As a result of the equipment, The use of a mechanical lifting device would allow one staff member to safely and easily perform these transfers. Cutting films, labels, and secure document shredding: The use of a shredder that can handle labels with sticky material, thicker film and other difficult materials would eliminate the need to cut these materials by hand. Handling boxes of parts: Bed risers placed under the legs of the table can raise the work level to a comfortable height. Handling barrels/ drums of paper: The use of a can lifter to raise and tilt the can would eliminate the risk to the staff for this task. Greenhouse material handling: The use of a powered cart or pallet mover to take materials from the storage area or parking up the hill to the green house would eliminate the need to carry the bags.
Vermilion Township of Ashland County	\$9,504.00	Firefighter Exposure to Environmental Elements Grant	7/30/2019	BWC awarded \$9,504 to purchase 44 Hoods and 44 Gloves.
ViaQuest Healthcare Central	\$20,000.00	Employers Working With Persons with Development Disabilities Grant	11/20/2019	BWC awarded \$20,000.00 to purchase (3) floor-based lifts and (2) ceiling lifts

Village of Continental	\$4,578.55	Firefighter Exposure to Environmental Elements Grant	10/15/2019	BWC awarded \$4,578.55 to purchase 29 hoods and 14 gloves
Village of Continental	\$3,393.75	Safety Intervention Grant	5/13/2020	BWC awarded \$3,393.75 to purchase a valve boss, telescopic valve wrench, and a short drive adaptor. As a result, this equipment we will significantly reduce the risks of shoulder, wrist, and upper/middle back injuries. This is because all of the twisting it takes to rotate a valve more than 30 rotations will be eliminated. An employee will lower the unit into position and hold on to the handlebars and operate the valve boss. There will be some vibration from the machine, but the elimination of manually twisting a t-bar will greatly reduce the risk of injury.

Village of Lowellville	\$5,576.00	Firefighter Exposure to Environmental Elements Grant	9/11/2019	BWC awarded \$5,576.00 to purchase 34 Hoods and 34 Gloves.
Village of Lowellville	\$6,007.50	Safety Intervention Grant	9/30/2019	BWC awarded \$6,007.50 to help with the purchase of a stairlift and a chest compression system. The stairlift will reduce back pulls and strains associated with moving patients up and down stairs. The chest compression system will reduce the physical upper body stresses associated with CPR as they transport patients to the hospital.
Village of McConnelsville	\$37,155.00	Safety Intervention Grant	2/7/2020	BWC awarded \$37,155.00 to purchase a Spin Doctor. As a result of the equipment, The valve exerciser allows the machine to turn the valve to the required hydraulic setting, therefore eliminating repetitive, forceful exertions and awkward postures to the upper extremity from using the valve tool. The vac component is part of the exerciser unit on the trailer and it will allow employees to vacuum dirt and debris from the street and catch basins without use of a shovel eliminating repetitive, forceful exertion and awkward postures to the upper extremity and lower back.
Village of Minster	\$12,846.25	Firefighter Exposure to Environmental Elements Grantm	10/7/2019	BWC awarded \$12,846.25 to purchase one extractor, 68 hoods and 68 gloves
Village of New Lexington	\$32,423.25	Safety Intervention Grant	4/6/20	BWC awarded \$32,423.25 to purchase a Cutter, Spreader, Ram, Combi (Extrication Tools). As a result, the equipment new tools are lighter weight therefore reducing the force required to carry and use the tool. This will also reduce fatigue and stress on the body. The tool is more powerful therefore reducing the length of exposure to hand intensive repetitive motion. It will reduce noise due to the elimination of the power unit. It also eliminates struck-by, chemical exposure, and slip, trip, and falls from the hoses.
Village of Pemberville	\$4,306.58	Trench Safety Grant	5/13/2020	The Trench Safety Grant Program provides Shoring and Shielding equipment to assist employers in reducing or eliminating injuries associated with trenching operations.

