back and legs related to hand force, awkward postures, contact stress , push/pull moderate/heavy load, and manual material handling – load. This intervention will be used to improve the process of moving bleachers.
Green Township	\$600.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Greenfield Exempted Village	\$26,481.25	Safety Intervention	Employer received \$26,481.25 to purchase one transmission jack, one heavy duty wheel dolly, one tire hub and drum tool, two heavy duty appliance carts, three desk lifts with pedestal attachments, one hydraulic furniture mover, one stairclimber, three load lifters, three hydraulic scissor carts and seven lift pods to reduce the risk of injury to the hands, shoulders, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual materials handling – load and frequency. This intervention will be used to improve the vehicle and building maintenance processes.
Greenfield Facility Operations LLC	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 14 electric beds with positioning bars, two bariatric beds, two patient lifts, two stand lifts, one ergonomic hygiene chair, and various maxi slide sheets and slings to reduce the risk of injury to hands, wrists, arms, back, and legs related to hand force, awkward postures, kneeling, twisting, bending, and manual lifting - load. This intervention will improve the process of patient handling, lifting and bathing by reducing repetitive lifting.
GT Technologies Inc.	\$39,999.96	Safety Intervention	Employer received \$39,999.96 to purchase 16 mobile scissor lift tables and 7 lifting tables to potentially reduce the risk of injury to wrists, elbows, shoulder, neck, and back to awkward postures, lifting, trips and falls. The purpose of the intervention is to improve the process of loading bar stock to screw machine feeding system and transferring full totes to a pallet.
Guess Ford-Mercury Inc	\$2,100.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
H B Chemical Corp.	\$6,390.39	Safety Intervention	Employer received \$6,390.39 to purchase one zero lift table and one three-sided safety bellow skirt to reduce the risk of injury to upper and lower extremities related to awkward postures, slips, trips, falls, and manual materials handling. This intervention will be used to improve the handling and moving of hazardous materials process.
H3D Tool Corporation	\$3,700.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Hamilton County	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase a portable traffic control system to reduce the risk of injury to upper and lower extremities related to strike by vehicle. This intervention will be used to improve the construction zone traffic control.
Hanover Volunteer Fire Dept Inc.	\$20,145.60	Safety Intervention	Employer received \$20,145.60 to purchase two chest compression systems, two stand alone battery chargers, a battery and power supply cord to reduce the risk of injury to fingers, wrists, elbows, shoulders, upper extremities, back, and legs related to awkward posture, contact force and push/pull moderate load. This intervention will be used to improve the manual CPR process.
Hardin Northern Schools	\$7,136.45	Safety Intervention	Employer received \$7,136.45 to purchase a push around 30 foot lift to reduce the risk of injury to wrist, hands, neck, shoulders, arms, back and legs due to hand force grip and pinch, awkward postures, contact stress, push/pull moderate load and manual materials handling/load. This intervention will used to improve the building maintenance process.
Harlan Township	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two powered load systems, two powered cots, and two compatibility kits to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Harris Welding & Machine Company	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase five column mounted crane lifts and three floor mounted crane lifts to reduce the risk of injury to the upper and lower extremities related to hand force, awkward postures, contact stress, and manual materials handling/load. This intervention will be used to improve the fabrication and assembly processes.
Harrison Township for Fire Department	\$19,119.60	Safety Intervention	Employer received \$19,119.60 to purchase two chest compression systems to potentially reduce the risk of injury to the wrist, neck, shoulders, and hands and back related to awkward posture, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will improve the manual chest compression process.
Hart Associates, Inc	\$4,200.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Haver Tyler Inc.	\$15,562.50	Safety Intervention	Employer received \$15,562.50 to purchase 14 transport carts, one assembly bench, one part manipulator, one gripper end, and one adjustable mount to potentially reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to hand force, awkward postures, push/pull heavy loads, and manual material handling - load. The purpose of this intervention is to improve the sieve shaker manufacturing process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Haver Tyler Inc.	\$8,888.25	Safety Intervention	Employer received \$8,888.25 to purchase one four-sided acoustical enclosure and one two-sided acoustical enclosure to reduce the risk of injury to hearing related to excessive machine noise exposures level and duration. This intervention will be used to improve the material compression process.
HDI Landing	\$40,000.00	Safety Intervention	Employer received \$40,000 to purchase five steel duct collectors, one custom booth, one central acoustical enclosure, and one sludge removal vacuum to reduce the risk of injury to the upper and lower extremities related to the occupational exposure to hazardous substances. This intervention will be used to improve the metallic particulate matter created during the burring process.
Healthcare Ventures of Ohio LLC	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 20 beds and mattresses, four floor lifts and three slings to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, kneeling, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will improve the process of physically moving and repositioning patients.
Heat Treating Technologies Inc..	\$26,556.08	Safety Intervention	Employer received \$26,556.08 to purchase 5 scissor lift tables to reduce the risk of injury to the hands, fingers, wrists, shoulders, arms, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling load and frequency. This intervention will improve the parts-transferring process.
Heinzerling Foundation	\$27,941.44	Safety Intervention	Employer received \$27,941.44 to purchase four patient ceiling lift systems to reduce the risk of injury to the hands, wrists, neck, back, and legs related to hand force, awkward postures, push/pull heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transferring process.
HELP Plumbing, Heating, Cooling & Electric	\$3,800.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Herczog Heating & Air Conditioning Inc.	\$4,128.75	Safety Intervention	Employer received \$4,128.75 to purchase one stacker/stair climber and one extended toe plate to reduce the risk of injury to hands, fingers, wrists, arms, back and legs related to hand force, awkward postures, contact stress, push/pull moderate/heavy loads, and manual material handling – load. This intervention will be used to improve the moving process of boilers, furnaces and A/C units.
Hicksville Village for the Village Water Department	\$36,779.85	Safety Intervention	Employer received \$36,779.85 to purchase 100 water meters to reduce the risk of injury to hands, fingers, wrists, arms, neck, back and legs related to repetition, hand force, awkward postures, contact stress, manual material handling – load, push/pull moderate load, lighting, and cold temperature. This intervention will be used to improve the meter reading process.
Hillcrest Orchards	\$38,456.25	Safety Intervention	Employer received \$38,456.25 to purchase four picking crates, four crate holders, and one mobile orchard platform machine to reduce the risk of injury to hands, back and legs related to hand pinch, awkward postures, slips/trips/falls, and manual materials handling/load. This intervention will be used to improve the pruning, harvesting, and tree girdling processes.
Hi-Tech Wire Inc	\$1,900.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Holland Roofing of Columbus, Inc.	\$17,076.86	Safety Intervention	Employer received \$17,076.86 to purchase five fall protection carts to reduce the risk of injury to upper and lower extremities related to slip, trips, and falls from heights. This intervention will be used to improve the building roofing process.
Holmes Fire District No 1	\$33,296.15	Safety Intervention	Employer received \$33,296.15 to purchase one power cot with accessories, one power load system, and one mass casualty floor mount to reduce the risk of injury to the hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load and frequency. This intervention will be used to improve the patient transfer.
