

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
415 Group Inc.	\$3,700.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
717 Inc.	\$6,720.43	Safety Intervention	BWC awarded \$6,720.43 to purchase one printer/cutter to reduce the risk of injury to fingers, hands, wrist, neck, back, and legs related to hand force, awkward postures, and contact stress. This intervention will be used to improve making heat transfers process.
A & RJ Corp	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one track loader with various buckets, bits, and grapples. This intervention will reduce the risk of injury to the hands, wrists, arms, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling – load and frequency. This intervention will also improve the landscaping process for large projects.
A R Schopp's Sons Inc	\$600.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
A to Z Plumbing & Drain Service LLC	\$3,810.00	Safety Intervention	BWC awarded \$3,810.00 to purchase one stair-climbing dolly to reduce the risk of injury to the hands, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, push/pull – heavy load, and manual materials handling – load and unloading.
A-1 Auto Center	\$16,699.04	Safety Intervention	BWC awarded \$16,699.04 to purchase one fuel tank/transmission lift, one car caddy, one overhead door lift system with 6 door openers, and one topside engine creeper to reduce the risk of injury to fingers, wrist, hands, elbows, arms, neck, back, and legs related to repetitive motion, hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the vehicle repair process.
Abbott Electric, Inc.	\$6,934.75	Safety Intervention	BWC awarded \$6,934.75 to purchase one 8-wire coil cart, and two conduit bending stations to reduce the risk of injury to hands, fingers, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, twisting, bending, kneeling, contact stress, and push/pull – moderate and heavy load. This intervention will be used to improve the electrical wiring process.
ACI Services Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one stainless steel agitating cleaning tank to reduce the risk of injury to fingers, hands, wrist, elbows, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the process of lifting and cleaning of metal cylinders and caps.
Acoustic Ceiling & Partition Co. of Ohio, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one portable drywall/cement board milling machine to reduce the risk of injury to fingers, hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repetitive motions, hand force, awkward postures, contact stress, vibration, push/pull moderate load, and manual materials handling. This intervention will improve the cutting, hanging, and finishing drywall process.
Adare Pharmaceuticals, Inc.	\$25,900.50	Safety Intervention	BWC awarded \$25,900.50 to purchase one stainless steel platform with guardrails to potentially reduce the upper and lower extremities related to falls from ladders and other elevated platforms. This intervention will improve the medication/pill forming process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Adena Corporation	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one structural steel band saw with an internal coolant/dust reduction system to reduce the risk of injury to the upper and lower extremities related to burns, overexertion, flying debris, and being struck by steel. This intervention will be used to improve the grinding and torching process.
Adkins Building Company Inc	\$1,200.00	Drug Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Advanced Industrial Tire Inc	\$3,729.36	Safety Intervention	BWC awarded \$3,729.36 to purchase one lifting table to reduce the risk of injury to the hands, fingers, wrists, arms, neck, back, and legs related to hand force, awkward postures, contact stress, and manual material handling – load.
AFC Cable Systems Inc	\$22,170.99	Safety Intervention	BWC awarded \$22,170.99 to purchase one industrial parts washer to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull – moderate loads, and manual materials handling - load. The intervention will improve the industrial parts washing process.
AFP Distributors Inc	\$10,365.49	Safety Intervention	BWC awarded \$10,365.49 to purchase one flip away gate to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will improve the product delivery process.
AHF Ohio Inc	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase six sit-to-stand patient lifts and four patient lifts with scales to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transfer process.
Alliance Area Habitat for Humanity	\$4,458.00	Safety Intervention	BWC awarded \$4,458.00 to purchase four hanging scaffolds to reduce the risk of injury to the upper and lower extremities related to falls from ladders. This intervention will improve home construction process.
Allied Commercial Roofing Services LTD	\$550.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Alpha Coatings, Inc.	\$14,707.01	Safety Intervention	BWC awarded \$14,707.01 to purchase two vacuum lifts to reduce the risk of fingers, hands, wrist, elbow, arms, shoulder, neck, back and legs related to repetitive motion, hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will be used to improve the bucket lifting process.
American Quality Stripping	\$21,478.75	Safety Intervention	BWC awarded \$21,478.75 to purchase five chemical transfer pumps with drum pump kits, and one customer build water treatment work platform to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling. This intervention will improve the water chemical treatment process.
American Savings Bank	\$3,200.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Amish Wedding Foods Inc	\$3,500.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Anchor Flange Company	\$20,401.60	Safety Intervention	BWC awarded \$20,401.60 to purchase 10 spring level loaders to reduce the risk of injury to the hands, fingers, arms, shoulders, back, and legs related to hand force, awkward postures, and manual materials handling – load and frequency. This intervention will be used to improve the pallet loading/unloading processes.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Anderson Concrete Corp.	\$600.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Appalachian Wood Floors Inc.	\$2,450.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Applied Mechanical Systems	\$2,625.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Arnold Machine Inc	\$2,025.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Arrow Tru-Line, Inc.	\$2,500.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Arrowhead Joint Fire District	\$21,792.37	Safety Intervention	BWC awarded \$21,792.37 to purchase one power load system to compliment the exiting power cot to reduce the risk of injury to hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual material handling.
Ashtabula Township	\$34,473.90	Safety Intervention	BWC awarded \$34,473.90 to purchase one power stretcher with accessories, one power load, and one mass casualty floor mount. The intervention will be used to reduce the risk of injuries to the upper and lower extremities related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will also be used to improve the patient transport process.
Astoria Place of Barnesville	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase four patient clip slings, three hygiene chairs, two patient lift systems, two patient lifts with scales, two sit to stand patient lifts, and two patient slings. This intervention will be used to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. Also, this intervention will be used to improve the patient lifting and
Atrium Apparel Corporation	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one high definition screen imaging system to reduce the risk of injury to the hands, fingers, wrists, neck, shoulders, arms, back, and legs related to hand force, awkward postures, and contact stress. This intervention will be used to improve the t-shirt printing process.
Auglaize County Educational Service Center	\$3,525.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Auto Loan, Inc.	\$300.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Avalon Golf and Country Club Inc.	\$25,819.12	Safety Intervention	BWC awarded \$25,819.12 to purchase two broadcast style top dressers to reduce the risk of injury to the hands, arms, back, and legs related to repetition, hand force, awkward postures, contact stress, push/pull – moderate load, and manual materials handling.
Axiom Product Development LLC	\$1,425.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
B & W Welding, Inc.	\$16,061.21	Safety Intervention	BWC awarded \$16,061.21 to purchase one automatic tarping system with options to reduce the risk of injury to the hands, wrists, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull – moderate load, and manual material handling.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Badurik LLC	\$11,982.75	Safety Intervention	BWC awarded \$11,982.75 to purchase one custom built 40 foot meat rail to reduce the risk of injury to fingers, hands, arms, shoulder, neck, back, and legs related to awkward postures, manual materials handling, lacerations, slips, trips, and falls.
Barbour Publishing Inc	\$2,000.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Barium & Chemicals, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one bulk bag material conditioning system to reduce the risk of injury to hands, fingers, shoulders, arms, back, and legs related to repetition, hand force, awkward postures, bending, twisting, contact stress, vibration, and manual materials handling – load and frequency. This intervention will improve the raw materials handling process.
Barrett Paving Materials, Inc.	\$23,784.81	Safety Intervention	BWC awarded \$23,784.81 to purchase two barrel movers to potentially reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to repetition, hand force, awkward postures, vibration, push/pull – moderate and heavy load, and manual material handling.
Battle Run Fire District	\$10,548.00	Safety Intervention	BWC awarded \$10,548.00 to purchase one chest compression system to potentially reduce the risk of injury to the wrist, neck, shoulders, and hands and back related to awkward posture, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will improve the resuscitation process.
Beacon Electric Company	\$36,297.08	Safety Intervention	BWC awarded \$ 36,297.08 to purchase one wire feeder/puller system to reduce the risk of injury to hands, fingers, wrists, shoulders, arms, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, bending, twisting, kneeling, push/pull – moderate and heavy load, and manual materials handling – load. This intervention will improve the cable/wire handling process.
Bell Logistics Co	\$19,650.00	Safety Intervention	BWC awarded \$19,650.00 to purchase two automatic tarping systems to reduce the risk of injury to the hands, shoulders, neck, back, and legs related to hand force, awkward postures, and manual materials handling – load and frequency.
Benazer Nursery, Inc.	\$8,529.77	Safety Intervention	BWC awarded \$8,529.77 to purchase one side loader liftgate to reduce the risk of hands, wrist, arms, shoulder, neck, back and legs related to hand force, awkward postures, contact stress, and manual materials handling. This intervention will be used to improve the landscaping process.
Benjamin Steel Co Inc	\$33,577.56	Safety Intervention	BWC awarded \$33,577.56 to purchase four jib cranes and four crane hoists to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull – moderate and heavy load.
Berk Enterprises, Inc.	\$1,250.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Bethel Township Trustees	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two power cots and one power load system to reduce the risk of injury to the upper and lower extremities related to awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transport process.
BHC Belmont Pines Hospital Inc	\$3,000.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Bladensburg Fire District	\$20,481.60	Safety Intervention	BWC awarded \$20,481.60 to purchase one chest compression system to potentially reduce the risk of injury to the wrist, neck, shoulders, and hands and back related to awkward posture, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will improve the resuscitation process.
Bloom Township	\$8,928.00	Safety Intervention	BWC awarded \$8,928.00 to purchase two hose maintenance systems to reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to repetition, hand force, awkward postures, push/pull moderate load, and manual materials handling. The intervention will improve the fire hose maintenance process.
Bloom Township	\$19,231.62	Safety Intervention	BWC awarded \$19,231.62 to purchase one powered load system for an existing powered cot and one compatibility kit to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles.
Bouzounis, Inc.	\$1,200.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Bowser-Morner, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one vacuum lifting system with an overhead crane to reduce the risk of injury to fingers, hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling. This intervention will be used to improve the glass materials handling process.
BP Electric of Ohio Inc	\$500.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Brecksville-Broadview Heights Schools	\$19,915.09	Safety Intervention	BWC awarded \$19,915.09 to purchase two student lifts and one mat lifter to reduce the risk of injury to wrists, shoulders, arms, neck, back, and legs related to awkward postures, twisting, bending, kneeling, push/pull - moderate load, and manual materials handling - load. This intervention will be used to improve the student lifting and gymnasium mat storage processes.
Brethren Care Village	\$2,925.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Brewster Village	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two power cots with extender bariatric option and two power load systems to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Bristol Township	\$30,855.75	Safety Intervention	BWC awarded \$30,855.75 to purchase one patient transfer system to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting. Bristol Fire Department always has a staff of two employees at all times and has two ambulances.
