#931 Controlling Workers' Compensation Costs – Basic

9 a.m. to 4 p.m. – Tuesday, March 27

This full-day session provides an overview of how BWC determines workers' compensation rates and how claims costs impact those rates. The presenter will review various rating plan options and strategies employers can use to control costs in a claim, with emphasis on a leadership supported safety culture with employees focused on accident prevention. You will be able to distinguish various rating plan options; utilize strategies to control costs; and explain the safety culture wheel.