Homage, LLC	\$29,803.43	Safety Intervention	Employer received \$29,803.43 to purchase one automatic folding system, one automatic bagging system, and one Incline conveyor to reduce the risk of injury to hands, wrists, arms, neck, back, and legs related to repetition, awkward postures, and contact stress. This intervention will be used to improve the tagging/folding and poly-bagging processes.
HP Healthcare LLC	\$275.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Hubbard Schools	\$2,100.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Huron Cement Products Co	\$11,850.52	Safety Intervention	Employer received \$11,850.52 purchase 7 remote level sensors and accessories to reduce the risk of injury to the upper and lower extremities related to falling from silos. This intervention will be used to improve the process of checking product levels.
Huron County for Engineer/Highway Department	\$30,750.00	Safety Intervention	Employer received \$30,750.00 to purchase a portable traffic signal to reduce the risk of injury to the shoulders, wrist and other upper and lower extremities related to repetitive motion and struck by vehicular traffic. This intervention will be used to improve the street upkeep and repair process.
Indianspring Health Care Center LLC	\$6,195.75	Safety Intervention	Employer received \$6,195.75 to purchase two patient lifts, two medium patient slings, and two large patient slings to reduce the risk of injury to the hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load. This intervention will be used to improve the patient transfer process.
Industrial Tube & Steel Corp	\$11,235.00	Safety Intervention	Employer received \$11,235.00 to purchase one automatic tarping system to reduce risk of injury related to hands, wrists, fingers, shoulders, arms, neck, back, and legs related to repetition, hand force, awkward postures, push/pull moderate/heavy load, manual materials handling – load and frequency. This intervention will improve the semi-truck tarping process.
Integrated Marketing Technologies, Inc.	\$2,025.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
J B K Group dba Even Source	\$38,992.96	Safety Intervention	Employer received \$38,992.96 to purchase a personal lift and an electric walkie pallet jack to reduce the risk of injury to wrists, arms, and back related to awkward postures, and push/pull moderate/heavy loads. This intervention will be used to improve the moving processes.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
J L Mechanical Services Inc.	\$13,556.99	Safety Intervention	Employer received \$13,556.99 to purchase one scissor lift to reduce the risk of injury to the hands, fingers, wrists, shoulders, neck, arms, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual materials handling – load and frequency. This intervention will be used to improve the processes of maintaining and installing heating, venting, air conditioning and refrigeration systems.
JR Thomas Landscaping	\$32,479.50	Safety Intervention	Employer received \$32,479.50 to purchase one mini skid steer, one bucket, one pallet fork, one high torque auger drive attachment, one auger bit, one trencher, one combo chain, one boom and one tree fork to reduce the risk of injury to the hands, wrists, neck, shoulders, arms, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual materials handling – load. This intervention will be used to improve the landscaping process.
James A Hulett & Jason T Sylak dba J&J Lawn and Landscaping	\$28,869.02	Safety Intervention	Employer received \$28,869.02 to purchase two automated landscape rakes, one automated soil conditioner, and one automated straw blower to reduce the risk of injury to eyes, skin, fingers, wrists, hands, arms, neck, back, and legs related to falling debris, contact dermatitis, hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling frequency and load. This intervention will be used to improve the soil preparation and installation process.
Jackson Township	\$1,000.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Jainco Products Ltd	\$300.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Jason D Rawson	\$20,756.52	Safety Intervention	Employer received \$20,756.52 to purchase three dollies, two anti freeze handlers, a component jack, wheel lift, transmission jack, adapters and a crane to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, repetition, twisting, lifting, contact stress, hand force, push/pull heavy load and manual material handling load/frequency. This intervention will be used to improve the vehicle repair process.
JB Machining Concepts LLC	\$8,081.25	Safety Intervention	Employer received \$8,081.25 to purchase one scissor lift to reduce the risk of injury to upper and lower extremities related to moving ladders and falls from ladders. This intervention will be used to improve the process of installing of lighting fixtures and chandeliers.
JBJS Acquisitions LLC dba The Alleen Company	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one tent washing machine to reduce the risk of injury to fingers, hands, wrist, arms, elbows, shoulders, neck, back, and legs related to hand force, awkward postures, and manual materials handling load and frequency. This intervention will be used to improve the tent cleaning process.
Jeffrey Bonham Electric Inc	\$9,330.75	Safety Intervention	Employer received \$9,330.75 to purchase one extreme duty cable puller and trigger to reduce the risk of injury to the fingers, hands, wrists, arms, shoulders, neck, arms, shoulders, neck, back, and legs related to repetitive motion, hand force, awkward postures, push/pull heavy load, and manual materials handling. This intervention will be used to improve the cable feeding process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Jeffrey Bonham Electric Inc	\$30,669.25	Safety Intervention	Employer received \$30,669.25 to purchase two 19 foot scissor lifts and one 26 foot scissor lift to reduce the risk of injury to the fingers, hands, wrist, arms, shoulders, neck, back, and legs related to falls from ladders and other elevated areas. This intervention will be used to improve the wiring installation process.
Jennings Local School District	\$6,272.25	Safety Intervention	Employer received \$6,272.25 to purchase one 35 foot man lift to reduce the risk of injury to the shoulder, neck, back, and legs related to awkward postures, and falls from elevated work areas. This intervention will be used to improve the building maintenance and repair process.
Jeromesville Community Fire Dept	\$21,096.00	Safety Intervention	Employer received \$21,096 to purchase a chest compression system to reduce the risk of injury to back, shoulders, arms, and lower extremities related to hand force, awkward postures, and repetitive motions. This intervention will be used to improve the active CPR process.
Jet Container Co	\$39,858.18	Safety Intervention	Employer received \$39,858.18 to purchase a boom lift with rotating platform to reduce the risk of injury to upper and lower extremities related to slips, trips, falls, awkward postures, and falls from heights. This intervention will be used to improve the maintenance and repair process.
Jewett Village for Jewett Village Water Department	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one valve maintenance trailer to reduce the risk of injury to arms, shoulders, hands, back, knees, and neck due to pushing, pulling, bending, and repetitive motion. The purpose of the intervention is to reduce the need for employees to manually turn valve wrenches and improve on reducing ergonomic and over exertion type injuries.
J-Kam, Inc.	\$37,500.00	Safety Intervention	Employer received \$37,500.00 to purchase one 26 foot man lift with jib and one 19 foot scissor lift to reduce the risk of injury to the fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load and frequency. This intervention will be used to improve the installation and retrofitting of fixtures process.
John W Magie Enterprises Inc	\$1,000.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Joseph Stull Inc. dba Vandalia Animal Clinic	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one digital x-ray machine to reduce the risk of injury to the hands, fingers, face, arms, back, knees, and legs related to lifting and securing animals for x-ray procedures and exposure to chemical. This intervention will be used to improve the animal x-ray.
Joseph Tree Service	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase a platform basket tracked aerial lift to reduce the risk of injury to the upper and lower extremities related to slips, trips, falls, and exposure to falling debris. This intervention will be used to improve the tree climbing and trimming process.
