Safety BLAH! Safety
BLAH! Safety BLAH!
BLAH! SAFETY BLAH!
BLAH! SAFETY BLAH!
Safety BLAH! SAFETY

What is the BIG DEAL?

Remember the Good Old Days?

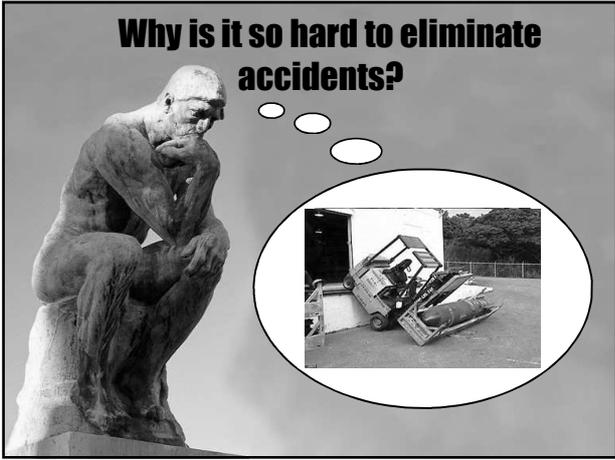

Why is safety such a BIG DEAL to your company?

- Accidents
- OSHA Fines
- Lawsuits
- NYS Workers' Compensation
- Insurance Costs
- Lost Customers

Safety Impacts The Bottom Line!

How/why do accidents occur?

- The Cause of Accidents:**
- Environment
 - Training
 - Procedures
- Behavior**

I know what I'm doing...

I do this all the time!

It's not going to happen to me!

Why should you work safely?

What's your motivation?

I want to know your motivation!

List four people you would never want to see get hurt.

1. **ME** _____
2. _____
3. _____
4. _____

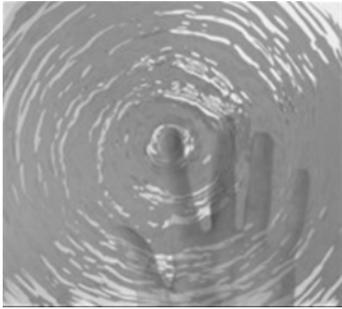

I've heard this all before!

How can we make this time different?

Can your ATTITUDE make a difference?

YOU BET IT CAN!

**It's more natural to be our
brother's keeper than to act safely.**

**Use your training and watch out
for others!**

Time for a demonstration.

We need a couple of volunteers...

THANK YOU!
