Sessions are listed below by time of day. Please mark the sessions you wish to attend, and return the completed form.

Note: Some sessions overlap times. Unless noted, sessions will run 60 minutes.

One-hour sessions 8 to 9 a.m.

- **Violence in the Workplace - ALICE Training - Part 1[^]**
Bob Thompson and Chris Moffitt, Training Specifics Inc.
A program designed to increase your chances of surviving an active shooter or violent intruder.
- **O.U.P.S. Call Before You Dig[^]**
Chuck Green, Ohio Utilities Protection Service
A vital resource for Ohio residents and businesses alike, the O.U.P.S. acts as a communication link between utility companies and individuals planning any digging activity.
- **Moving from Haz-Com to Global Harmonization[^]**
Rich Zapko, American Safety & Health Managements Consultants, Inc.
This session will explain what steps are necessary to move your company's Hazardous Communication Program to the upcoming Globally Harmonized System
- **NFPA 70E, OSHA & You – Implementation of the 2012 Edition[^]**
Michael Kovacic, ES Squared, Inc.
Learn about the updates since the 2012 edition was released in electrical safety related work practices.
- **Controlling the Controllables**
Mark Clendenin and Christine Williams, Ohio BWC
Learn how to control your workers' compensation costs. This session describes BWC services designed to help you reduce claims and your premium costs.
- **Fire Prevention for General Industry[^]**
Chief John Hickey, Champion Fire Department
This session will help businesses identify and fix fire hazards and plan for a fire emergency to make sure all employees escape safely.

9:15 to 10:15 a.m.

- **Violence in the Workplace - ALICE Training - Part 2[^]**
Bob Thompson and Chris Moffitt, Training Specifics Inc.
A program designed to increase your chances of surviving an active shooter or violent intruder.
- **Introduction to Excavation Safety and the OSHA Competent Person[^]**
Dennis Hobart, Baker Corp.
Learn about the inherent danger of excavations and introduce them to safe techniques, and the responsibilities of the OSHA required Competent Person.
- **Part 1: Transitional Work Grant and Bonus Program[^]**
Tina Elliott, Ohio BWC
Learn how the grant and program can help injured workers remain at or return to work. Develop a tailor-made program, and hear about incentives for quickly and safely bringing workers back in a modified capacity while allowing them to recover from injury.
- **Steps to Obtain an Air Pollution Permit**
Adrienne LaFavre, Ohio EPA
This session will describe the general procedures used to obtain Ohio EPA air pollution permits.
- **Inferred Technology and Ultrasonic Testing on Electrical Equipment[^]**
Joe Scassera, Enertech
This session will explain how predictive proactive analysis and maintenance of electrical distribution systems can minimize business interruptions. Inferred Technology and Ultrasonic Testing reduces energy usage costs, and potential electrical safety hazards.
- **Medical Claims Management**
Cheryl Altizer and Dianne Lindsay, CompOne
This session will help you align claims management to company objectives, management philosophy, and workplace needs.

10:30 to 11:30 a.m.

- **Methamphetamines in the Workplace[^]**
BCI Special Agent Dwight Aspacher, Ohio Bureau of Criminal Investigation
Learn the hazards associated with meth labs, the signs of meth use and the materials used to make methamphetamine.
- **Part 2: Transitional Work Plan Workshop[^]**
Tina Elliott, Ohio BWC
Learn how to return injured workers safely before 100% recovered, create a plan using BWC templates and forms. Bring a copy of your company plan to review eligibility for a bonus or ask questions.
- **How to Qualify for No Exposure under the Storm Water Program**
Adrienne LaFavre, Ohio EPA
This session reviews No Exposure Certification, how to complete the form, what the 11 qualifying questions mean, and benefits of No Exposure over a storm water permit.
- **Protecting Your Workforce: Delivering on a Promise[^]**
Abe Tarawneh, Ohio BWC
A retrospective of occupational safety and health and the future course we must take to reduce workplace injuries and illnesses.
- **The Safety of Natural Gas[^]**
Donald MacBride, Dominion East Ohio
Learn how natural gas and the delivery network of pipelines are integral to the economy and our 'standard of life' in Northeast Ohio and across the country. This session is designed to reduce the confusion between emergency responders during a natural gas emergency and when responding to odor complaints.
- **Distracted Driving a Personal Story[^]**
Tina Yanssens, Iron City Wood Products and Lt. Marvin Hill, Ohio State Patrol
Hear how after the death of her father, Tina Yanssens, her friends and relatives began rallying for a statewide ban on texting while driving. A representative of the Ohio State Highway patrol will also share his experiences with this issue.

Lunch – 11a.m. to 1p.m.

1 to 2 p.m.

- **OSHP- Community Shield/Truck Shield: What are you doing to Contribute to a Safer Ohio? [^]**
Lt. Marvin Hill, Ohio State Patrol
What are you doing to Contribute to a Safer Ohio? This training session is designed to train citizens on various indicators of impaired driving, criminal/drug-activity, terrorism, human trafficking and countering violent extremists.
- **Stupid Google Tricks and How to Find Safety Information Online [^]**
Sharon Roney, Ohio BWC
Tips and tricks of how to find free safety information on the internet. In this hands-on session you will learn to use search engines more efficiently.
- **General Fall Protection Requirements[^]**
Wayne McMahan, OSHA
This OSHA representative will discuss why falls are the leading cause of death among construction workers. They account for one-third of all construction fatalities and cause more than 68,000 serious injuries each year.
- **Distracted Driving & Employer Policies[^]**
Larry Kingston, National Safety Council, Northern Ohio Chapter Claims Triage
Learn the science and research of distracted driving and why your company should have a policy prohibiting texting and cell phone use to protect your bottom line.
- **Claims Triage**
Gayle Blangero, Ohio BWC
This session will discuss the new claims triage initiative that provides a systematic approach to assigning claims based on severity, indications of lost time, benefit applications and/or claim accident/illness type.
- **We never saw it coming.....Dust Explosion![^]**
Tom Kling, Corrosion Fluid Products, Co.
Learn how to identify and reduce hazards associated with combustible dust in the workplace. It will also review basic components of OSHA's combustible dust enforcements initiative and the results to date.

1 to 2 p.m. continued

- **Multigenerational Work Force and the Effect on Return to Work[^]**
Deb Faulkner, Ohio BWC and Janet Coulter, Work Star Health Services
Managing a multigenerational workforce presents a challenge especially when members of your workforce are injured and off work. This offering will provide an overview of the different generations and strategies which can facilitate RTW.

2:15 to 3:15 p.m.

- **K9 Demonstration & Apprehension[^]**
Mike Krafcik, Warren Police Department
Learn how police dogs are one of the most effective and diverse tools used in policing. Dogs have a keen sense of smell and hearing, making them a valuable partner to a police officer.
- **OSHA Update[^]**
Howie Eberts, OSHA
OSHA will provide an update on their current and future priorities and answer questions.
- **Workers' Compensation Considerations for Employers Engaged in Interstate Commerce**
Sherri Warner, Ohio Trucking Association