K & R Transport II LLC	\$13,713.75	Safety Intervention	Employer received \$13,713.75 to purchase one flatbed smart tarping system to reduce the risk of injury to hands, wrist, shoulders, back, and legs related to hand force, awkward postures, contact stress, push/pull, and manual materials handling load. This intervention will be used to improve the truck loading and unloading process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>K&amp;M Tire Inc.</b>	\$34,875.00	Safety Intervention	Employer received \$34,875.00 to purchase three carton clamps to reduce the risk of injury to the hands, wrists, arms, shoulders, back, and legs related to hand force, awkward postures, push/pull moderate and heavy load, and manual materials handling – load and frequency. This intervention will be used to improve the process of unloading large tires from semis.
<b>Kaiser Pickles LLC</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two custom made blending lifting systems, and two customer made mixing lifting systems. This intervention will be used to reduce the risk of injury to wrist, hands, arms, shoulders, neck, back, and legs related to hand force pinch, awkward postures, contact stress, push/pull moderate load, and manual materials handling load and frequency.
<b>KCS Contracting LLC</b>	\$20,775.00	Safety Intervention	Employer received \$20,775.00 to purchase three scissor lifts to reduce the risk of injury to the upper and lower extremities related to falling from ladders and scaffolding. This intervention will be used to improve the construction process at heights.
<b>Keller Grain &amp; Feed Inc.</b>	\$37,088.90	Safety Intervention	Employer received \$37,088.90 to purchase one 78foot bin paddle sweep system and one 60 foot bin paddle sweep system to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to hand force pinch and grip, awkward postures, contact stress, vibration, push/pull moderate and heavy load, and manual materials handling load. This intervention will be used to improve the grain bin unloading process.
<b>Keller Group Limited dba Keller Farms Landscaping &amp; Nursery</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one walk behind skid steer, one auger head drive, one Harley rake, and one rock hound to reduce the risk of injury to hands, wrist, arms, neck, back, and legs related to repetitive motions, hand force grip and pinch, awkward postures, push pull, and manual materials handling load and frequency. This intervention will be used to improve the soil preparation and installation process.
<b>Keller Packaging of Napoleon</b>	\$1,650.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Keller Packaging of Napoleon Inc.</b>	\$24,697.20	Safety Intervention	Employer received \$24,697.20 to purchase one walker stacker and two walkie pallet trucks to reduce the risk of injury to the hands, wrists, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual materials handling - load. This intervention will be used to improve the packaging process.
<b>Keller Packaging of Napoleon Inc.</b>	\$10,205.85	Safety Intervention	Employer received \$10,205.85 to purchase two belt-driven conveyors with ten leg supports/casters to reduce the risk of injury to the hands, wrists, arms, back, and legs related to repetition, hand force, awkward postures, and manual material handling – load and frequency. This intervention will be used to packaging process.
<b>Keller Warehousing &amp; Distribution LLC</b>	\$2,325.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Ken Neyer Plumbing</b>	\$33,228.93	Safety Intervention	Employer received \$33,228.93 to purchase one hydro jet and one wireless remote control to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, manual materials handling – load weight and distance, and push/pull moderate and heavy loads. This intervention will be used to improve the sewer cleaning process.

This intervention will be used to improve the customized machining processes.
Millersport Village	\$9,861.00	Safety Intervention	Employer received \$9,861.00 to purchase a chest compression system to reduce the risk of injury to back, shoulders, arms, and lower extremities related to hand force, awkward postures, and repetitive motions. This intervention will be used to improve the active CPR process.
Mills Company	\$25,440.00	Safety Intervention	Employer received \$25,440.00 to purchase a power vacuum panel lifter and rotator to reduce the risk of injury to hands, arms, neck, back, and legs related to hand force, awkward postures, contact stress, and push/pull moderate load. This intervention will be used to improve the panel handling and loading process.
Minderman Marine Products Inc.	\$9,150.00	Safety Intervention	Employer received \$9,150.00 to purchase one scissor lift to reduce the risk of injury the upper and lower extremities related to falling from ladders. This intervention will be used to improve the process of building, installing, and servicing boat hoisting equipment.
Minerva Convalescent Center	\$14,791.42	Safety Intervention	Employer received \$14,791.42 to purchase 14 electric beds with head and foot boards, 14 pendant controls, 2 extension kits, 14 mattresses, 14 staff assist hardware kits, and 7 flip down assist bars to potentially reduce the risk of injury to the hands, wrist, neck, arms, legs and back related to hand force, awkward posture, contact stress, and manually lifting - load. This intervention will improve the patient assisting process that includes repositioning, lifting and bathing
Minster Area Life Squad	\$34,695.15	Safety Intervention	Employer received \$34,695.15 to purchase one power cot and load system, and one power transport chair to reduce the risk of injury to the fingers, wrists, hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling load. This intervention will be used to improve the patient transfer process.
Minster Local Schools	\$3,075.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Mirka Abrasives Inc</b>	\$1,050.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Monroe Township for Volunteer Fire Department</b>	\$33,747.46	Safety Intervention	Employer received \$33,747.46 to purchase one powered load system and one power cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Montville Township</b>	\$20,823.89	Safety Intervention	Employer received \$20,823.89 to purchase one powered load system to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Mount Royal Facility Operations LLC dba Mount Royal Villa</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 42 electric beds with assist bars, two bariatric beds, two patient lifts, 20 one-way slides, and various belts and slings to potentially reduce the risk of injury to the hands, wrist, neck, arms, legs and back related to hand force, awkward posture, and manually lifting - load. This intervention will improve the patient assisting process that includes repositioning, lifting and bathing.
<b>Mount Vernon NH LLC dba Mount Vernon Health and Rehab Center</b>	\$28,047.98	Safety Intervention	Employer received \$28,047.98 to purchase one patient lift, two stand lifts, one ergonomic hygiene chair, and various maxi slide sheets and slings to reduce the risk of injury to hands, wrists, back and legs related to hand force, awkward postures, kneeling, twisting, bending, repetitive motion, lifting and contact stress. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Muskingum Watershed Conservancy District</b>	\$2,500.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>MVP Plastics</b>	\$15,442.05	Safety Intervention	Employer received \$15,442.05 to purchase fourteen compressed air loaders, five mobile hopper platforms with forklift slots, five box magnets, and five slide gate mobile hopper platforms to reduce the risk of injury to back, shoulders, neck, hands, and lower extremities due to contusions, cuts, lifting, pushing, pulling, repetitive motion, slips, trips, and falls. This intervention will reduce the need for employees to climb onto a press to clean, load, or otherwise service hoppers.
<b>Nagys Body and Frame Inc</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>NAJ Trucking</b>	\$9,075.00	Safety Intervention	Employer received \$9,075.00 to purchase one mobile truck access unit to reduce the risk of injury to upper and lower extremities related to slip, trips, and falls from heights. This intervention will be used to improve maintenance of dry bulk trailers process.
