Public employers — The future is in your hands

The new year gives us all an opportunity to reflect on the past and make plans for the year ahead. The Ohio Bureau of Workers' Compensation (BWC) has informed you that costs are rising. So, it is important that you work proactively to **control workers' compensation expenses** and **improve workplace safety** in 2003 and beyond.

You can take the first step by attending one of BWC's **2003 Public Employer Summits**. Registration materials will arrive in the mail in the coming weeks.