Brown Transport, Inc.	\$7,462.50	Safety Intervention	BWC awarded \$7,462.50 to purchase five man doors for trailers to reduce the risk of injury to the upper and lower extremities related to slip/fall, muscle strain/sprain, and overexertion from climbing and/or falling from a trailer side. This intervention will improve the semi-trailer maintenance/inspection/cleaning process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Buckeye Community Services	\$34,801.75	Safety Intervention	BWC awarded \$34,801.75 to purchase five sit-to-stand lifts, one wall lift, and one hydraulic lift to potentially reduce the risk of injury to back, shoulders, and lower extremities related to repetitive motion, lifting, and awkward postures. The intervention will improve the process of patient maneuvering, and lifting, including into and out of a van.
Buckeye Community Services Inc.	\$5,198.25	Safety Intervention	BWC awarded \$5,198.25 to purchase one lift gate and one battery powered stair climbing hand truck to reduce the risk of injury to hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the appliances moving process.
Buckeye Corrugated, Inc.	\$3,750.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Buckeye Lake Winery, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one steel mezzanine system with one 3,000 pound pallet lift enclosure and gate to reduce the risk of injuries to the upper and lower extremities related to falls from heights, slips, trips, and falls, chemical spills, awkward postures, and being struck from falling objects. This intervention will be used to improve the materials storage and retrieval process.
Buckeye Ready Mix LLC	\$600.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Buckeye Stamping Co.	\$10,345.50	Safety Intervention	BWC awarded \$10,345.50 to purchase one crane and hoist with vacuum lift to reduce the risk of injury to hands, wrists, shoulders, arms, neck, back, and legs related to hand force, awkward postures, bending, twisting, contact stress, push/pull –postures, push/pull – moderate load, and manual materials handling – load. This intervention will be used to improve the parts manufacturing process.
Buckingham Electric LLC	\$17,300.59	Safety Intervention	BWC awarded \$38,707.30 to purchase five offset benders, three hydraulic punchers, two pallet jacks, two PVC benders, two conduit bend stations, two cable puller, one cable feeder, one hydraulic bender with table, one material tree cart, and one material lift to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, neck, back, and legs. Risk factors include repetitive motion, hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling.
Buckingham Electric LLC	\$640.00	Drug Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Bucyrus - Division of Fire	\$26,385.51	Safety Intervention	BWC awarded \$26,385.51 to purchase 2 chest compression units and two stair chairs to potentially reduce the risk of injury to the wrist, neck, shoulders, and hands and back related to awkward posture, twisting, bending, repetitive motion, and lifting.
Bunker Hill Cheese Co Inc	\$21,885.08	Safety Intervention	BWC awarded \$21,885.08 to purchase one custom build stationary platform system and one single pedestal support platform to reduce the risk of injury to the upper and lower extremities related to falls from heights, slips, trips, falls, awkward postures, and manual materials handling. The intervention will improve the milk tanker unloading and cleaning process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Bunting Bearings LLC	\$21,216.56	Safety Intervention	BWC awarded \$ 21,216.56 to purchase two auto-tarping systems to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull – moderate and heavy load, and manual material handling - load. This intervention will improve semi-trailer tarping/untarping process.
Burch Hydro, Inc.	\$977.50	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
C.I.R., Inc.	\$34,426.88	Safety Intervention	BWC awarded \$34,426.88 to purchase one portable traffic system to potentially reduce the risk of injury and/or possible fatalities to workers due to exposure to traffic in the work zone. The purpose of the intervention is to reduce the need for workers to manually flag within the work zone, thus removing them from a situation where they could face possible injury or death due to careless or inattentive drivers.
Campbell Oil Company Inc	\$3,000.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Canton City School District	\$35,232.00	Safety Intervention	BWC awarded \$35,232.00 to purchase one electric powered bleacher system to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, and push/pull moderate to heavy load. This intervention will be used to improve the setup and storage of bleachers process.
Cardinal Joint Fire District	\$34,848.38	Safety Intervention	BWC awarded \$34,848.38 to purchase one power cot and one power load to reduce the risk of injury to hands, wrist, arms, shoulder, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Carmichael Machine Corp	\$4,441.75	Safety Intervention	BWC awarded \$4,441.75 to purchase one hydraulic vehicle restrain system with automatic lights communication package to reduce the risk of injury to upper and lower extremities related to slips, trips, falls from forklift, and strike by vehicle. This intervention will improve the materials loading and unloading process.
Carmichael Machine Corp	\$2,100.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Casad Company Inc	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one automatic screen cleaning and reclaiming system to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, and vibration. This intervention will improve the printing screen cleaning process.
Cavalier Distributing Company	\$18,741.94	Safety Intervention	BWC awarded \$18,741.94 to purchase two lift gates to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repetitive motions, hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the materials loading and unloading process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
CB Excavating and Trucking Ltd	\$21,356.16	Safety Intervention	BWC awarded \$21,356.16 to purchase one hydraulic breaker attachment to reduce the risk of injury to hands, wrist, arms, neck, back, and legs related to hand force, awkward postures, contact stress, vibration, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the forging of hardscape materials process.
CB Manufacturing	\$3,375.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Central Coated Products, Inc.	\$26,512.55	Safety Intervention	BWC awarded \$26,512.55 to purchase three dock levelers, one roll lifter cart, and three dock door seals to reduce the risk of injury to hands, wrists, shoulders, arms, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, twisting, bending, push/pull - moderate and heavy load, and manual materials handling - load. This intervention will be used to improve the process of manufacturing food processing papers.
Century Die Co., LLC	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one freestanding crane with hoist and one jib crane to reduce the risk of injury to hands, fingers, wrists, arms, shoulders, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, bending, and push/pull – moderate and heavy load. This intervention will be used to improve the mold tooling manufacturing process.
Chalfant Sewing Fabricators Inc	\$17,556.37	Safety Intervention	BWC awarded \$17,556.37 to purchase one roll slitting with a set of 3 rollers, hydraulic roll support, one loader cart, and one fork mount carpet pole attachment to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will improve the materials loading and unloading process.
Champlin/Haupt Architects, Inc.	\$1,350.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Chauncey Village	\$36,712.50	Safety Intervention	BWC awarded \$36,712.50 to purchase one valve maintenance trailer to reduce the risk of injury to arms, shoulders, hands, back, knees, and neck due to pushing, pulling, bending, and repetitive motion. The purpose of the intervention is to reduce the need for employees to manually turn valve wrenches and improve on reducing ergonomic and overexertion type injuries.
Chester Township	\$30,784.50	Safety Intervention	BWC awarded \$30,784.50 to purchase one integrated patient transport and loading system and installation to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient transport process.
City of Ashtabula	\$2,590.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
City of Bay Village	\$4,100.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
City of Bellefontaine	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one power cot with accessories, one power load system, and one chest compression system with soft stretcher to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, back, and legs related to repetitive motion, hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport and cardiovascular resuscitation processes.
City of Bexley	\$10,957.50	Safety Intervention	BWC awarded \$10,957.50 to purchase one valve maintenance trailer to reduce the risk of injury to fingers, hands, wrist, elbows, arms, shoulders, neck, back, and legs. Risk factors include repetitive motion, hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the valve exercising process.
City of Bexley	\$5,451.08	Safety Intervention	BWC awarded \$5,451.08 to purchase sixty-two ballistic vest carriers and thirty-one duty-belt suspension systems to reduce the risk of injury to wrist, back, and legs related to awkward postures, contact stress, and manual materials handling. This intervention will improve the policing process.
City of Bowling Green	\$11,887.50	Safety Intervention	BWC awarded \$11,887.50 to purchase two evacuation air jacks, two air transfer systems, and two adjustable air regulators to reduce the risk of injury to hands, wrists, shoulders, arms, neck, back, and legs related to hand force, awkward postures, bending, twisting, kneeling, push/pull – moderate and heavy load, and manual materials handling – load and frequency.
City of Brecksville	\$5,754.88	Safety Intervention	BWC awarded \$5,754.88 to purchase one fire hose maintenance system with accessories to reduce the risk of injury to the hands, arms, neck, back, and legs related to repetition, hand force, awkward postures, push/pull – moderate load, and manual material.
City of Brecksville	\$34,245.12	Safety Intervention	BWC awarded \$34,245.12 to purchase one power cot, one power load system, and one mass casualty floor mount to reduce the risk of injury to hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual material handling.
City of Broadview Heights	\$16,503.75	Safety Intervention	BWC awarded \$16,503.75 to purchase three power stair chairs with accessories to reduce the risk of injury to hands, arms, shoulders, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transport process.
City of Brookville	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one power cot, and one power load to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transport process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
City of Cambridge	\$35,625.00	Safety Intervention	BWC awarded \$35,625.00 to purchase one portable traffic system to potentially reduce the risk of injury and/or possible fatalities to workers due to exposure to traffic in the work zone. The purpose of the intervention is to reduce the need for workers to manually flag within the work zone, thus removing them from a situation where they could face possible injury or death due to careless or inattentive drivers.
City of Cheviot	\$31,679.88	Safety Intervention	BWC awarded \$31,679.88 to purchase one powered load, one powered cot with options, and one mass casualty fastener to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Circleville	\$31,077.27	Safety Intervention	BWC awarded \$31,077.27 to purchase one power cot with options, and one powered load to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Coshocton	\$35,886.00	Safety Intervention	BWC awarded \$35,886.00 to purchase one overhead crane system to reduce the risk of injury to hands, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling.
City of Dover	\$6,017.71	Safety Intervention	BWC awarded \$6,017.71 to purchase one mud buggy to reduce the risk of injury to hands, wrists, shoulders, arms, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, push/pull – moderate and heavy load, and manual materials handling – load and frequency. This will improve the burial process.
City of Englewood	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two powder load and two power cots to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs. Risk factors include hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transport process.
City of Fairlawn	\$33,723.38	Safety Intervention	BWC awarded \$33,723.38 to purchase one power cot, one power load system, and one mass casualty floor mount to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
City of Findlay	\$19,354.50	Safety Intervention	BWC awarded \$19,354.50 to purchase one set of hydraulic extrication tools to reduce the risk of injury to the upper and lower extremities related to traffic, weather conditions, terrain, and hazards associated with the accident scene.
City of Fremont	\$36,972.00	Safety Intervention	BWC awarded \$36,972.00 to purchase one vehicle exhaust removal system reduce the risk of injury to respiratory system related to exposure to diesel exhaust fumes. This intervention will be used to improve the overall storage of emergency vehicles.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
City of Harrison	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two powered load systems and two powered cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Hudson	\$34,800.75	Safety Intervention	BWC awarded \$34,800.75 to purchase one power cot with accessories, one power load, and one mass casualty floor mount to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
City of Kirtland	\$6,671.10	Safety Intervention	BWC awarded \$6,671.10 to purchase two stair-pro rescue chair and one patient elevating life system to reduce the risk of injury to the hands, wrist, arms, shoulders, neck, back, and legs related to hand force, push/pull have load, and manual materials handling. This intervention will be used to improve the patient transport process.
City of Lorain	\$5,632.50	Safety Intervention	BWC awarded \$5,632.50 to purchase one lifting device with swing arm and grate attachment to reduce the risk of injury to hands, wrist, arms, neck, back, and legs, related to hand force, awkward postures, contact stress, push/pull moderate load, and manual material handling. This intervention will be used to improve the manhole cover lifting process.