<b>National Lighting Electric Services Inc</b>	\$550.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>Nelson Manufacturing Company</b>	\$8,812.50	Safety Intervention	Employer received \$8,812.50 to purchase one 19 foot scissor lift to reduce the risk of injury to hands, arms, shoulders, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling load and frequency. This intervention will be used to improve the installation and maintenance process.

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Newton Township</b>	\$20,327.40	Safety Intervention	Employer received \$20,327.40 to purchase two chest compression systems with stand alone battery chargers, power supply cords, and a rechargeable battery to reduce the risk of injury to hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, and contact stress. This intervention will be used to improve the CPR process.
<b>Nippon Steel &amp; Sumikin Crankshaft LLC</b>	\$5,000.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Nitro Roofing &amp; Construction LLC</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one 45 foot boom lift and one roof equipper to reduce the risk of injury to the hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling load. This intervention will be used to improve the roofing installation and repair process.
<b>NJ Supermarkets South Inc. dba Wayne's Country Market</b>	\$34,708.50	Safety Intervention	Employer received \$34,708.50 to purchase one portable bagging system to reduce the risk of injury to hands, fingers, wrists, arms, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, and manual materials handling – load. This intervention will be used to improve the process of bagging mulch, stone, topsoil and other landscape materials for retail sale.
<b>North Olmsted Schools</b>	\$36,810.00	Safety Intervention	Employer received \$36,810.00 to purchase one power wash system with an undercarriage wash, one power brush, and wash bay options to reduce the risk of injury to hands, wrists, shoulders, neck, back, and legs related to hand force, awkward postures, vibration, push/pull moderate and heavy load, and manual materials handling – load. This intervention will be used to improve the bus washing process.
<b>North Royalton</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase three power ambulance cots with accessories, three power load systems, and three floor mounts to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport process.
<b>Northcoast Inc Recycling Specialists</b>	\$23,519.25	Safety Intervention	Employer received \$23,519.25 to purchase a horizontal baler system to reduce the risk of injury to fingers, wrists, elbows, should, neck, back, and legs related to awkward posture, hand force, and manual materials handling/load. This intervention will be used to improve the baling processes.
<b>Northern Mfg Co Inc.</b>	\$37,297.47	Safety Intervention	Employer received \$37,297.47 to purchase materials to construct storage racks to reduce the risk of injury to the hands, finger, arms, back, and legs related to hand force, awkward postures, contact stress, and manual material handling – load. This intervention will be used to improve materials storage for easier and safer access.
<b>Northfield Center Sagamore Hills Fire District</b>	\$23,129.76	Safety Intervention	Employer received \$23,129.76 to purchase one powered load system and one compatibility kit for a power cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Northside Veterinary Clinic, LLC</b>	\$29,984.25	Safety Intervention	Employer received \$29,984.25 to purchase two wet tables with scale, two grate covers, two gas assisted transport tables, two heated hydraulic surgery tables, and one mobile instrument table to reduce the risk of injury to the hands, wrist, arms, shoulder, neck, and back related to hand force, awkward postures, push/pull moderate load, and manual materials handling load. This intervention will be used to improve the surgical transport process.
<b>Northwest State Community College</b>	\$17,850.00	Safety Intervention	Employer received \$17,850.00 to purchase one boom lift to reduce the risk of injury to the hands, wrist, arms, shoulder, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling load and frequency. This intervention will be used to improve the building maintenance and repair process.
<b>Northwestern Ohio Community Action Commission</b>	\$5,000.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Norton City Schools</b>	\$16,868.25	Safety Intervention	Employer received \$16,868.25 to purchase four direct drive electric basketball hoop w/inc.hes, and one 26' scissor lift to reduce the risk of injury to fingers, hands, wrist, arms, neck, shoulders, back and legs related to hand force, awkward postures, contact stress, and push/pull moderate load. This intervention will improve the process of rising and lower the basketball backboards and general maintenance work.
<b>Norwich Township</b>	\$39,359.48	Safety Intervention	Employer received \$39,359.48 to purchase five power stair patient lifts, and three chest compression units with rechargeable batteries, charger, and cords to reduce the risk of injury to the hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load. This intervention will be used to improve the CPR and patient transport processes.
<b>NS Healthcare</b>	\$275.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>Oberlander's Tree &amp; Landscape</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one firewood processor to reduce the risk of injury to the hands, fingers, wrists, neck, arms, back, and legs related to repetition, hand force, awkward postures, contact stress, vibration, and manual material handling – load and frequency. This intervention will be used to improve the firewood-cutting process.
<b>Occupational Health Link Inc</b>	\$600.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Ohio Christian University</b>	\$13,455.00	Safety Intervention	Employer received \$13,455.00 to purchase one scissor lift to reduce the risk of injury to the upper and lower extremities due to falls from ladders. This intervention will be used to improve the building maintenance processes.
<b>Ohio Eastern Star Home</b>	\$38,185.13	Safety Intervention	Employer received \$38,185.13 to purchase six bariatric beds, six bariatric mattresses, six assist bars, two seat lifters, four patient lifts, and various slings. The interventions will be used to reduce the risk of injury to the hands, fingers, wrists, neck, shoulders, arms, back, and legs related to hand force, awkward postures, and manual materials handling – load.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Ohio Employee Health Partnership	\$600.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Ohio Valley Employment LLC	\$32,267.35	Safety Intervention	Employer received \$32,267.35 to purchase 61 2-piece lumber carts to reduce the risk of injury to the hands, wrists, fingers, shoulders, neck, arms, back, and legs related to repetition, hand force, awkward postures, contact stress, and manual material handling - load and frequency. This intervention will be used to improve the lumber-stacking and banding process.
Omni Manufacturing Inc.	\$5,083.12	Safety Intervention	Employer received \$5,083.12 to purchase cart caddy with various options to reduce the risk of injury to the hands, wrists, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy loads, and manual material handling – load. This intervention will be used to improve the metal stamping process.
Orange Township	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one power load system and cot with a mass casualty floor mount, and an auto pulse system with charger, carry case, and soft stretcher to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport and the CPR processes.
OSG Tap & Die Inc.	\$38,062.50	Safety Intervention	Employer received \$38,062.50 to purchase one single girder crane to reduce the risk of injury to hands, arms, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling – load. This intervention will be used to improve the truck unloading process.
P&A Industries Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase six tote box tilters, three L-shaped floor roller/conveyor system, two wide based scissor lifts, and two wall mounted jib cranes with hoists This intervention will be used to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to hand force grip, awkward postures, contact stress, and push/pull moderate load.
Paint Creek Vet Clinic	\$33,779.78	Safety Intervention	Employer received \$33,779.78 to purchase eight squeeze cages, one multi-purpose table, one rotational lift table, one mobile platform, one carry stretcher, one single kennel with raised floor, one transfer board, one adjustable height bathing tub, one lift, and one transfer sheet to potentially reduce the risk of injury to the neck, shoulders, arms, legs and back related to awkward postures and manual materials handling load and frequency. This intervention will improve the animal veterinary care and bathing processes.
