#431 Eye Safety Jeopardy! – Basic
8 to 9 a.m. – Thursday, March 29

Join us for this fun, interactive way to learn the basic elements of eye safety and eye safety wear, ANSI Z87 standards, and much more about vision preservation by playing our Eye Safety Jeopardy game! Audience members will team up to see who knows the most and win fabulous prizes! You'll leave this session knowing more about eye safety at home and the workplace, and how to keep your employees' eyes healthier than ever before. You will be able to identify eye hazards at home and in the workplace; explain how to choose the appropriate eye wear for different situations; and describe behaviors that preserve healthy vision.