City of Lorain	\$2,538.12	Safety Intervention	BWC awarded \$2,538.12 to purchase two magnetic cover lifts to reduce the risk of injury to hands, arms, shoulder, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will be used to improve the manhole cover lifting process.
City of Marietta	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase three powered load systems for existing powered cots, three cot compatibility kits, and three casualty floor mats, to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Massillon	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase four patient transfer systems with accessories to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Medina	\$20,026.92	Safety Intervention	BWC awarded \$20,026.92 to purchase one powered load system for an existing cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Moraine	\$23,796.25	Safety Intervention	BWC awarded \$23,796.25 to purchase one power cot and power load system to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
City of Mount Vernon	\$31,479.27	Safety Intervention	BWC awarded \$31,479.27 to purchase one powered load system and one powered cot with accessories to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Mount Vernon	\$8,520.73	Safety Intervention	BWC awarded \$8,520.73 to purchase one hydraulic chainsaw with power grip pipe clamp, hydraulic hose set, portable water supply, one replacement chain, and one concrete chain to reduce the risk of injury to fingers, hands, wrist, arms, neck, back, and legs related to repetitive motion, hand force, awkward postures, contact stress, and vibration. This intervention will improve the cutting water lines process.
City of Mt. Healthy	\$33,727.70	Safety Intervention	BWC awarded \$33,727.70 to purchase one power cot and one power load to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient transport process.
City of New Philadelphia	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two powered load systems and two powered cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Newark	\$20,327.40	Safety Intervention	BWC awarded \$20,327.40 to purchase two chest compression systems with battery charges and batteries to reduce the risk of injury to the hands, wrists, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, and push/pull moderate load. This intervention will be used to improve the cardiopulmonary resuscitation process.
City of Oberlin	\$6,183.75	Safety Intervention	BWC awarded \$6,183.75 to purchase one hose management system to reduce the risk of injuries to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, and manual materials handling load. This intervention will be used to improve the hose maintenance process.
City of Olmsted Falls	\$18,525.00	Safety Intervention	BWC awarded \$18,525.00 to purchase one powered load for an existing powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Pepper Pike	\$12,085.00	Safety Intervention	BWC awarded \$12,085.00 to purchase one power load system to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient transferring process.
City of Pickerington	\$2,700.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
City of Richmond Heights	\$6,765.19	Safety Intervention	BWC awarded \$6,765.19 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling.
City of Rocky River	\$39,357.42	Safety Intervention	BWC awarded \$39,357.42 to purchase two powered load systems for two existing powered cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. The intervention will improve the process of patient handling and lifting by reducing repetitive lifting.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
City of Tiffin	\$6,146.25	Safety Intervention	BWC awarded \$6,146.25 to purchase one power roller with coupling jaws, one GO pack unit, one extra set of coupling jaws, and one extra battery pack and charger to reduce the risk of injuries to the upper and lower extremities. Risk factors include repetitive motion, awkward position, slips, trips, and falls, and manual materials handling load. This intervention will be used to improve the fire hose draining, rolling, moving, lifting, and reloading processes.
City of Upper Sandusky	\$6,146.25	Safety Intervention	BWC awarded \$6,146.25 to purchase hose management system to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual materials handling. This intervention will improve the fire hose maintenance and storage process.
City of Wapakoneta	\$16,031.25	Safety Intervention	BWC awarded \$16,031.25 to purchase two trench boxes to reduce the risk of injury to hands, wrists, arms, neck, back, and legs related to hand force grip and pinch, awkward postures, contact stress, push/pull moderate load, manual materials handling, slips, trips, and falls within excavated spaces. This intervention will improve the underground utilities repair and replacement process.
City of West Carrollton	\$34,680.02	Safety Intervention	BWC awarded \$34,680.02 to purchase one powered load system, one powered cot, and one mass casualty fastener to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
City of Westlake	\$14,456.58	Safety Intervention	BWC awarded \$14,456.58 to purchase one power cot and power load system to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient transport process.
City of Worthington OH	\$27,513.08	Safety Intervention	BWC awarded \$27,513.08 to purchase one power load and one chest compression system to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transport process.
Clark Township	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two powered load systems and one powered cot (one powered cot exists) to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. The intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Clay Township	\$36,095.02	Safety Intervention	BWC awarded \$36,095.02 to purchase one power cot and power load system with accessories to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and patient lifting.
Cleveland Municipal School District	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase 11 trams (two with scales) and 9 student lifts to reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to hand force, awkward postures, bending, twisting, kneeling, push/pull – moderate load, and manual materials handling - load. This intervention will be used to improve the student lift process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Clyde Tool & Die, Inc.	\$18,378.29	Safety Intervention	BWC awarded \$18,378.29 to purchase two scrap conveyor systems and one mechanical dock leveler to reduce the risk of injury to hands, wrist, arms, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will be used to improve the loading, unloading, and materials transferring processes.
Colonel Crawford Local Schools	\$14,978.25	Safety Intervention	BWC awarded \$14,978.25 to purchase an automatic electric bleacher system to reduce the risk of injury to the fingers, hands, wrists, neck, back, and legs related to hand force, awkward postures, contact stress, and push/pull heavy load. This intervention will be used to improve the storage and setup of bleachers process.
Columbia Township	\$38,151.75	Safety Intervention	BWC awarded \$38,151.75 to purchase one power cot with accessories one power load, and one mass casualty floor mount to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient transport process.
Columbus Center for Human Services	\$23,772.39	Safety Intervention	BWC awarded \$23,772.39 to purchase one patient ceiling lift system with spreader bar, track assembly, and hand controls to reduce the risk of injury to fingers, hands, wrist, arms, neck, back, and legs related to repetitive motion, hand force, awkward postures, push/pull heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transport process.
Columbus Glass and Mirror, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one flat glass mover to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, and manual material handling. This intervention will improve the glass moving process.
Columbus Metro Federal Credit Union	\$3,600.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Community Action Organization of Scioto County	\$21,450.62	Safety Intervention	BWC awarded \$21,450.62 to purchase two liftgates, two stairclimbing dollies, two lift tables, two folding platform carts, one floor level lift, and one self-propelled pallet jack to reduce the risk of injury to the hands, fingers, arms, shoulders, and back.
Community EMS District	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two powered load systems, two powered cots, two compatibility kits, and other accessories to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles.
Concord Township - Fire Department	\$30,139.00	Safety Intervention	BWC awarded \$30,139.00 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient transport.
Concordia of Ohio	\$28,406.06	Safety Intervention	BWC awarded \$28,406.06 to purchase one patient lift system with various slings, one hygiene shower chair, and two sit-to-stand systems to potentially reduce the risk of injury to back, shoulders, and lower extremities related to repetitive motion, lifting, and awkward postures. The purpose of the intervention will improve the process of patient maneuvering and lifting.

FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Eagle Creek Wholesale, LLC	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase seven tower irrigation booms to reduce the risk of injury to fingers, hands, arms, shoulders, neck, back, and legs. Risk factors include hand force grip, awkward postures, contact stress, vibration, and push/pull moderate load. This intervention will be used to improve the crop watering process.
Earnhart Hill Regional Water & Sewer District	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one valve maintenance system to reduce the risk of injuries to hands, wrist, arms, shoulder, neck, back, and legs. Risk factors include repetitive motion, hand force, contact stress, awkward postures, and push/pull heavy loads. This intervention will be used to improve the valve turning and maintenance process.
East Holmes Fire & E M S District	\$29,759.20	Safety Intervention	BWC awarded \$29,759.20 to purchase one powered load system, one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the processes patient handling.
Eastern Area Specialty Transport	\$32,498.06	Safety Intervention	BWC awarded \$32,498.06 to purchase one power cot and power load system to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Eaton Township	\$30,015.89	Safety Intervention	BWC awarded \$30,015.89 to purchase one power cot and power load to reduce the risk of injury to the hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling load. This intervention will be used to improve the patient lifting and transport process.
EB Display Co, Inc.	\$600.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
EB Wireworks Co, Inc.	\$100.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Echoing Hills Village Inc	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase 33 ceiling lifts to reduce the risk of injury to back, shoulders, and lower extremities related to repetitive motion, lifting, and awkward postures. The intervention will improve the process of patient maneuvering and lifting.
EcoTree Services, LLC	\$34,627.04	Safety Intervention	BWC awarded \$34,627.04 to purchase one portable traffic system to potentially reduce the risk of injury and/or possible fatalities to workers due to exposure to traffic in the work zone. The purpose of the intervention is to reduce the need for workers to manually flag within the work zone, thus removing them from a situation where they could face possible injury or death due to careless or inattentive drivers.
Egelhof Controls Corp	\$22,330.01	Safety Intervention	BWC awarded \$22,330.12 to purchase eighteen self leveling carts and six manual skid lifters to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual materials handling. This intervention will improve the materials handling process.
Elite Leasing, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase five automatic tarping system to reduce the risk of injury to hands, fingers, wrists, shoulders, arms, neck, back, and legs related to repetition, hand force, awkward postures, bending, push/pull – moderate and heavy load, and manual materials handling – load and frequency. This intervention will be used to improve the truck turning process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Elyria Township	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two powered load systems and two powered cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. The intervention will improve the process of patient handling and lifting by <del>reducing repetitive lifting</del>
Encore Plastics Corporation	\$21,428.25	Safety Intervention	BWC awarded \$21,428.25 to purchase four incline conveyors and five box taper/sealing machines to reduce the risk of injury to the hands, wrists, fingers, arms, shoulders, neck, back, and legs related to repetition, awkward postures, and twisting. This intervention will <del>improve the plastic parts molding process</del>
Enertech Electrical, Inc.	\$15,037.74	Safety Intervention	BWC awarded \$15,037.74 to purchase two mobile tuggers with four adapter weldments to potentially reduce the risk of injury to fingers, hands, arms, shoulder, back, and legs related to hand force, awkward postures and push/pull heavy load. This intervention will improve the <del>pulling cable through conduit process</del>
Enterprise Roofing & Sheet Metal Company	\$450.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
EP Gerber & Sons Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one 3 axis computer controlled router machine to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, vibration, push/pull moderate load, and manual materials handling. This intervention will improve the materials cutting and inspection process.