Palmyra Township	\$33,487.50	Safety Intervention	Employer received \$33,487.50 to purchase one patient loading system to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Pandora Village for the Water Department	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 500 remotely-readable water meters to reduce the risk of injury to the hands, arms, wrists, neck, back, and legs related to hand force, awkward posture, contact stress, and push/pull – moderate load, and manual material handling – load and frequency. This intervention will improve the water meter reading process.

FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Pataskala Land Corp dba Pataskala Oaks Care Center</b>	\$31,704.75	Safety Intervention	Employer received \$31,704.75 to purchase 29 electric beds, bed ends, and position devices to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, kneeling, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will improve the process of physically moving and repositioning patients.
<b>Patented Acquisition Corp</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Patriot Hardscape Solutions</b>	\$22,755.38	Safety Intervention	Employer received \$22,755.38 to purchase one grader machine to reduce the risk of injury to hands, fingers, wrists, arms, neck, back, and legs related to hand force, awkward postures, contact stress, and push/pull moderate and heavy load. This intervention will be used to improve the leveling process.
<b>Paulding Exempted Village Schools</b>	\$19,612.50	Safety Intervention	Employer received \$19,612.50 to purchase a two-man scissor lifts and a one-man scissor lift to reduce the risk of injury to the upper and lower extremities related to slips, trips, falls, and awkward postures. This intervention will be used to improve the maintenance and repairs process.
<b>Peerless Leasing Corp.</b>	\$2,025.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Perkins Township for Fire Department</b>	\$11,833.81	Safety Intervention	Employer received \$11,833.81 to purchase one power cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Pester Plumbing Inc.</b>	\$21,943.36	Safety Intervention	Employer received \$21,943.36 to purchase one hydro jet to reduce the risk of injury to the hands, wrists, fingers, neck, arms, and legs related to hand force, awkward posture, contact stress, push/pull heavy load, and manual materials handling – load and frequency. This intervention will improve the sewer cleaning process.
<b>Pickaway County</b>	\$34,521.38	Safety Intervention	Employer received \$34,521.38 to purchase one portable traffic signal to reduce the risk of injury to the shoulders, wrist and other upper and lower extremities related to repetitive motion and being struck by vehicular traffic. This intervention will be used to improve the street upkeep and repair process.
<b>Pickaway County</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Piketon Facility Operations</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 21 electric beds with positioning devices, four bariatric beds, two patient lifts, one stand lift, and 20 one-way slides to potentially reduce the risk of injury to the hands, wrist, neck, arms, legs and back related to hand force, awkward posture, and manually lifting - load. This intervention will improve the patient assisting process that includes repositioning, lifting and bathing.
<b>Pleasant Township for Volunteer Fire Department</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two hose management systems, 3 remote-controlled nozzles, and 12 composite cylinders to reduce the risk of injury related to wrists, elbows, shoulders, neck, and back related to trips and falls and rolling fire hoses. This intervention will improve the fire-extinguishing process for field fires.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Plus Management Service Inc</b>	\$22,639.81	Safety Intervention	Employer received \$22,639.81 to purchase twenty electric beds, twenty mattresses, one full body patient lift, one lift scale, one stand-up lift, and two slings to potentially reduce the risk of injury to back, shoulders and neck related to bending, twisting, repetitive motion, hand force, contact stress and awkward postures. The purpose of the intervention is to improve the process of patient maneuvering and positioning.
<b>PMCO LLC</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Pohl Machining</b>	\$13,387.50	Safety Intervention	Employer received \$13,387.50 to purchase a radio controlled system for overhead cranes to reduce the risk of injury to the wrists, elbows, shoulders, neck hands, back, legs related to hand force, repetitive motion, frequent lifting, awkward posture, contact stress and manual material handling frequency. This intervention will improve the machining, assembly welding, shipping and receiving processes.
<b>Polk-Jackson-Perry Fire District</b>	\$10,030.76	Safety Intervention	Employer received \$10,030.76 to purchase a chest compression unit and batteries to reduce the risk of injury to the wrist, neck, shoulders, and hands and back related to awkward posture, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will be used to improve the manual chest compression process.
<b>Polychem Corporation</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Portage County</b>	\$9,325.00	Safety Intervention	Employer received \$9,325 to purchase one diesel-powered valve maintenance trailer and one breaker T-Handle to reduce the risk of injury to the wrist, neck, shoulders, hands, legs and back related to awkward posture, kneeling, bending, repetitive motion, contact stress, hand force and manual material handling load. This intervention will improve the manual opening and closing of valves, service pump and chemical barrel lifting process.
<b>Portage Metropolitan Housing Authority</b>	\$900.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Powerbuilt Material Handling</b>	\$10,738.41	Safety Intervention	Employer received \$10,738.41 to purchase one scissor lift to reduce the risk of injury to the upper and lower extremities due to falls from ladders. This intervention will be used for processes that take place at elevated heights.
<b>Preferred Airparts LLC dba Preferred Airparts</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one boom lift with fall protection platform to reduce the risk of injury to the upper and lower extremities which result from falls from high places. This intervention will be used to improve the aircraft repair and building maintenance processes.
<b>Premier Building Solutions Inc.</b>	\$10,898.25	Safety Intervention	Employer received \$10,898.25 to eight scissor pallet tables to reduce the risk of injury to fingers, hands, wrist, elbow, neck, shoulders, arms, back, and legs related to repetitive hand force pinch and grip, awkward postures, contact stress, and manual materials handling load and frequency. This intervention will be used to improve the shipping process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Premier Insulation Contracting Inc.	\$7,097.19	Safety Intervention	Employer received \$7,097.19 to purchase a floor mounted gantry crane, one slip roll system, one jet heavy duty hoist, and one 2-ton adjustable pulley arm to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling frequency and load. This intervention will be used to improve the metal roll straightening process.
Preston Machine & Fabrication	\$28,681.97	Safety Intervention	Employer received \$28,681.97 to purchase one bridge crane and one hoist to reduce the risk of injury to the hands, wrists, fingers, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, and push/pull heavy load. This intervention will be used to improve the process of moving raw and finished products to and from the warehousing area and production floor.
Priority Dispatch Inc.	\$35,437.50	Safety Intervention	Employer received \$35,437.50 to purchase one hundred fifty distribution carts retrofitted with spring platform bottoms to reduce the risk of injury to the hands, wrists, fingers, shoulders, neck, arms, back and legs related to repetitive motion, hand force, awkward postures, contact stress, push/pull moderate/heavy load, and manual material handling load/frequency. This intervention will be used to improve the book sorting process.
Progressive Foam Technologies Inc.	\$26,429.81	Safety Intervention	Employer received \$26,429.81 to purchase one scissor lift, one hydraulic power tug, one drum handler/mover, one pneumatic cutter, and one pneumatic steel strapping tool to reduce the risk of injury to the hands, fingers, wrists, arms, neck, back, and legs related to hand force, awkward postures, contact stress, and manual material handling – load and frequency. This intervention will be used to improve the poly styrene insulation manufacturing process.