Warren Township of Trumbull County	\$39,447.52	Safety Intervention Grant	3/11/2020	BWC awarded \$39,447.52 to help with the purchase of a RollNRack power roller with 5 inch coupling jaws, GO-pack unit, Set of coupling jaws– 2.5/3 inch, Extra battery pack & charger, power load cot and Installation. As a result, the equipment with the new power load cot and the power stair chair, we feel like this will reduce that chance of having back injuries and other injuries associated with lifting patients. With the ease of the system, using pull buttons instead of pulling on levers, it will make the operation of the cot and the system similar to use. The power hose roller we believe will reduce the risk of crew members being injured by lifting the heavy hose to drain, roll and load the hose onto the truck. The hose roller will also make it easier to move the hose from one location to another because the roller will be wheeled to the next location. This eliminates the crew members from having to carry the hose that same distance.
Warren Township of Trumbull County	\$9,217.41	Firefighter Exposure to Environmental Elements Grant	5/13/2020	BWC awarded \$9,217.41 to purchase one extractor.
Washington County Joint Vocational School District	\$9,702.95	School Safety and Security Grant	5/22/2020	BWC awarded \$9,702.95 for the purchase of one (1) floor cleaning machine
Washington Courthouse City Schools	\$37,485.00	School Safety and Security Grant	2/12/2020	BWC awarded \$37,485.00 for the purchase and installation of window security film and key-card access control
Washington Fire Department Inc	\$13,885.05	Safety Intervention Grant	9/4/2019	BWC awarded \$13,885.05 to help with the purchase of a chest compression system and a power stair chair. The chest compression device will reduce injuries and fatigue resulting from the repetitive motions needed when first responders perform CPR.

Washington Township	\$37,175.36	Safety Intervention Grant	12/5/2019	BWC awarded \$37,175.36 to help with the purchase of Power Hawk Auto-Crib 200 Set, Power Hawk Auto-Crib 217, Zico Quic-Release O2 Cylinder Lift, Lucas 3 Chest Compression System w/ accessories, Holmatro Combi Tool & Accessories. The auto-crib 200 & 217 will be used underneath wrecked vehicles or large objects/machinery to automatically stabilize these objects as they are raised to rescue victims. The Zico Cylinder lift be used to remove large oxygen cylinders to and from ambulances. As a result, the lift will reduce manual lifting by personnel putting them at risk for back and shoulder strains, and wrist and hand injuries from lifting the cylinders.. The Chest compression system and accessories will be used for CPR compressions to patients suffering cardiac arrest/heart attack. As a result, high quality and continuous chest compressions will provide better outcomes for patients, and will reduce the risk of injury to personnel's backs, shoulders, and arms from repetitive motions performing CPR. The Holmatro CombiTool will be used to extricate victims of car and machinery accidents. Because it is battery powered, it reduces the weight of the equipment carried and eliminates the hydraulic hose which poses a trip hazard on scene.
Washington Township	\$31,973.88	Safety Intervention Grant	2/7/2020	BWC awarded \$31,973.88 to help purchase a Power Cot & Power Load System. As a result of the equipment, The Stryker Power Cot and Power Load System greatly reduces spinal loading and the loading of peripheral joints (e.g. shoulders and elbows), thus reducing the chance of injuries in these commonly damaged areas of the body. With an increase in call volume each year, and at times minimal staffing conditions due to multiple alarms at the same time, this intervention gives members a safe and reliable way of loading patients into our medic unit.
Washington Township	\$8,125.00	Firefighter Exposure to Environmental Elements Grant	7/19/2019	BWC awarded \$8,125 to purchase 50 Hoods and 50 Gloves.
Washington Township	\$38,564.25	Safety Intervention Grant	3/11/2020	BWC awarded \$38,564.25 to purchase a Battery Spreader, Battery Cutter, Battery Ram 21"-36", Ram Accessory Kit, (4)5ah Battery packs, Crash tool kit, E-Force Combi tool, Door tip accessory kit, and a Battery charger As a result of the equipment, by removing the additional heavy pieces of equipment and minimizing the potential for trip and fall injuries by eliminating the hoses, as well as the noise and dangerous gas emissions reductions there should be a significant hazard reduction.