Erie County	\$9,263.63	Safety Intervention	BWC awarded \$9,263.63 to purchase two patient lifts with various harnesses to reduce the risk of injury to back, shoulders, and lower extremities related to repetitive motion, lifting, and awkward postures. The purpose of the intervention will improve the process of patient <del>maneuvering and lifting</del>
Everyday Technologies Inc	\$5,632.50	Safety Intervention	BWC awarded \$5,632.50 to purchase one scissor lift table to reduce the risk of injury to the hands, fingers, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, and <del>push/pull – moderate load</del>
Exhibit Concepts Inc	\$3,750.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Fabrizi Disposal, Inc.	\$7,424.26	Safety Intervention	BWC awarded \$7,424.26 to purchase one tarp system to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to slips, trips, falls, repetitive motion, hand force, awkward <del>postures, push/pull moderate to heavy loading</del>
Fairview Park City Schools	\$15,017.65	Safety Intervention	BWC awarded \$15,017.65 to purchase, one tugger, one ramp, one stacker, one hydraulic elevating cart, one lift mover, and one portable desk mover to reduce the risk of injury to the hands, fingers, wrists, arms, shoulders, neck, back, and legs related to manual material <del>handling</del>
Farmersville Fire Association Inc	\$33,396.18	Safety Intervention	BWC awarded \$33,396.18 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve patient transport.
Fastener Industries Inc	\$7,137.00	Safety Intervention	BWC awarded \$7,137.00 to purchase two platform stackers to reduce the risk of injury to the hands, arms, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull – moderate load, and manual materials handling – load.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
First Consolidated Fire District	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two powered loads for two existing powered cots to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Ford Development Corp	\$3,323.96	Safety Intervention	BWC awarded \$3,323.96 to purchase three industrial garage door openers to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, push/pull – moderate and heavy load, and manual material handling – load and frequency. This intervention will be used to improve the garaging of service vehicles process.
Forest Village	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase 600 water meters with remote readers to potentially reduce the risk of injury to the hands, wrist, neck, arms, legs and back related to hand force, awkward posture, contact stress, and manually lifting - load. This intervention will improve the water meter reading process.
Fortec Fibers, Inc.	\$375.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Fortec Laser Services, Inc..	\$2,400.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Fortec Litho LLC	\$75.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Fountain Park Home Care	\$350.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
FP Acquisitions LLC	\$3,714.75	Safety Intervention	BWC awarded \$3,714.75 to purchase one electric pallet jack to reduce the risk of injury during manual material handling.
Franklin	\$31,206.66	Safety Intervention	BWC awarded \$31,206.66 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Franklin Blvd. Nursing Home	\$10,948.77	Safety Intervention	BWC awarded \$10,948.77 to purchase 30 linen hampers, 15 linen carts, and 12 garment racks to reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to hand force, awkward postures, bending, contact stress, push/pull - moderate and heavy load, and manual materials handling - load.
Franklin Township	\$32,605.91	Safety Intervention	BWC awarded \$32,605.91 to purchase one power cot and one power load system to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Franklin Township	\$27,465.75	Safety Intervention	BWC awarded \$27,465.75 to purchase two chest compression systems with battery chargers, batteries, two fastbacks, and one hose roller with coupling jaws and two extra coupling jaws to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, back, and legs related to repetitive motion, hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient cardiovascular resuscitation and hose maintenance processes.
Fred Olivieri Construction Co	\$10,761.38	Safety Intervention	BWC awarded \$10,761.38 to purchase 5 lanyards, 5 30' tether cables, 1 liftgate, and 7 pallet jacks to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, push/pull – moderate and lifting.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Fredericktown Community Fire	\$25,002.75	Safety Intervention	BWC awarded \$25,002.75 to purchase one stabilization strut system to reduce the risk of injury to the upper and lower extremities related to strut failure and/or being struck a vehicle. This intervention will be used to improve the rescue/recovery process.
Freelands Transport LLC	\$39,682.21	Safety Intervention	BWC awarded \$39,682.21 to purchase six air operated trailer handrail system to reduce the risk of injury to upper and lower extremities related to slips, trips, and falls from elevation. This intervention will improve the material handling and trailer maintenance.
Friedman Village at St. Francis LLC	\$1,221.48	Safety Intervention	BWC awarded \$1,221.48 to purchase one gravity flow can shelving unit to reduce the risk of upper and lower extremities. This intervention will be used to improve the dishwashing process.
FT Morrow Fire District	\$22,035.23	Safety Intervention	BWC awarded \$22,035.23 to purchase one power load and cot compatibility kit to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs . Risk factors include hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transport process.
Gallipolis City Schools	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one bus washing system to reduce the risk of injury to the upper and lower extremities related to falls from elevated heights. This intervention will be used to improve bus washing process.
GB Manufacturing Co.	\$3,600.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Geauga County	\$33,000.00	Safety Intervention	BWC awarded \$33,000.00 to purchase one portable traffic light system with hand held remote to reduce the risk of injury to upper and lower extremities related to being struck by motor vehicles. This intervention will be used to improve the construction zone traffic control process.
General Audit Corp	\$2,100.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
General Die Casters, Inc.	\$26,334.00	Safety Intervention	BWC awarded \$26,334.00 to purchase five dock locks to reduce the risk of injury to the upper and lower extremities related to falls from elevated levels. This intervention will improve the semi-truck loading/unloading processes in the dock area.
Geotechnical Consultants, Inc.	\$3,377.72	Safety Intervention	BWC awarded \$3,377.72 to purchase one 8 cubic foot power dump cart with battery pack and charger to reduce the risk of injury to fingers, arms, back, and legs related to awkward postures, push/pull heavy load, and manual materials handling.
GLT, Inc.	\$2,400.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Goettle Equipment Company Inc.	\$32,014.50	Safety Intervention	BWC awarded \$32,014.50 to purchase one hydraulic tooling handler attachment to reduce the risk of injury to the hands, fingers, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull - moderate and heavy load, and manual materials handling - load. The intervention will improve the horizontal tieback anchor/vertical micropiles construction process.
Good Builders, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one stone slinger bed with remote controls to reduce the risk of upper and lower extremities related to awkward postures, push/pull heavy load, manual materials handling, and slips, trips, falls, and being struck by materials. This intervention will be used to improve the unloading of materials process.
Goodwill Industries of Ashtabula, Inc.	\$1,000.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Goodwill Industries of Greater Sandusky Area	\$2,500.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Grace Brethren Village	\$4,478.52	Safety Intervention	BWC awarded \$4,478.52 to purchase five patient slings of various sizes and one patient lift to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient hygiene and transfer processes. Grace Brethren Village is a not-for-profit retirement community providing 24-hour skilled nursing care and therapy services.
Graco Concrete Inc	\$12,946.20	Safety Intervention	BWC awarded \$12,946.20 to purchase one hydraulic concrete breaker attachment and one hydraulic auger attachment to reduce the risk of injury to the fingers, hands, wrist, shoulder, neck, back, and legs related to hand force, awkward postures, and contact stress.
Grand Rapids Township	\$17,323.50	Safety Intervention	BWC awarded \$17,323.50 to purchase one dump tank and one forestry monitor nozzle with controls to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the brush firefighting process.
Grand Rock Company, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one free standing crane system to reduce the risk of injury to upper and lower extremities related to trips, slips, falls, pinch, hand force pinch, awkward postures, and strains. This intervention will improve the materials bending process.
Great Lakes Brewing Company	\$2,500.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Green Local Schools Wayne County	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase powered bleachers to reduce the risk of injury to the hands, arms, wrists, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, bending, twisting, and push/pull – heavy load. This intervention will improve the bleacher manipulation process.
Green Township	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one patient transfer system and two loading systems for two ambulances to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles.
Greenfield Township	\$37,184.73	Safety Intervention	BWC awarded \$37,184.73 to purchase one power cot with accessories, one power load, and one patient transport stair-chair to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, and contact stress.
Greentown Vol Fire Dept Inc	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one power cot with accessories, one power load system, one chest compression system, and one mass casualty floor mat to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the cardiopulmonary resuscitation, and patient transporting processes.
Greenville Township	\$28,378.20	Safety Intervention	BWC awarded \$28,378.20 to purchase three chest compression systems and one battery charger to reduce the risk of injury to the fingers, hands, wrists, arms, shoulder, neck, back, and legs related to repetitive motions, hand force, awkward postures, contact stress, and push/pull moderate to heavy load. This intervention will be used to improve the cardiovascular resuscitation.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Grismer Tire Company	\$4,638.07	Safety Intervention	BWC awarded \$4,638.07 to purchase one boltless shelving system with 63 levels of storage and one battery stacker to reduce the risk of injury to hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, and push/pull moderate load.
GSW Manufacturing	\$14,753.96	Safety Intervention	BWC awarded \$29,507.91 \$14,753.96 to purchase four two walkie stackers to reduce the risk of injuries to the hands, wrist, arms, shoulder, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling load. This intervention will be used to improve the pallet building process.
Guardian Elder Care at Lima LLC	\$39,462.59	Safety Intervention	BWC awarded \$39,462.59 to ten electric patient beds with mattresses, six extension kits, six comfort slings of various sizes, six clip slings, three padded patient slings, two sit-to-stand patient lifts with scales, two padded patient slings, patient transfer lift to reduce the risk of injury to fingers, hands, wrist, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transfer process.
Gummer Wholesale, Inc.	\$3,811.48	Safety Intervention	BWC awarded \$3,811.48 to purchase two automatic truck lift door openers to reduce the risk of injury to fingers, hands, wrist, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and materials handling. This intervention will be used to improve the materials loading and unloading processes.
Gutknecht Construction Co., Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one ergonomic concrete chipping device with attachment fittings for heavy hand held tools to reduce the risk of injuries to the fingers, hands, wrist, elbows, arms, shoulder, neck, back, and legs. Risk factors include repetitive motion, hand force, contact stress, vibration, awkward postures, push/pull heavy load, and manual materials handling load/frequency. This
H & G Nursing Homes Inc.	\$3,388.72	Safety Intervention	BWC awarded \$3,388.72 to purchase four lift slings of various sizes, one patient lift with scale, and one lift gate to reduce the risk of injury to fingers, hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, and manual materials handling load and frequency. This intervention will be used to improve the patient transfer process.
Hamilton Township	\$32,719.24	Safety Intervention	BWC awarded \$32,719.24 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Hanover Township	\$11,155.65	Safety Intervention	BWC awarded \$11,155.65 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient transport.
Harrison Township	\$2,755.19	Safety Intervention	BWC awarded \$2,755.19 to purchase one monument lift-all, one gas powered post driver with a channel driver, and one powered post puller to reduce the risk of injury to hands, wrists, arms, shoulder, back, and legs relate repetitive motions, hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling load and frequency. This intervention will be used to improve the moving of headstones and road sign replacement processes.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Hartville Lumber & Millwork Co. Ltd.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two electric lift tables and one pallet nailing machine with rear pallet push out, basic stacker, two nail chutes, two firing rails, 100 firing pins, and one spare parts kit to reduce the risk of injury to the fingers, hands, wrist, arms, shoulder, neck, back, and legs. Risk factors include repetitive motions, hand force, awkward postures, contact stress, vibration, push/pull moderate to heavy load, and manual materials handling load and frequency. This intervention will be used to improve the pallet fabrication and wood
Harwood Rubber Products, Inc.	\$38,583.75	Safety Intervention	BWC awarded \$38,583.15 to purchase one 3-ton capacity crane with hoist, one 1-ton capacity trussed track crane with free standing runway, and one 1-ton capacity hook mount hoist to reduce the risk of injury to hands, arms, back, and legs. Risk factors include hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling load. This intervention will be used to improve the materials handling process.