Prout Boiler Heating	\$11,745.00	Safety Intervention	Employer received \$11,745.00 to purchase one pipe fitting alignment system to reduce the risk of injury to the hands, fingers, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling – load and frequency. This intervention will be used to improve the commercial/industrial plumbing process.
PSI Industrial Solutions Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one portable air powered hose control device with a simple boom hose, and one automated exchanger tube cleaning system with two tube cleaning nozzles and two positioners reduce the risk of injury to fingers, hands, wrist, elbows, arms, shoulders, neck, back, and legs related to repetitive motions, hand force pinch and grip, awkward postures, contact stress, vibration, and manual materials handling weight. This intervention will be used to improve the high pressure water jet and hydro blast cleaning processes.
PSK Steel Corporation	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one overhead 10-ton single girder crane to reduce the risk of injury to wrists, arms, back, and legs related to awkward postures, contact stress, and push/pull heavy load. This intervention will be used to improve the metal manufacturing process.
PTA, Inc	\$1,600.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
PTH, Inc	\$1,600.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Quarry Hill Orchards LLC	\$8,037.00	Safety Intervention	Employer received \$8,037.00 to purchase one pruning tower to reduce the risk of injury to the hands, arms, fingers, shoulders, wrists, neck, back, and legs related to repetition, hand force, awkward postures, and contact stress. This intervention will improve the tree pruning process.
R & J Cylinder & Machine, Inc.	\$1,950.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
R&J Investment Co Inc. dba Avon Oaks Nursing Home	\$39,690.18	Safety Intervention	Employer received \$39,690.18 to purchase forty-four electric patient beds to reduce the risk of injury to the upper and lower extremities related to hand force, awkward postures, contact stress, and manual materials handling load. This intervention will be used to improve the lifting and transferring of patients from sit to stand.
R & T Yoder Electric, Inc.	\$9,613.32	Safety Intervention	Employer received \$9,613.32 to purchase one scissor lift to reduce the risk to upper and lower extremities related to falling from ladders. This intervention will be used to improve the electrical installation and maintenance processes.
Rable Machine Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one vertical lift to potentially reduce the risk of injury to the upper and lower extremities related to falling from ladders. The purpose of this intervention is to improve the stocking and order fulfillment processes.
Rampe Manufacturing Co	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one thrust bearing machine to reduce the risk of injury to back and hands due to hand intensive work and repetitive motion. The purpose of the intervention is to eliminate the process of manually locating the retainers onto the ball bearings and reduce the need to manually load ball bearings and retainers into their respective hoppers.
Randall Bearings Inc	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one universal robot with interface to reduce the risk of injury to the hands, fingers, wrists, elbows, neck, shoulders, arms, back, and legs related to repetition, hand force, awkward postures, push/pull moderate load, and manual materials handling – load and frequency. This intervention will be used to improve the 17-step manufacturing process.
Rawhide Fire Hose Corp	\$24,566.25	Safety Intervention	Employer received \$24,566.25 to purchase two scissor lifts to reduce the risk of injury to the upper and lower extremities related to falling from ladders. This intervention will be used to improve the process of packaging fire hose orders from shelves up to 20 feet high.
RBCD LLC dba Pleiman Landscaping	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase a material handling trailer with a hydraulic powered lift jack and spare tire to reduce the risk of injury to arms, neck, back, and legs related to fall from heights, and manual materials handling load. This intervention will be used to improve the material loading and unloading process.
RBI Coldwater Inc.	\$38,217.75	Safety Intervention	Employer received \$38,217.75 to purchase a robotic arm to reduce the risk of injury to hands, fingers, wrist, elbows, shoulder, neck, arms, back and legs due to hand force/pinch, awkward postures, contact stress, vibration, and manual materials handling/load. This intervention will be used to improve the chamfering and sanding process.
RD Holder Oil Co Inc	\$1,050.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Reading Township	\$23,304.69	Safety Intervention	Employer received \$23,304.69 to purchase two chest compression systems with rechargeable batteries, two stair chair patient transports, and one battery charger to reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling load. This intervention will be used to improve the CPR and patient transport processes.
RECO Equipment Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase three bolting machines with various attachments and three stage pumps to reduce the risk of injury to the hands, fingers, wrists, neck, shoulders, arms, back, and legs related to repetition, hand force, awkward postures, contact stress, vibration, and push/pull heavy load. This intervention will be used to improve the torquing process.
Reichle Klein Group Inc	\$1,600.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Reminderville Village for Fire Department	\$34,154.09	Safety Intervention	Employer received \$34,154.09 to purchase one powered load system and one power cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Respiratory Care Partners Inc.	\$24,898.74	Safety Intervention	Employer received \$24,898.74 to purchase one stair climber and four lift gates to reduce the risk of injury to the hands, arms, fingers, shoulders, back, and legs related to hand force, awkward postures, push/pull heavy load, and manual materials handling – load and frequency. This intervention will improve the process of delivering oxygen concentrators and ventilators.
Restylers' Choice LLC	\$24,364.73	Safety Intervention	Employer received \$24,364.73 to purchase two motorized order pickers to reduce the risk of injury to upper and lower extremities related to awkward postures, slips, trips, and falls from heights. This intervention will be used to improve the order pulling process.
Reuther Mold & Mfg Co Inc	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Richards Industries	\$7,714.73	Safety Intervention	Employer received \$7,714.73 to purchase one 8" parts and air cleaner, three large parts cleaners and collection units, one mist collection unit, one filter and one low noise air nozzle to reduce the risk of exposure to oil mist and oil on the floor creating a slip hazard. This intervention will be used to improve the parts cleaning process.
Richland County for the Richland County Engineer	\$30,750.00	Safety Intervention	Employer received \$30,750 to purchase one portable traffic signal and one hand-held remote system to reduce risk of injury related to upper and lower extremities related to standing, inattentiveness, and miscommunication during road and bridge repairs and maintenance. This intervention will improve the road and bridge repair and maintenance process.
Richmond Volunteer Fire & Rescue Co Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two powered load systems and one power cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Richwood Village	\$19,595.25	Safety Intervention	Employer received \$19,595.25 to purchase 410 radio water meters, 48 pit set radio meters, one handheld radio reader, and one command link with software to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, vibration, push/pull moderate load, manual materials handling load, and exposures to cold temperatures. This intervention will be used to improve the water meter reading process.
Ridgeville Township	\$29,747.22	Safety Intervention	Employer received \$29,747.22 to purchase one power cot and power load system to reduce the risk of injury to upper and lower extremities related to awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transfer and transport.
Ridgewood Facility Operations LLC	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase twenty one-way patient slides, thirteen electric patient beds with assist bar, eleven back belts of various sizes, nine patient slings of various sizes, seven power patient lifts, and two bathing lifts to reduce the risk of injury to the fingers, wrists, hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, manual materials handling load and frequency, slips, and falls. This intervention will be used to improve the patient transfer and bathing processes.