Wayne Local Schools District	\$32,520.00	School Safety and Security Grant	5/7/2020	BWC awarded \$32,520.00 for the purchase and installation of window security film and modifications to building/entrance to restrict access
Wayne Trace Local School District	\$33,903.75	School Safety and Security Grant	4/9/20	BWC awarded \$33,903.75 for the purchase and installation of fifteen (15) security cameras with accessories and two (2) floor cleaning machines.
Waynesfield-Goshen Local School District	\$37,952.75	School Safety and Security Grant	10/30/2019	BWC awarded \$37,952.75 for the installation of ten (10) security cameras with accessories, an access control door system, and one (1) floor cleaning machine.
Weatherchem Corporation	\$1,050.00	Workplace Wellness Grant Program Year 3	12/5/2019	The Workplace Wellness Grant Program (Workplace Wellness Grant Program) assists employers with the creation and implementation of a workplace wellness program.
Webken Masonry LLC	\$37,140.33	Safety Intervention Grant	3/2/2020	BWC awarded \$37,140.33 to purchase a Mini Track Loader, EZ Grout Delivery System, IQ Masonry Saw. As a result of the equipment, The hazards of inhaling dust would be eliminated via a vacuum. Most saws of this type require water to keep dust down, but this saw is dry and eliminates dust without worrying about slurry. This elimination of dust would reduce the risk of respiratory issues. Since it is waterless, we would not have to figure out a way to deliver water to the unit, which is always difficult and the main reason you see construction folks not using water.
Welch Packaging Cleveland Inc.	\$40,000.00	Safety Intervention Grant	1/8/2020	BWC awarded \$40,000.00 to purchase a Bundle Breaker. As a result of the equipment, this intervention will eliminate all manual separation of corrugated material in our plant. Employees will change from manual separators to operators of the large line. This intervention will revolutionize our production line — 3000 pieces can be processed in about 10 minutes (which is our hourly output with our current methods).
Welsh Excavation Company Inc.	\$12,000.00	Trench Safety Grant	5/14/2020	The Trench Safety Grant Program provides Shoring and Shielding equipment to assist employers in reducing or eliminating injuries associated with trenching operations.

Wesley Ridge Inc	\$2,500.00	Workplace Wellness Grant Program Year 4	12/26/2019	The Workplace Wellness Grant Program (Workplace Wellness Grant Program) assists employers with the creation and implementation of a workplace wellness program.
WEST & BARKER, INC	\$18,649.96	Safety Intervention Grant	5/13/2020	BWC awarded \$18,649.96 to purchase a walker reach truck. As a result of this intervention, this equipment will do the work of stacking the reels instead of our employees manually doing this part, we think the risk of injury will be significantly reduced. The reels are stacked approximately ten feet high, which can be difficult for the employee because the reels weigh fifty pounds.
West Branch Local School District	\$37,552.02	School Safety and Security Grant	10/30/2019	BWC awarded \$37,552.02 for the installation of five (5) security doors, and twenty-seven (27) security cameras with accessories.
West Clermont Local School District	\$39,787.21	School Safety and Security Grant	10/28/2019	BWC awarded \$39,787.21 for the installation of eighteen (18) security cameras with accessories, nine (9) panic buttons, and a secured keycard access control system.
West Geauga Local School	\$34,209.00	School Safety and Security Grant	10/1/2019	BWC awarded \$34,209.00 for the installation of forty-three (43) security cameras with accessories.
Western Reserve Academy	\$40,000.00	School Safety and Security Grant	10/10/2019	BWC awarded \$40,000.00 for the installation of a secure keycard access control system at six (6) locations.
Western Reserve Joint Fire District	\$38,525.33	Safety Intervention Grant	3/11/2020	BWC awarded \$38,525.33 to purchase a power cot and power load system. As a result of the equipment, it is expected that it will reduce the risk of back injury because it will prevent the employee from the heavy lifting of a patient and current cot. The power cot and loading system will allow for ease of use to the employee with simple push button control which will reduce the risk of injury.
Western Reserve Local Schools Board of Education	\$34,454.43	School Safety and Security Grant	10/7/2019	BWC awarded \$34,454.43 for the installation of seventy-five (75) security cameras with accessories, an access control system with security doors, 8 mil. security window film, and one (1) floor scrubber.
Westerville City School District	\$3,885.60	Safety Intervention Grant	10/11/2019	BWC awarded \$3,885.60 to help with the purchase of 10 desk movers and 20 Table lift attachments. As a result of the equipment, the table mover will completely eliminate most of the lifting.
Westerville City School District	\$40,000.00	School Safety and Security Grant	10/28/2019	BWC awarded \$40,000.00 for the installation of fifty (50) security cameras with accessories at two (2) locations.
Westminster Rural Fire Department	\$14,949.00	Firefighter Exposure to Environmental Elements Grant	4/28/20	BWC awarded \$14,949.00 to purchase (45) Hoods, (40) Gloves, (1) Extractor

BWC Safety Grant Awards
(July 1, 2019 - June 30,2020)