Haslinger Orchards	\$24,702.00	Safety Intervention	BWC awarded \$24,702.00 to purchase three hundred plastic storage bins to reduce the risk of injury to hands, wrists, arms, shoulder, neck, back, and legs relate hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load. This intervention will improve the picking and sorting process.
Hattie Larlham Foundation	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two lightweight portable ceiling lift systems to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transfer process.
Herbert E. Orr Company, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one pick and place press gantry to reduce the risk of injury to wrist, arms, neck, back, and legs related to repetitive motion, awkward postures, contact stress, burns, manual materials handling, and heat stress. This intervention will be used to improve the material wedge and die process.
Highland Heights	\$31,873.53	Safety Intervention	BWC awarded \$31,873.53 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the processes patient transport.
Hocking Valley Concrete Inc.	\$35,741.98	Safety Intervention	BWC awarded \$35,741.98 to purchase one dust collector to reduce the risk of injury to the respiratory system related to exposure to silica and other dust particles. This intervention will improve the concrete-mixing process. Hocking Valley Concrete Inc produces ready-to-mix concrete.
Holgate Care Center, LLC	\$1,500.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Holmes County	\$32,625.00	Safety Intervention	BWC awarded \$32,625.00 to purchase a portable traffic system to potentially reduce the risk of injury and/or possible fatalities to workers due to exposure to traffic in the work zone. Risk factors include contact stress, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the lifting and transferring process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Holmes County	\$4,481.90	Safety Intervention	BWC awarded \$4,481.90 to purchase twelve patient slings of various sizes and two bariatric patient lifts to reduce the risk of injuries to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, contact stress, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the lifting and transferring process.
Holmes County	\$1,956.74	Safety Intervention	BWC awarded \$1,956.74 to purchase one sit-to-stand patient lift with one standing sling to reduce the risk of injury to the fingers, hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repetitive motions, hand force, awkward postures, and contact stress.
Home Health Care Solutions, LTD	\$350.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Hospice of North Central Ohio Inc.	\$1,208.67	Safety Intervention	BWC awarded \$1,208.67 to purchase three extra-large slide sheets, two double extra large slide sheets, and one lift table to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull, and manual materials handling. This intervention will improve the patient transfer and supplies storage processes.
Hospice of North Central Ohio, Inc..	\$10,450.28	Safety Intervention	BWC awarded \$10,450.28 to purchase twelve seat lift chairs to reduce the risk of injury to hands, wrist, arms, neck, back, and legs due to hand force, awkward postures, contact stress, and manual materials handling load. This intervention will be used to improve the patient lifting and ice prevention processes.
Howell Land Development, LLC	\$38,418.75	Safety Intervention	BWC awarded \$38,418.75 to purchase one snorkel lift to reduce the risk of injury to the upper and lower extremities due to falls from ladders and other elevated areas. This intervention will be used to improve the construction process.
Hubbard Schools	\$2,400.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Humanetics Innovative Solutions Inc	\$13,232.02	Safety Intervention	BWC awarded \$13,232.02 to purchase five lift tables to potentially reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to repetition, hand force, awkward postures, vibration, push/pull – moderate and heavy load, and manual materials handling – load. This intervention will improve the crash test dummy manufacturing process.
Independence Schools	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one electronic bleacher system to reduce the risk of injury to hands, wrists, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling load. This intervention will be used to improve the patient lifting and transport.
Industrial Tube & Steel, Corp.	\$11,100.38	Safety Intervention	BWC awarded \$11,100.38 to purchase one automatic tarping system to reduce the risk of injury to hands, fingers, wrists, shoulders, arms, neck, back, and legs. Risk factors include repetition, hand force, awkward postures, bending, push/pull – moderate and heavy load, and manual materials handling – load and frequency. This intervention will be used to improve the truck tarping process.
Ingredia, Inc..	\$3,483.75	Safety Intervention	BWC awarded \$3,483.75 to purchase two lift tables to reduce the risk of injury to the hands, wrist, arms, back, and legs related to hand force, awkward postures, and manual materials handling. This intervention will be used to improve the packaging process.
Integrity Ambulance Service LLC	\$1,350.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
International Converter, Inc..	\$35,877.69	Safety Intervention	BWC awarded \$35,877.69 to purchase two counter balance stackers with weights, one compact roll turner, one free standing jib crane and air chain hoist, one hop-air powered chain hoist, and one roll handling up-ender to reduce the risk of injury to wrists, arms, shoulder, neck, back, and legs. Risk factors include awkward postures, contact stress, push/pull heavy load, and manual materials handling. This intervention will be used to improve laminating.
Ironfab, LLC	\$4,139.14	Safety Intervention	BWC awarded \$4,139.14 to purchase two beam releases to reduce the risk of falling from heights, and hand injuries related to moving and setting up I-beams at elevated locations. This intervention will be used to improve the I-beam moving and setting processes.
J & R Farms LLC	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one grain engulfment prevention/retrieval system and one roof top fall protection system to reduce the risk of injury to the upper and lower extremities related to falls from heights and engulfment. The intervention will improve the maintenance of grain bins process.
J Randall McCray	\$600.00	Drug Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Jackson Township	\$11,353.95	Safety Intervention	BWC awarded \$11,353.95 to purchase one chest compression system with one desk-top charger, two rechargeable batteries, and one portable charger to reduce the risk of injury to the fingers, hands, wrist, arms, shoulder, neck, back, and legs related to repetitive motion.
Jackson-Forest Ambulance Service	\$18,517.20	Safety Intervention	BWC awarded \$18,517.20 to purchase two chest compression units to potentially reduce the risk of injury to the wrist, neck, shoulders, and hands and back related to awkward posture, twisting, bending, repetitive motion, lifting, contact stress bending, and hand force. This intervention will improve the manual chest compression process.
Jafe Decorating, Inc.	\$30,138.75	Safety Intervention	BWC awarded \$30,138.75 to purchase five dock-lock systems with trailer stand and light communication system to reduce the risk of injury to wrist, neck, back, and legs. Risk factors include awkward postures, manual materials handling, and premature departure of vehicle. This intervention will be used to improve the dock loading and unloading process.
Jakprints Inc	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one mobile pallet turner and aerator to reduce the risk of injury to the hands, fingers, wrists, arms, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull – moderate load, and manual material handling.
JAM Tire, Inc.	\$24,877.50	Safety Intervention	BWC awarded \$24,877.50 to purchase two carton clamps to reduce the risk of injury to the hands, wrist, arms, shoulder, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the unloading, stacking, and loading of tires process.
Janszen Discount Products Inc	\$18,630.77	Safety Intervention	BWC awarded \$18,630.77 to purchase one order picker to reduce the risk of injury to the hands, fingers, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull – moderate and heavy load, and manual materials handling – load. This intervention will improve the product stocking/retrieval process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
JBC Masonry LLC	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two adjustable work platforms with accessories to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, twisting, push/pull – moderate load, and manual materials handling – load and frequency. This intervention will improve the brick laying process.
Jefferson Township	\$34,365.49	Safety Intervention	BWC awarded \$34,365.49 to purchase one power cot, one power load system, and one power load capability kit to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Jergens, Inc.	\$24,360.75	Safety Intervention	BWC awarded \$24,360.75 to purchase one mist collection system with ventilation to reduce the risk of injury to the respiratory system, eyes, and dermis, upper and lower extremities related to exposure to metal working fluids. This intervention will improve air quality.
J-Lenco, Inc.	\$19,015.08	Safety Intervention	BWC awarded \$19,015.08 to purchase three dock restraints, six dock bumpers, and three dock safety barriers to reduce the risk of injury to the upper and lower extremities due to falls from elevated heights. This intervention will be used to improve the semi truck loading/unloading processes.
JM Manufacturing	\$1,050.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
John Bean Technologies	\$8,463.00	Safety Intervention	BWC awarded \$8,463.00 to purchase two truck restraints to reduce the risk of injury to the upper and lower extremities related to falls from elevated heights. This intervention will improve the loading/unloading process.
Joint Fire District Pleasant Hill-Newton Township	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one power cot, one power load system, and one chest compression system with accessories to reduce the risk of injury to fingers, hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient cardiopulmonary resuscitation and transport processes.
JR Manufacturing, Inc.	\$5,000.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
JS BOVA Excavating, LLC	\$30,198.58	Safety Intervention	BWC awarded \$30,198.58 to purchase one hydraulic cut off saw with pipe clamp to reduce the risk of injury to hands, arms, neck, back, and legs. Risk factors include repetitive motion, hand force, awkward postures, vibration, and manual materials handling load and frequency. This intervention will be used to improve the process of cutting water lines.
JS Concrete & Construction, LLC	\$12,212.89	Safety Intervention	BWC awarded \$12,212.89 to purchase one 72 inch sweeper attachment, one hydraulic breaker attachment with nail point, mounting cap, loader mounting frame, and hose kit, and one mud bucket attachment to reduce the risk of injury to wrist, arms, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, vibration, push/pull moderate load, and manual materials handling. This intervention will be used to improve the tear out, removal, and replacement of ground surface materials processes.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Karst & Sons Masonry, Inc.	\$39,928.95	Safety Intervention	BWC awarded \$39,928.95 to purchase one mast climbing work platform system to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling, and loading.
Kaydon Corporation	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two media mist collection systems and one modular media filter to reduce the risk of injury to skin, eyes, and respiratory system related to chemical exposures. This intervention will be used to improve the metal grinding processes.
KDM Safety Interventions, Inc	\$5,000.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
KDM Signs, Inc	\$24,375.00	Safety Intervention	BWC awarded \$24,375.00 to purchase one banner rolling machine to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, and contact stress. The intervention will improve the materials handling process.
Keller Packaging of Napoleon	\$4,912.50	Safety Intervention	BWC awarded \$4,912.50 to purchase one 4' film roll handler and one 7' film roll handler to reduce the risk of injury to the hands, wrists, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull – moderate and handling.
Keller Warehousing & Distribution LLC	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase twenty-nine dock-lock restraints to reduce the risk of injury to upper and lower extremities related to slips, trips, falls, and being struck by motor vehicle. This intervention will be used to improve the materials loading and unloading process.
Kent Displays, Inc.	\$830.12	Safety Intervention	BWC awarded \$830.12 to purchase one drum carrier to reduce the risk of injury to hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling.
Kessler Heating & Cooling	\$250.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Kidron Volunteer Fire Department, Inc.	\$10,548.00	Safety Intervention	BWC awarded \$10,548.00 to purchase one chest compression system to potentially reduce the risk of injury to the wrist, neck, shoulders, and hands and back related to awkward posture, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will improve the resuscitation process.