Ripley Union Local Schools	\$33,750.00	Safety Intervention	Employer received \$33,750.00 to purchase two scissor lifts to reduce the risk of injury to the neck, shoulders, arms, elbows, wrist, back, and legs related to awkward postures, contact stress, and push/pull moderate and heavy load. This intervention will be used to improve the maintenance process.
Riverview Industrial Wood Products Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one table saw, one pallet stacker, and one leg nailer to reduce the risk of injury to hands, fingers, wrists, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, push/pull – moderate and heavy loads, and manual material handling – load and frequency. This intervention will be used to improve the pallet-making process.
RMH Concrete and Foundations Inc.	\$36,629.70	Safety Intervention	Employer received \$36,629.70 to purchase one power curber, a molds and string kit, and a hydraulic rock breaker to reduce the risk of injury to fingers, hands, wrist, elbow, shoulder, neck, back and legs related to repetitive hand force, awkward postures, contact stress, and manual materials handling/load. This intervention will used to improve the forming concrete curbs and breaking concrete process.
Robbins Inc.	\$16,083.75	Safety Intervention	Employer received \$16,083.75 to purchase a ceiling mounted workstation bridge crane and one vacuum lifting system to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to repetitive movements, hand force grip and pinch, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load and frequency. This intervention will be used to improve the materials loading and unloading process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Robertson Heating Supply Co</b>	\$28,286.44	Safety Intervention	Employer received \$28,286.44 to purchase three electric pallet jacks, three battery chargers, and one stairclimber to reduce the risk of injury to the hands, fingers, back, and legs related to hand force, awkward postures, contact stress, vibration, push/pull – moderate and heavy load, and manual material handling – load and frequency. This intervention will be used to improve the warehouse distribution and appliance delivery processes.
<b>Rock Hill Local Schools</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase three remote-controlled commercial slope mowers, and one lift gate to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, and vibration. This intervention will be used to improve the hillside mowing and supplies loading/unloading processes.
<b>Rod Schag, Inc .</b>	\$22,572.00	Safety Intervention	Employer received \$22,572.00 to purchase one free-standing jib crane, one 1-ton hoist, one 12' monorail system, one ½-ton hoist, and two vacuum lifters. This intervention will be used to reduce the risk to the hands, neck, back, and legs related to repetition, hand force, awkward postures, and manual materials handling – load.
<b>Roehrig Painting LLC</b>	\$34,488.75	Safety Intervention	Employer received \$34,488.75 to purchase three scissor lifts to reduce the risk of injury to the neck, back, shoulders, elbows, wrist, knees, hip, and feet related to falls from ladder, awkward postures, and slips/trips/falls. This intervention will be used to improve the installation and painting process.
<b>Romanoff Electric Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two tuggers, one foot pedal triggers, five jack stands, 1 pulling head, 2 mobile bending tables, and 50 podium ladders to reduce the risk of injury to the hands, fingers, wrists, neck, arms, back, knees, ankles, and legs related to repetition, hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual material handling – load and frequency. This intervention will be used to improve the electrical construction and installation processes.
<b>Romy's Plumbing Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase eight 34" – 55" hydraulic vertical shores, one poly hand pump, 7 mini jets, five stair climbers, and 7 tool boxes. This intervention will be used to reduce the risk to hands, fingers, wrists, shoulders, neck, arms, back, and legs related to repetition, hand force, awkward postures, contact stress, and push/pull moderate and heavy load.
<b>Roof Rite Inc</b>	\$1,600.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
<b>Rootstown Township Fire Department</b>	\$33,972.67	Safety Intervention	Employer received \$33,972.67 to purchase one patient loading system to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Roricks Inc.</b>	\$27,956.25	Safety Intervention	Employer received \$27,956.25 to purchase two scissor lifts to reduce the risk of injury to the upper and lower extremities related to falling from ladders and scaffolding. This intervention will be used to improve the building construction/repair process.
<b>Rosenboom Machine &amp; Tool Inc</b>	\$5,000.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Ross, Sinclair & Associates, LLC	\$2,475.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Rowmark LLC	\$12,556.96	Safety Intervention	Employer received \$12,556.96 to purchase two scissor lifts to reduce the risk of injury to hands, wrist, arms, shoulders, back, and legs related to hand force grip, awkward postures, contact stress, push/pull moderate load, and manual materials handling load/frequency. This intervention will be used to improve the maintenance and repair process.
Russell Tree Experts	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one platform aerial lift to reduce the risk of injury to upper and lower extremities due to awkward postures and falls from heights. This intervention will be used to improve the tree pruning.
S&S Builders & Excavating LLC	\$33,980.93	Safety Intervention	Employer received \$33,980.93 to purchase one scissor lift with outriggers to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling - load. This intervention will be used to improve the construction and roofing processes.
Sandusky Public Schools	\$23,587.50	Safety Intervention	Employer received \$23,587.50 to purchase one 26 foot and one 19 foot scissor lifts to reduce the risk of injury to hands, wrist, arms, neck, back, and legs related to hand force, contact stress, and awkward postures. This intervention will be used to improve the building maintenance process.
Sandusky Township	\$29,710.56	Safety Intervention	Employer received \$29,710.56 to purchase one power ambulance cot and power load to reduce the risk of injury to hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling load. This intervention will be used to improve the patient lifting and transport.
Sandy Valley Schools	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one boom lift to potentially reduce the risk of injury to the upper and lower extremities related to falling from ladders. The purpose of this intervention is to improve the maintenance and custodial processes.
Santina Foods Inc. dba Mr. Meatball	\$24,066.67	Safety Intervention	Employer received \$24,066.67 to purchase one pasta mixing and forming machine to reduce the risk of injury to the hands, neck, shoulders, arms, wrists, back and legs related to hand force, awkward postures, contact stress, and push/pull moderate load. This intervention will be used to improve the pasta-making process.
Sarah Jane Living Center LLC	\$39,529.05	Safety Intervention	Employer received \$39,529.05 to purchase thirty-six electric beds, thirty therapeutic mattresses, six ultra mattresses, six molded pivot rail sets, two trapeze brackets and bars, and one bed dolly to reduce the risk of injury to the fingers, hands, wrists, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling. This intervention will be used to improve the patient transfer process.
Scioto Township	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two patient transfer systems to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Scioto Valley Fire District	\$10,548.00	Safety Intervention	Employer received \$10,548.00 to purchase three auto pulse batteries, chest compression bands, and one chest compression system with charger, carry case, and soft stretcher to reduce the risk of injury to fingers, wrists, elbows, shoulders, hands, back, and legs related to hand force grip, awkward posture, and contact stress. This intervention will be used to improve the manual CPR process.
Scredon Meyer Enterprise dba Visiting Angels	\$9,660.00	Safety Intervention	Employer received \$9,660.00 to purchase four supine to sit patient lifts and four sit to stand patient lifts to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, back, knees, and legs to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling frequency and load. This intervention will be used to improve the patient lifting and transport process.