Wetz Warehousing LLC	\$12,329.06	Safety Intervention Grant	2/5/2020	BWC awarded \$12,329.06 to purchase a Scissors lift. As a result of the equipment, With the scissor lift having guard rails at 43" it will greatly reduce the risk of an employee falling. The platform itself provides a work surface that allows for a secure footing. Unlike a ladder, the device has leveling sensors that immediately stop the unit should it find itself on an uneven surface, this to prevent the unit from flipping. The slide out Deck allows you to get closer to your work minimizing strain on your back and placing yourself close to the work.
Wheelersburg Local School District	\$17,788.89	Safety Intervention Grant	4/16/20	BWC awarded \$17,788.89 to purchase a Snorkel TM16E Mast Lift; Ballymore CL-6-42 Cantilever Ladder, Appliance Hand Truck- 4 wheel, Big Joe E30 Electric Power Pallet Jack, Tommy Gate. As a result of the equipment, Mast Lift – The mast lift will be driven to the work location eliminating the need to carry ladders. Needed tools will be loaded onto the platform and the lift will be raised to the work location. This eliminates the need to make multiple trips up and down a ladder to perform work. The platform with hand rails provides a safe area to perform the elevated work. The tommy gate attaches to the rear of the pickup truck. It raises and lowers loads through a hydraulic pump powered by an electric motor. The appliance hand truck is a dolly with a securing strap and load bearing kickstand with casters that allows large loads to be secured and moved in a safe manner. The electric power pallet jack electric motor that powers the lift mechanism and wheels greatly reducing the force needed to list, start, and stop the load.
Whirlaway Corporation	\$11,212.50	Safety Intervention Grant	2/12/2020	BWC awarded \$11,212.50 to purchase 10 Height Adjustable Ergo Carts. As a result of the equipment, this will eliminate all bending to the floor level to place parts on a skid and then retrieve parts from the skid. This is currently done 3000 times per day across 11 machines. We will also eliminate frequently walking up and down stairs to place parts on the skid.
Whitehall City School District	\$18,385.25	Employers Working With Persons with Development Disabilities Grant	3/23/2020	BWC awarded \$18,385.25 to purchase, (1) Re-certification, (140 hours) Non-Violent/De-escalation trauma informed care training and (95) Participant workbooks.

BWC Safety Grant Awards
(July 1, 2019 - June 30,2020)

Whitewater Township	\$40,000.00	Safety Intervention Grant	1/14/2020	BWC awarded \$40,000.00 to purchase a Power Load System and Cot. As a result of the equipment, The Power Pro XT and Power Load will reduce the risk of back injury because it will prevent EMT's from having to lift the cot out of the back of the ambulance. Once the patient is on the cot the EMT will not need to lift the cot and weight of the patient into the back of the ambulance. This will reduce the risk of injury to the EMT's back, shoulders, knee and body fatigue.
Wickliffe City School District	\$30,769.13	School Safety and Security Grant	2/5/2020	BWC awarded \$30,769.13 for the purchase of three (3) floor cleaning machines and twenty-eight (28) security cameras with accessories
Wickliffe City School District	\$10,803.75	School Safety and Security Grant	9/30/2019	BWC awarded \$10,803.75 for the purchase of twelve (12) two-way radios with accessories.
Wilker Eggs and Grain Farm LLC	\$40,000.00	Safety Intervention Grant	7/19/2019	BWC awarded \$40,000.00 to help with the cost of a pallet loader. This equipment will reduce the need for employees to manually stack eggs onto pallets for shipping. As a result, employees will see ergonomic improvements as they will not have to repetitively lift and bend to stack eggs for shipping.
Willard City School District	\$22,704.50	School Safety and Security Grant	9/30/2019	BWC awarded \$22,704.50 for the installation of twenty-two (22) security cameras with accessories, and access control system, and a panic alarm/panic button system.
Williams Concrete Construction Co., Inc.	\$36,342.27	Safety Intervention Grant	12/17/2019	BWC awarded \$36,342.27 to purchase a Riding and Walk Behind Power Trowel . As a result of the equipment, the elimination of exposure to repetitive tasks reduces the fatigue and possible injury on the job site. Also, there is less chance of coming into contact with the concrete. Concrete can cause chemical burns just like a strong acid because of its strong alkalinity.
Williams Concrete Inc.	\$40,000.00	Safety Intervention Grant	10/7/2019	BWC awarded \$40,000.00 to help with the purchase of a spray wash system. This system will eliminate the need for drivers to get out of their truck and climb on the various platforms to spray down the truck manually. This intervention will therefore reduce the potential for falls and other injuries associated with cleaning trucks after use.
Williamsburg Local School District	\$40,000.00	School Safety and Security Grant	4/9/20	BWC awarded \$40,000.00 for modifications of building/facility entrances to restrict access.
Williamsburg Township	\$40,000.00	Safety Intervention Grant	9/30/2019	BWC awarded \$40,000.00 to help with the purchase of two power cot and power load systems. These systems will help employees load and unload patients into the ambulance when making emergency runs.