King Brothers Feed & Supply, Inc.	\$17,490.00	Safety Intervention	BWC awarded \$17,490.00 to purchase five tarp systems to reduce the risk of injury to the hands, fingers, arms, neck, back, and legs related to hand force, awkward postures, push/pull – moderate and heavy load, and manual material handling – load and frequency. This intervention will improve the truck tarping/untarping process.
Kitchens By Rutenschroer, Inc..	\$5,000.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Kitchen's, Inc.	\$3,370.50	Safety Intervention	BWC awarded \$3,370.50 to purchase one liftgate to reduce the risk of injury to the hands, wrist, back, and legs related to hand force, awkward postures, push/pull heavy load, and manual materials handling. This intervention will be used to improve the materials loading and unloading process.
Klaben Auto Stores	\$3,750.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Klaben Chrysler Jeep Dodge, Inc	\$1,800.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Klaben Ford Lincoln of Warren Inc	\$2,175.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Kno Ho Co Community Action Commission	\$37,883.55	Safety Intervention	BWC awarded \$ 37,883.55 to purchase three stair-climbing dollies, one dock lift, two heated plate dispensers, two platform carts with self-leveling adaptors, and stackable coolers to reduce the risk of injury to the hands, wrists, arms, neck, back, and legs.
Knox County Career Center	\$1,064.62	Safety Intervention	BWC awarded \$1,064.18 to purchase one heavy volume electric can opener to reduce the risk of injuries to the fingers, hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, and awkward postures. This intervention will be used to improve the food preparation process.
Koenig Equipment Inc	\$17,313.97	Safety Intervention	BWC awarded \$17,313.97 to purchase seven pneumatic tractor jacks with lift bars and safety pins, and seven pneumatic heavy vehicle support stands to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs.
Koester Corp	\$14,955.00	Safety Intervention	BWC awarded \$14,955.00 to purchase two one ton jib cranes to reduce the risk of injury to hands, wrist, arms, shoulder, neck, eyes, back and legs related to hand force, contact stress, push/pull moderate to heavy load, manual materials handling, lacerations, and burns. This intervention will improve the welding process.
Kumler Collision, Inc	\$5,834.77	Safety Intervention	BWC awarded \$5,834.77 to purchase one 1-ton electric hoist with overhead I-beam to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling - load. The intervention will improve the auto mechanical repair process.
L.J. Irving Jr & Sons, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one hydraulic hammer to reduce the risk of injury to hands, wrist, arms, back, and legs related to repetitive motion, awkward postures, and vibration. This intervention will improve the demolition process.
Lakewood Schools	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one powered bleacher system to reduce the risk of injuries to the hands, wrist, arms, neck, back, and legs related to hand force, awkward postures, contact stress, and push/pull heavy load. This intervention will be used to improve the bleacher setup and storage process.
Lancaster Commercial Products LLC	\$9,295.84	Safety Intervention	BWC awarded \$9,295.84 to purchase one order picker and one double scissor cart to reduce the risk of injury to hands, wrists, arms, shoulders, neck, back, and legs related to hand force, awkward postures, and manual material handling – load and frequency. This intervention will improve the order picking process.
Lawrence Township	\$11,258.02	Safety Intervention	BWC awarded \$11,258.02 to purchase one post driver with U channel drive kit, one set of pallet forks, one lift gate, and one 800 pound capacity electric crane to reduce the risk of injury to fingers, hands, wrist, elbows, arms, shoulder, neck, back, and legs.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Le-Ax Water District	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one hydro evacuator/valve maintenance system to reduce the risk of injury to arms, shoulders, hands, back, knees, and neck due to pushing, pulling, bending, and repetitive motion. The purpose of the intervention is to reduce the need for employees to manually turn valve wrenches and improve on reducing ergonomic and overexertion type injuries.
Legends Facility Operations, LLC.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase 36 electric beds, 2 bariatric beds, 6 patient lifts (3 with built in scale), 3 data collection devices, 3 powered bases, 3 ambulation arms, 2 sit-to-stand lifts with built in scale, and various slings and belts to potentially reduce the risk of injury to hands, wrists, back, shoulders, and lower extremities related to repetitive motion, hand force, contact stress and awkward postures. The purpose of the intervention will improve the process of patient maneuvering, transporting, and lifting.
Lexington Concrete & Supply, Inc.	\$18,450.00	Safety Intervention	BWC awarded \$18,450.00 to purchase one loading station to reduce the risk of injury to upper and lower extremities related to falls from elevated surfaces. This intervention will be used to improve the cold weather concrete mixing process.
Liberty Local Board of Education	\$2,625.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Licco, Inc.	\$14,155.35	Safety Intervention	BWC awarded \$14,155.35 to purchase twenty stack bin workbenches to reduce the risk of injury to the fingers, hands, wrist, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, and contact stress. This intervention will be used to improve the part assembly process.
Licking County Aging Program, Inc.	\$21,901.69	Safety Intervention	BWC awarded \$21,901.69 to purchase one bulk food processor, French fry disc, dicing kit, height adjustable work table, electric can opener, mobile scissor cart, and hydraulic bowl lifter with strap to reduce the risk of injury to the hands, fingers, wrists, arms, shoulders, neck, back, and legs. Risk factors include repetition, hand force, awkward postures, contact stress, twisting, kneeling, and manual material handling – load and frequency. This intervention will improve the meal preparation process.
Lima Convalescent Home Foundation, Inc.	\$1,700.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Lima Millwork Inc	\$1,600.00	Drug-Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Linde Hydraulics Corp	\$20,079.75	Safety Intervention	BWC awarded \$20,079.75 to purchase one jib crane with vacuum to reduce the risk of injury to hands, fingers, wrists, shoulders, arms, neck, back, and legs related to hand force, awkward postures, contact stress, twisting, bending, standing, and manual materials handling - load. This intervention will be used to improve the hydraulic pumps and motors manufacturing process.
Lindsay Precast, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one bi-directional automatic bender and cutter to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, neck, back, and legs. Risk factors include repetitive motion, hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will be used to improve the rebar cutting process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Lindsey Village	\$25,143.75	Safety Intervention	BWC awarded \$25,143.75 to purchase two hydraulic rescue spreaders, two hydraulic rescue cutter, two hydraulic rescue rams, and one portable power plug to reduce the risk of injury to fingers, hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, contact stress, moderate vibration, push/pull moderate load, and manual materials handling. The intervention will improve the patient extraction and rescue process.
Linworth Lumber	\$35,403.18	Safety Intervention	BWC awarded \$35,403.18 to purchase one auto-stack system to reduce the risk of injury to the fingers, hands, wrists, arms, neck, back, and legs related to repetitive motion, hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling load and frequency. This intervention will be used to improve material stocking, storing, and pulling process.
Little Sisters of the Poor	\$33,856.22	Safety Intervention	BWC awarded \$33,856.22 to purchase twenty-four toilet slings of various sizes, fifteen comfort slings of various sizes, three maxi move patient lifts, and three battery powered patient lifts kit to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transfer process.
Little's Plumbing	\$35,483.64	Safety Intervention	BWC awarded \$35,483.64 to purchase six lift gates, five stair climbing hand trucks, and two platform trucks to reduce the risk of injury to fingers, hands, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling. This intervention will improve the materials loading and unloading process.
Littles Septic Service, Inc.	\$16,159.50	Safety Intervention	BWC awarded \$16,159.50 to purchase six hook extensions, six steel dollies with wheels, three lift magnets, and one gas powered all terrain pallet truck to reduce the risk of injury to the upper and lower extremities. Risk factors include crush/struck by hazards, slips, trips, and falls, push/pull heavy load, and manual materials handling. This intervention will be used to improve the materials loading and unloading process.
Lodi Village	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one powered load system, one powered cot, and one chest compression system to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles.
Madtree Brewing, LLC	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one dry hop injection system, one inline bottle labeler, and one ink-jet date coder to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will be used to improve the hop and bottling processes.
Magneco/Metrel, Inc.	\$38,341.50	Safety Intervention	BWC awarded \$38,341.50 to purchase one dust collection system with screw conveyor to reduce the risk of injury to upper extremities related to silica exposure. This intervention will improve the raw materials handling process.
Manco Manufacturing Co	\$25,222.89	Safety Intervention	BWC awarded \$25,222.89 to purchase three weld fume capture systems with 12 foot extraction arms and one portable weld fume extractor to reduce the risk of injury to the dermis, respiratory system, upper and lower extremities related to fire hazards.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Manny Pools, LLC	\$22,512.06	Safety Intervention	BWC awarded \$22,512.06 to purchase one pump with spray gun and one air compressor to potentially reduce the risk of injury to the hands, arms, wrists, shoulders, neck, back, and legs related to hand force, awkward postures, bending, twisting, kneeling, contact stress, and manual materials handling. This intervention will improve the pool construction process.
Mansfield Memorial Homes	\$20,640.25	Safety Intervention	BWC awarded \$20,640.25 to purchase twelve patient slings of various sizes, five bariatric patient slide sheets with handles, five portable ceiling lifts, five reacher arms, five mesh slings with head support, four wire spring platform carts, three stand up lifts, one hygiene chair, one hamper with foot control, and one scaffold system. The items will reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient hygiene and transfer processes.
Marengo Fabricated Steel, Ltd.	\$39,750.00	Safety Intervention	BWC awarded \$39,750.00 to purchase one customized dust collection system with 5 HEPA filters and 10 max-flow fume arms with 360 degree pivot to reduce the risk of injury to the respiratory system related to chemical exposures. This intervention will be used to improve the welding process.
Margaretta Township	\$30,281.82	Safety Intervention	BWC awarded \$30,281.82 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Margaretta Township	\$9,718.18	Safety Intervention	BWC awarded \$9,718.18 to purchase one power cot and one power load to reduce the risk of injury to the hands, wrists, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transport process.
Marut & Sons Excavating Inc	\$26,878.98	Safety Intervention	BWC awarded \$26,878.98 to purchase, one standard duty pallet fork frame with two pallet forks, one heavy duty pallet fork frame, one hydraulic hammer attachment, one 7 cubic yard stone box, and one hydraulic dual lock coupler to reduce the risk of injury to hands, wrist, arms, neck, back, and legs related to hand force, awkward postures, contact stress, localized vibration, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the installation and maintenance processes.
Maval Industries LLC	\$28,822.50	Safety Intervention	BWC awarded \$28,822.50 to purchase five trailer restraints to reduce the risk of injury to the upper and lower extremities related to falls from high elevations or being struck by a moving semi trailer. This intervention will improve the loading/unloading process.
Mayers Electric Co., Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase three conduit benders, two end strippers, two wire pullers, and four conduit tables to reduce the risk of injury to the hands, fingers, wrists, arms, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, and push/pull – moderate and heavy loads. This intervention will improve the electrical installation/maintenance process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
MC Tank Transport Inc	\$12,993.75	Safety Intervention	BWC awarded \$12,993.75 to purchase two tether track fall arrest systems to reduce the risk of injury to the upper and lower extremities related to slips, trips, falls from heights, and awkward postures. This intervention will improve the materials transport and maintenance processes.