Seepex US Inc.	\$2,025.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Seifert Technologies, Inc.	\$2,200.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Seifert Technologies, Inc.	\$2,700.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
SEM Haven, Inc .	\$14,392.50	Safety Intervention	Employer received \$14,392.50 to purchase one dynamic stander and balance control device and one additional yoke to reduce the risk of injury to the hands, fingers, wrists, neck, shoulders, arms, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate and heavy load, and manual materials handling – load. This intervention will be used to improve the patient rehabilitation process.
Sentrilock LLC	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Jeff E Schoney dba Shawnee Tree	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one 83' self-propelled man lift to reduce the risk of injury to the hands, fingers, wrists, shoulders, neck, arms, back, and legs related to hand force, awkward postures, and push/pull heavy load. This intervention will be used to improve the tree maintenance/removal processes.
Settle Muter Electric, Ltd.	\$31,319.63	Safety Intervention	Employer received \$31,319.63 to purchase two bending tables and two conduit benders to reduce the risk of injury to the fingers, hands, wrists, arms, shoulder, neck, back, and legs related to slips, trips, falls, sprains, strains, and cuts. This intervention will be used to improve the bending conduit process.
Seven Hills Pet Clinic	\$1,500.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Sew-Eurodrive, Inc.	\$2,400.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Shawn G Jarrett dba Jarrett Tree Service LLC</b>	\$36,921.75	Safety Intervention	Employer received \$36,921.75 to purchase one skid steer with attachments to reduce risk of injury to hands, fingers, wrists, arms, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, and manual material handling – load. This intervention will improve the processes of tree and tree stump removal, tree pruning and trimming, lot clearing, and firewood production.
<b>Sheffield Township Fire Department</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one power load system and two power cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
<b>Sheldon Gas Co</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase 1,375 radio read electronic meter plates and readers, and one vehicle base station with computer and billing/mapping software to reduce the risk of injury to neck, wrist, back, and legs related to awkward postures, contact stress, and manual materials handling weight. This intervention will be used to improve the meter reading process.
<b>Shifrin Newman Smith Inc.</b>	\$1,200.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Shinn Bros Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one vacuum excavator to reduce the risk of injury to hands, wrists, arms, neck, back, and legs due to hand force, awkward postures, contact stress, and manual materials handling - load. This intervention will improve the process of digging around gas and electric lines.
<b>Shuman Specialized Transportation LTD</b>	\$35,625.00	Safety Intervention	Employer received \$35,625.00 to purchase one scissor lift and one bridge system and lifting beam to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load. This intervention will be used to improve the load tarping process.
<b>Siebenaler Construction Co</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one 40 foot boom lift and one 26 foot scissor lift to reduce the risk of injury to upper and lower extremities related to slip/trip/falls from heights, awkward postures, and manual materials handling/load. This intervention will used to improve the building and installation of materials process.
<b>SIFCO Applied Surface Concepts LLC</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one custom built robotic cell with PLC, HMI, programming, and UR-5 mechanical package to reduce the risk of injury to hands, wrist, and neck related to repetitive motions and awkward postures. This intervention will be used to improve the metal plating process.
<b>Silgan Containers Manufacturing</b>	\$30,072.00	Safety Intervention	Employer received \$30,072.00 to purchase four man lifts with swing gate entry and lowering light and alarm to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual materials handling load and frequency. This intervention will be used to improve the conveyor maintenance process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
<b>Simonson Construction Services Inc.</b>	\$8,983.01	Safety Intervention	Employer received \$8,983.01 to purchase four extension arms. Two rebar tying tools, and two rebar tying pistol grip tools to reduce the risk of injury to the fingers, hands, wrist, arms, shoulders, neck, back, and legs related to repetitive motion, awkward postures, and contact stress. This intervention will be used to improve the manual hook tying of metal rods process.
<b>Simonson Construction Services Inc.</b>	\$22,820.29	Safety Intervention	Employer received \$22,820.29 to purchase two scissor lifts to reduce the risk of injury to hands, wrist, arms, neck, back, and legs related to hand force grip, awkward postures, and contact stress. This intervention will be used to improve the construction process.
<b>Smyth Automotive, Inc</b>	\$2,900.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Somerset NH LLC dba Somerset Health and Rehabilitation Center</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase ten electric patient beds with assist bars to reduce the risk of injury to fingers, hands, wrist, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling load. This intervention will be used to improve the patient lifting and transfer process.
<b>Southern Ohio Trenching Inc.</b>	\$21,150.00	Safety Intervention	Employer received \$21,150.00 to purchase two portable wireless traffic control systems to reduce the risk of injury to the upper and lower extremities related to being struck by a motor vehicle. This intervention will be used to improve the construction traffic control process.
<b>Spallinger Autoclave Systems Inc</b>	\$900.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Spallinger Millwright</b>	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
<b>Sparta Electric Inc.</b>	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase two new electric scissor lifts to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling load and frequency. This intervention will be used to improve the electrical installation and repair processes.
<b>Specialty Ceramics Inc. dba SCI Inc.</b>	\$18,844.89	Safety Intervention	Employer received \$18,844.89 to purchase a custom built trolley system to reduce the risk of injury to the hands, wrists, fingers, shoulders, neck, arms, back and legs related to hand force/repetitive motion, awkward postures, contact stress, vibration, and manual material handling load/frequency. This intervention will be used to improve the vacuum forming process.
<b>Spencer Community Fire District</b>	\$30,835.56	Safety Intervention	Employer received \$30,835.56 to purchase one power load and one power cot to reduce the risk of injury to the fingers, hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load. This intervention will be used to improve the loading and transfer process.
<b>Spencerville Ambulance Service Inc.</b>	\$39,906.06	Safety Intervention	Employer received \$39,906.06 to purchase two power load systems and installation to reduce the risk of injury to upper and lower extremities related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling/load. This intervention will be used to improve the patient loading/unloading for transport process.

**BWC Safety Grant Awards  
FY16 (July 1, 2015 - March 31, 2016\*)**

EMPLOYER NAME	WARRANT AMOUNT	Grant Type	DESCRIPTION
Spillman Company	\$2,250.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Sprint Electric Inc.	\$40,000.00	Safety Intervention	Employer received \$40,000.00 to purchase one electric scissor lift, and an engine powered all-terrain scissor lift to reduce the risk of injury to shoulders, arms, wrist, hands, back, and legs related to hand force grip/pinch, awkward postures, contact stress, push/pull moderate load, and manual materials handling load/frequency. This intervention will improve the electrical component installation process.
SRWW Joint Fire District #2	\$32,933.92	Safety Intervention	Employer received \$32,933.92 to purchase one power stair chair climber and one power cot with loading system, head rest kit and IV pole to reduce the risk of injury to upper and lower extremities related to hand force, contact stress, awkward postures, push/pull heavy load, and manual material handling load. This intervention will be used to improve the patient transport process.
St. Henry Consolidated Local School District	\$3,750.00	Workplace Wellness Grant	The Workplace Wellness Grant Program (WWGP) assists employers with the creation and implementation of a workplace wellness program.