McMahon Masonry Restoration LTD	\$7,372.50	Safety Intervention	BWC awarded \$7,372.50 to purchase two dust collector vacuum systems to reduce the risk of injury to the respiratory system related to silica and other particulates. This intervention will improve the masonry repair/restoration process.
Mechanical Construction Managers, LLC	\$2,775.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Mechanicsburg Village	\$33,731.54	Safety Intervention	BWC awarded \$33,731.54 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Meigs County	\$2,591.25	Safety Intervention	BWC awarded \$2,591.25 to purchase one lift gate to reduce the risk of injuries to the hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling load/frequency. This intervention will be used to improve the loading and unloading process.
Meigs County	\$2,416.49	Safety Intervention	BWC awarded \$2,416.49 to purchase one tripod and winch with carrying bag to reduce the risk of injury to hands, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling load. This intervention will be used to improve the sewer maintenance process.
Mercer County Board of Commissioners	\$30,015.89	Safety Intervention	BWC awarded \$30,015.89 to purchase one power cot and one power load to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transport process.
Mercer County Board of Commissioners	\$9,258.60	Safety Intervention	BWC awarded \$9,258.60 to purchase one chest compression system with rechargeable battery and supply cord to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repetitive motions, hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the cardiovascular resuscitation process.
Merryweather Foam	\$38,355.66	Safety Intervention	BWC awarded \$38,355.66 to purchase two dock levelers and 4 dock restraints to reduce the risk of injury to the upper and lower extremities related to falls from high elevations or being struck by a moving semi trailer.
Metal Seal Precision, Ltd.	\$15,991.50	Safety Intervention	BWC awarded \$15,991.50 to purchase one electronic gauging system to reduce the risk of injury to the hands, fingers, wrists, arms, neck, back, and legs related to repetition, hand force, awkward postures, and contact stress. This intervention will improve the input shaft gauging process.
Metalworking Group Holdings Inc	\$1,400.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Meva Formwork Systems, Inc.	\$2,700.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Middletown	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two power-load systems and one power-load compatibility upgrade kit to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Mid-Ohio Food Bank	\$2,550.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Midwest Commercial Millwork, Inc..	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one automatic edge banding machine to reduce the risk of injury to fingers, hands, wrist, arms, neck, back, and legs related to repetitive motion, hand force, awkward postures, contact stress, cuts, and abrasions. This intervention will be used to improve the board finishing process.
Midwest Presort Mailing Service, Inc	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one conveyor system to reduce the risk of injury to the hands, fingers, wrists, arms, neck, back, and legs related to hand force, awkward postures, contact stress, and manual materials handling - load. The intervention will improve the mail sorting process.
Mifflin Township	\$20,481.60	Safety Intervention	BWC awarded \$20,481.60 to purchase four rechargeable batteries, and two chest compression systems with power supply cords and stand alone battery chargers to reduce the risk of fingers, hands, wrists, arms, shoulder, neck, back, and legs. Risk factors include repetitive motions, hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the cardiovascular resuscitation process.
Mifflin Township	\$2,677.50	Safety Intervention	BWC awarded \$2,677.50 to purchase two cylinder lifts, to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, and manual materials handling - load.
Mifflin Township of Franklin County	\$490.00	Drug Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Mifflin Township of Franklin County	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one power cot and one power load system to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will improve the patient transport process.
Miles McClellan Construction Co Inc.	\$11,371.98	Safety Intervention	BWC awarded \$11,371.98 to purchase two 10-foot podium ladders, two 8 foot podium ladders, one mobile fall protection cart, and one portable scaffolding system to reduce the risk of injury to upper and lower extremities related to lacerations, awkward postures, slips, trips, falls, electrical hazards, repetitive motions, and manual materials handling. The intervention will improve the building maintenance and construction processes.
Miller's Textile Services, Inc.	\$2,500.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Milton Township	\$30,109.06	Safety Intervention	BWC awarded \$30,109.06 to purchase one power cot and power load system to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient transport process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Mineral-Sandy Ambulance District	\$32,879.65	Safety Intervention	BWC awarded \$32,879.65 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient transport.
Minerva Welding & Fabricating Inc	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one magnet lift to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, push/pull - moderate load, and manual materials handling - loading.
Minford Emergency Ambulance Service	\$32,840.15	Safety Intervention	BWC awarded \$32,840.15 to purchase one power cot and power load system to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Minster Local Schools	\$2,350.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
M-M Masonry, LLC	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one mast climbing work platform system to reduce the risk of injury to the hands, wrist, arms, shoulder, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, and manual materials handling. This intervention will be used to improve the masonry process.
Monroeville Village	\$34,992.37	Safety Intervention	BWC awarded \$34,992.37 to purchase one trailer mounted vacuum debris collector to reduce the risk of injury to upper and lower extremities related to slips, trips, falls, awkward postures, lacerations, crushing, and amputations. This intervention will be used to improve the debris removal process.
Moorefield Township	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two power cots and two power load systems to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transport process.
Morgal Machine Tool Company Inc.	\$4,260.77	Safety Intervention	BWC awarded \$4,260.77 to purchase one hydraulic vehicle restrain system with automatic lights communication package to reduce the risk of injury to upper and lower extremities related to slips, trips, falls from forklift, and strike by vehicle. The intervention will improve the materials loading and unloading process.
Morgal Machine Tool Company Inc.	\$3,750.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Morgan Township	\$31,676.10	Safety Intervention	BWC awarded \$31,676.10 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Morgan Township	\$8,323.90	Safety Intervention	BWC awarded \$8,323.90 to purchase two power patient stair chairs to reduce the risk of injury to the upper and lower extremities related to awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will improve patient transport.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Mount Orab Village	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two power cots with accessories and one power load to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy lifting.
MT Business Technologies, Inc.	\$4,293.29	Safety Intervention	BWC awarded \$4,293.29 to purchase one lift gate to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, push/pull moderate load, and manual material handling. This intervention will be used to improve the materials loading and unloading process.
Muetzel Plumbing & Heating Co.	\$2,338.12	Safety Intervention	BWC awarded \$2,338.12 to purchase twenty 2-shelve utility carts to reduce the risk of injury to hands, wrist, arms, shoulder, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling.
Murotech Ohio Corporation	\$18,113.94	Safety Intervention	BWC awarded \$18,113.94 to purchase twenty skid lifters to reduce the risk of injury to hands, arms, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. The intervention will improve the materials handling process.
Muskington Township	\$34,958.77	Safety Intervention	BWC awarded \$34,958.77 to purchase one power cot with accessories, and one power load with mass casualty floor mount to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress.
MWG Fabrication, Inc.	\$1,800.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
MWG Machining	\$1,100.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Nachurs Alpine Solutions Corp	\$25,690.74	Safety Intervention	BWC awarded \$25,690.74 to purchase one safety rack system with portable access unit and safety cage to reduce the risk of injury to the upper and lower extremities to falls from elevated work heights and chemical exposures. This intervention will be used to improve collecting samples from train cars and unloading materials processes.
NASG Ohio LLC	\$4,905.75	Safety Intervention	BWC awarded \$4,905.75 to purchase one dock lock system to reduce the risk of injury to the upper and lower extremities related to slips, trips, falls, and impact with vehicle. This intervention will be used to improve the dock loading and unloading process.
National Trail Volunteer Fire Dept. Inc.	\$34,887.46	Safety Intervention	BWC awarded \$34,887.46 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the patient transport.
New Jasper Township	\$15,182.25	Safety Intervention	BWC awarded \$15,182.25 to purchase one chest compression systems with battery, and one power stair chair with accessories to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling. This intervention will be used to improve the patient transport and cardiopulmonary resuscitation processes.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
New Jasper Township	\$24,817.75	Safety Intervention	BWC awarded \$24,817.75 to purchase one power cot and one power load system with accessories to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transport process.
New Leaf Residential Services	\$2,250.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Nile Township	\$33,793.88	Safety Intervention	BWC awarded \$33,793.88 to purchase one powered load system and one powered cot to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. The intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Nilpeter USA, Inc.	\$21,749.10	Safety Intervention	BWC awarded \$21,718.07 to purchase one articulating jib crane to reduce the risk of injury to the hands, fingers, wrists, arms, neck, shoulders, back, and legs related to hand force, awkward postures, contact stress, twisting, bending, push/pull – moderate and heavy load, and manual materials handling – load and frequency. This intervention will be used to improve the raw steel unloading/handling/manufacturing processes.
Nitto Denko Automotive Ohio Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two lift material handling systems, two grounded scissor lift tables (44X70), and one grounded scissor lift table (44X50) to reduce the risk of injury to the fingers, hands, arms, shoulders, back, and legs.
Nolan Electrical Construction Inc	\$24,354.26	Safety Intervention	BWC awarded \$24,354.26 to purchase one conduit benders, one tugger, one compact threader, one stairclimber, one liftgate, one platform movers, and one ramps to reduce the risk of injury to hands, arms, shoulders, back, and legs related to hand force, and lifting.
NORTH CENTRAL AMBULANCE DISTRICT	\$35,022.38	Safety Intervention	BWC awarded \$35,022.38 to purchase one power load and one power cot with accessories to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient transport process.
North Randall Village	\$34,315.95	Safety Intervention	BWC awarded \$34,315.95 to purchase one powered cot and one power load system to reduce the risk of injury to the hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull-moderate load, and manual lifting.
Oak Hill Union Local School District	\$5,759.92	Safety Intervention	BWC awarded \$5,759.92 to purchase two desk lift trucks with attachments, two pallet jacks, two portable manual lift tables, one brake drum dolly, and one lift gate to reduce the risk of injury to the wrist, arms, shoulder, neck, back, and legs. Risk factors include awkward postures, push/pull moderate load, and manual materials handling weight and frequency. This intervention will be used to improve the building maintenance and food storage processes.
Ohio Christian University	\$3,400.46	Safety Intervention	BWC awarded \$3,400.46 to purchase to 2 gym roll racking systems to reduce the risk of injury to the hands, wrists, arms, shoulders, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, push/pull heavy load, , and manual materials handling - load. This intervention will be used to improve the covering and uncovering of the gym floor with floor covering mats.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Ohio Medical Transportation Inc	\$40,000.00	Safety Intervention	BWC awarded \$40,000 to purchase power cot and power load system. To reduce the risk of injury to the hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull-moderate load, and manual lifting.
Ohio Stamping & Machine, LLC	\$2,400.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Ohio Tool Works LLC	\$2,900.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Ohio Tree Care.	\$37,650.00	Safety Intervention	BWC awarded \$37,650.00 to purchase one firewood processor with diesel engine, one six-way wedge attachment, and one 26foot paddle belt conveyor to reduce the risk of injury to fingers, hands, arms, wrist, shoulder, neck, back, and legs related to repetitive motions, awkward postures, contact stress, push/pull, and manual materials handling. This intervention will improve the logging process.
Ohio Valley Memorials Inc	\$34,123.59	Safety Intervention	BWC awarded \$34,123.59 to purchase one cemetery cart, one compact crane, one electric hydraulic power pack, one 3 section hydraulic extension boom, and one vault handler to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the monument installation process.
Omni Die Casting, Inc.	\$32,817.75	Safety Intervention	BWC awarded \$32,817.75 to purchase one multi-link ladle to reduce the risk of injury to hands, fingers, wrists, shoulders, arms, neck, back, and legs. Risk factors include hand force, awkward postures, twisting, kneeling, contact stress, twisting, kneeling, push/pull - moderate and heavy load, and manual materials handling – load and frequency. This intervention will be used to improve the die casting process.
Osgood Area Life Squad Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one powered load system, one powered cot, and one chest compression system to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles and performing resuscitation.
Otterbein University	\$11,473.88	Safety Intervention	BWC awarded \$11,473.88 to purchase one scissor lift to reduce the risk of injury to the upper and lower extremities due to awkward postures, repetitive motion, push/pull moderate to heavy load, manual materials handling, and fall from heights. This intervention will be used to improve building maintenance and repair process.
Otterbein University	\$8,591.25	Safety Intervention	BWC awarded \$8,591.25 to purchase one scissor lift to reduce the risk of injury to the upper and lower extremities related to crushing injuries, electrical shock, entanglement, slips, trips, and falls from heights. This intervention will improve the theater maintenance and staging processes.
Ottoville Village	\$17,007.76	Safety Intervention	BWC awarded \$17,007.76 to purchase five express external carrier vest, one vibratory plate compactor, one hydraulic breaker, and one quick cut saw to reduce the risk of injury to fingers, hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the compacting, breaking, sawing, and wearing a police belt/utility belt processes.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
P&S Bakery, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one four outlet waterwheel and one storage and dispensing system to reduce the risk of injury to the hands, wrist, arms, neck, back, and legs. Risk factors include repetitive motions, hand force, awkward postures, , contact stress, push/pull heavy load, and manual materials handling. This intervention will be used to improve the dough mixing process.
Paarlo Plastics	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one robot cell to reduce the risk of injury to the hands, wrists, arms, neck, back, and legs related to repetition, hand force, awkward postures, contact stress, push/pull – moderate and heavy load, and manual material handling.
PAC Worldwide Corporation	\$17,238.65	Safety Intervention	BWC awarded \$17,238.65 to purchase one ergonomic roll handling system to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling. This intervention will be used to improve the label handling process.
Paint Township	\$33,409.32	Safety Intervention	BWC awarded \$33,409.32 to purchase one power cot and one power load system to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate load, and manual materials handling. This intervention will be used to improve the patient transport process.
Paramount Lawn Service	\$2,100.00	Drug Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Paulding Putnam Electric Cooperative, Inc.	\$3,600.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Payne Village	\$33,389.94	Safety Intervention	BWC awarded \$33,389.94 to purchase one power cot with accessories and power load system to reduce the risk of injury to hands, wrist, arms, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Peerless Leasing Corp.	\$1,600.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Perry Township	\$10,107.74	Safety Intervention	BWC awarded \$10,107.74 to purchase one chest compression unit to potentially reduce the risk of injury to the wrist, neck, shoulders, hands and back related to awkward posture, twisting, bending, repetitive motion, lifting, contact stress and hand force. This intervention will improve the manual chest compression process.
Pharmacy Management Solutions	\$1,250.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Phelan Insurance Agency Inc	\$2,000.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Phelan Insurance Agency, Inc.	\$2,550.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Phinney Industrial Roofing Services	\$24,083.63	Safety Intervention	BWC awarded \$24,083.63 to purchase one mobile fall protection system to reduce the risk of injury to upper and lower extremities due to slips, trips, and falls from elevated work areas. This intervention will be used to improve the roofing installation and repair process.
Pickaway County	\$5,407.50	Safety Intervention	BWC awarded \$5407.50 to purchase 80 acoustical baffles to reduce the risk of injury to the auditory system related to loud noise (barking) reverberation. This intervention will be used to improve the dog shelter maintenance by reducing loud sounds that can affect the employees' hearing.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Pike Township	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one power cot with accessories, one power load, and one chest compression system to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to repetitive motion, hand force, awkward postures and lifting.
Pinnacle Industrial Enterprise	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one granulator with 75HP motor to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, and lacerations.
Plastic Materials, Inc.	\$29,070.93	Safety Intervention	BWC awarded \$29,070.93 to purchase five power hoppers and five storage bins to reduce the risk of injury to the hands, wrists, fingers, arms, shoulders, neck, back, and legs. Risk factors include repetition, hand force, awkward postures, twisting, bending, standing, contact stress, push/pull – moderate and heavy load, and manual materials handling – load and frequency. This intervention will be used to improve the plastic extrusion process.
Pleasant Township	\$28,431.42	Safety Intervention	BWC awarded \$28,431.42 to purchase one power load and one chest compression system to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient transport and CPR processes.
Pleasant Township	\$32,958.23	Safety Intervention	BWC awarded \$32,958.23 to purchase one power load system and one power cot with accessories to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repetitive motions, hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Pleasant Township	\$7,041.77	Safety Intervention	BWC awarded \$7,041.77 to purchase one automated chest compressions systems with rechargeable batteries, charger, and power supply to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to repetitive motion.
Plibrico Company, LLC	\$27,841.20	Safety Intervention	BWC awarded \$27,841.50 to purchase one auger bagger system with one bag settler, dust enclosure, catch trough, fill spout with bag seal, assembler and dust hood to reduce the risk of injury to respiratory systems related to exposures to silica particulate. This intervention will be used to improve the material bagging process.
Plymouth Village	\$25,875.00	Safety Intervention	BWC awarded \$25,875.00 to purchase one patient transfer system to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Poet Biorefining Fostoria	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one dryer platform and one boom assembly to reduce the risk of injury to upper and lower extremities related to slips, trips, falls, suspension trauma, contusions, hand force, and chemical exposures. The intervention will improve the equipment maintenance process.
Point 2 Point Logistics, LLC	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase three curtain side tarping systems to reduce the risk of injury to the hands, arms, neck, back, and legs related to hand force pinch, awkward postures, and manual materials handling weight and frequency. This intervention will be used to improve the truck load tarping and untarping process.

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
Portsmouth Brewing Company	\$17,906.10	Safety Intervention	BWC awarded \$17,906.00 to purchase one bottle labeler with printer to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, neck, back, and legs to repetitive motions, hand force, awkward postures, and manual materials handling. This intervention will be used to improve the bottle labeling process.
Post Printing Co.	\$7,332.75	Safety Intervention	BWC awarded \$7,332.75 to purchase three elevating hand pallet trucks to reduce the risk of injury to hands, wrist, neck, back, and legs. Risk factors include hand force, awkward postures, and manual materials handling. This intervention will be used to improve the materials transfer process.
Priority Dispatch, Inc.	\$500.00	Drug Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Proactive Services LLC	\$1,500.00	Drug Free Safety Program	Drug-Free Safety Program (DFSP) grants are available to assist employers implementing the DFSP at the basic or advanced level.
Produce One, Inc.	\$2,925.00	Workplace Wellness	The Workplace Wellness (WWGP) assists employers with the creation and implementation of a workplace wellness program.
Providence Township	\$34,714.55	Safety Intervention	BWC awarded \$34,714.55 to purchase one power cot with accessories and one power load system to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Pucel Enterprises, Inc.	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one custom designed mechanized assembly line integrated with robotic welding arms to reduce the risk of injury to fingers, hands, wrist, arms, shoulders, neck, back, and legs. Risk factors include hand force, awkward postures, contact stress, vibration, push/pull heavy load, and manual materials handling load. This intervention will be used to improve the welding and grinding during the finishing process.
Put In Bay Township	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two power cots and two power load systems to reduce the risk of injury to hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. This intervention will improve the patient transport process.
Putnam County	\$39,901.19	Safety Intervention	BWC awarded \$39,901.19 to purchase three power stair chair climbers, one power cot, and one power load to reduce the risk of injury to hands, wrist, arms, shoulders, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull heavy load, and manual materials handling. This intervention will be used to improve the patient transport process.
Quad Ambulance District	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase two patient transfer systems to reduce the risk of injury related to manually lifting and loading/unloading patients into and out of emergency vehicles. This intervention will improve the process of patient handling and lifting by reducing repetitive lifting.
Quality Welding & Fabrication LLC	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one 5 ton self supporting overhead crane structure to reduce the risk of injury to fingers, hands, wrist, shoulder, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, manual materials handling, and lacerations. This intervention will improve the stock to staging process.
Quality Yard and Home Maintenance, LLC	\$36,450.00	Safety Intervention	BWC awarded \$36,450.00 to purchase one firewood processor with six-way and four-way splitter attachments, hydro-elevator, and slide table to reduce the risk of injury to fingers, hands, wrist, elbows, arms, shoulder, neck, back, and legs related to repet

**BWC Safety Grant Awards  
FY17 (July 1, 2016 - June 30, 2017)**

EMPLOYER NAME	WARRANT AMT	GRANT TYPE	DESCRIPTION
R.A. Flynn & Son, Inc.	\$4,803.75	Safety Intervention	BWC awarded \$4,803.75 to purchase two material lifts to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate load, and manual materials handling. This intervention will improve the ductwork installation process.
Ramcrete Inc	\$40,000.00	Safety Intervention	BWC awarded \$40,000.00 to purchase one concrete placement system with two motorized remote controlled units to reduce the risk of injury to the fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, and contact stress.
Randolph Township	\$36,172.50	Safety Intervention	BWC awarded \$36,172.50 to purchase two rescue spreader packages, one extrication cutter, one ergonomic ram, one combitool, and one strong arm kit with batteries, charger, and tips to reduce the risk of injury to fingers, hands, wrist, arms, shoulder, neck, back, and legs related to hand force, awkward postures, contact stress, push/pull moderate to heavy load, and manual materials handling. The intervention will improve the patient rescue and extrication process.
Ravenna Township	\$35,097.59	Safety Intervention	BWC awarded \$35,097.59 to purchase one power cot, one power load system, and one mass casualty floor mount to reduce the risk of injury to hands, wrist, elbows, arms, shoulder, neck, back, and legs related to hand force, awkward postures, push/pull moderate to heavy load, and manual materials handling. This intervention will be used to improve the patient lifting and transport process.
RBB Systems Inc	\$13,461.67	Safety Intervention	BWC awarded \$13,461.67 to purchase one ferrule press & applicator, one wire stripping machine, and one pneumatic crimp tool to reduce the risk of injury to hands, wrists, shoulders, arms, neck, back, and legs related to repetition, hand force, and awkward postures. This will improve the process of adding ferrules to wires.
RBS Manufacturing, Inc.	\$18,936.75	Safety Intervention	BWC awarded \$18,936.75 to purchase three portable exhaust removal units, and three arc sensor and timer modules to reduce the risk of injury to respiratory system related to exposure to diesel exhaust fumes. This intervention will be used to improve the welding process.
